GOVERNOR SIGNS BILL FOR JUDGE

CARNEGIE STEEL CO. HONORS VETERANS HERE

Over 200 Veterans In Local Plant Are Given Medals

Banquet At Cathedral Precedes Presentation Of Service Medals

TWO PRESENT WITH 50 YEARS' SERVICE

All Of Veterans Honored Have Served Over 25 Years—Work Is Lauded

For long and faithful service as employes of the Carnegie Steel Company, 220 men were awarded distinguished service medals at a banquet held in the Scottish Rite Cathedral last night. Every man awarded a medal had been with the company for 25 years or more. It was one of the most notable gatherings ever held in the city, marking as it did the appreciation of a great corporation for the men contributing to its success. Close relationship between management and men was in evidence in the good fellowship that prevailed.

Carnegie Men Own Homes

General Superintendent R. J. Tully presided as toastmaster, introducing the speakers in a happy vein. Several striking features were brought out in the addresses. One of the principal ones was that there is less labor turnover in the New Castle works than in any of the various plants of the corporation. By that is meant that the men employed here are not floaters, but stick. This was attributed to the fact that a large percentage of the men employed in the Carnegie Steel plant here own their own homes. There are more home owners employed at the local plant than can be found at any other plant in the United States.

Home of Good Men.

It was also shown that New Castle has turned out more good steel men, both in executive and mechanical departments, than has been made in any other plant of the corporation. Many of the men who received their early training in the local plant are employed elsewhere. Wherever they have gone they have shown the thorough training received in the New Castle works and have made good. Two of the men of the local plant have risen from the ranks to the superintendency, the late George A. Rigby and the present general superintendent, R. J. Tully.

Heads Safety First.

Here is another record of which New Castle, as a city, should feel proud. The Carnegie Steel company plant here heads the list in the "safety first" work. Some of the important features originated here have extended to all plants of the corporation. The local plant as well as all the others, maintains an emergency hospital, physicians and nurses. "Safety first" is adhered to all the time. During the past year there was not a fatal accident in the local plant of the Carnegie Steel company. Further, there was not a fatal accident in the great plants of the American Sheet & Tin Plate company here, all of which are under the United States Steel corporation head. Employes are given great credit for their carefulness in preventing accidents.

Beautiful Banquet Scene.

Banquet scene at the Scottish Rite cathedral east banquet room was an inspiring one. Veteran steel

The Home You Want Is Waiting For You

Where? We can't tell you just exactly, but you can find it quickly by turning to the Houses for Sale Ads in this newspaper.
You know what you want—the size, the location, the price you want to pay.

Our Houses For Sale Ads Find Many Homes

The New Castle News

As Others See Us

"New Castle is an unusually 'homey' town. It is a city of finer homes in proportion to the population than any city that I know anything about.

"New Castle is also a town where the workmen are residents and home owners. For this reason there is a smaller labor turnover in the New Castle plant than in any other plant of the Carnegie Steel Company.

"New Castle plant has the best no-accident record of any plant of the Carnegie Steel Company. There hasn't been a workman killed in the plant here for three years."

—From remarks of John A. Oartel of Pittsburgh, head of the safety department of the Carnegie Steel Company, at banquet here Wednesday night.

"The New Castle plant of the Carnegie Steel Company has been a leader and pioneer in many of the progressive moves in the company. New Castle was first to organize a relief association, was first to inaugurate the safety idea that resulted in the Carnegie safety calendar of today, and was the first to inaugurate the group insurance plan for employes."

—From remarks of A. R. Mathieson, director of welfare work of Carnegie Steel Company, Pittsburgh, at veterans' banquet.

Two Members Of Reed Committee Ready To Quit

Senatorial Slush Fund Committee Runs Into New Troubles

COURT ACTION IS NOW THREATENED

McNary And Goff Decide To Resign Posts; Republicans Lose Representation

(International News Service)

WASHINGTON, Mar. 10.—New troubles piled up today for the Reed Campaign Fund Committee in its search for political corruption in senatorial elections.

Threatened with court action to prevent the seizure of any additional ballots in the Pennsylvania election inquiry, the committee faced a partial disintegration by the resignation of two members. With but five senators constituting its membership, it was reported Senators Goff (R) of West Virginia, and McNary (R) of Oregon, would resign before the committee takes any further action.

The resignations of Goff and McNary would leave the regular Republican organization in the senate without representation on the committee as the remaining members would be Senators James A. Reed (D) of Missouri, chairman, King (D) of Utah, and "Young Bob" LaFollette, Republican-Insurgent, of Wisconsin. Administration leaders, it was said, will oppose the appointment of any successors to Goff and McNary, thus leaving the committee a "Democratic-Insurgent Bloc."

Face Court Action

The committee meanwhile faced certain court action if any attempt is made to seize additional ballots in Schuylkill, Delaware, Luzerne and Lackawanna counties in Pennsylvania. The seizures were requested by William B. Wilson,

Sixty-Seven Are Killed In Theatre Crash Near Moscow

(International News Service)

MOSCOW, Mar. 10.—Sixty-seven persons were dead today in the village of Karavaikovo, in the northern part of Dvina province, as the result of a fire which broke out in a theatre last night at a time when the house was crowded with spectators.

DEATH RECORD

Mrs. Margaret J. Bechtol, (55,) 115 East Falls street.

Miss Lillie Hoffmaster, Phoenix, Ariz.

Elsie Virginia Shuller, 19 months, 910 State street.

Definite Action Promised Soon On Election Reforms

Indications Point To State Legislature Action On Election Next Week

COMMITTEES HOLD IMPORTANT MEASURES

Governor Fisher Favors Harris Bill Advocating Election Machines

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., March 10.—Another week finds the legislature but little advanced on the main subjects which confront it. Today, as one week ago, the main problems remain elections and the gasoline tax.

Several score more bills have been forwarded to the governor for his signature but few of them are of state wide interest. A number of city and county employes back home have been taken care of, but the chief salary raiser—the judicial increase bill—is back in a senate committee to slumber perhaps indefinitely.

Favors Harris Bill.

Definite action is promised next week on the election bills now before committees in both houses. In the senate a special sub-committee has decided which measures it will recommend but they will not be known definitely until next week.

Governor John S. Fisher's expression of preference for the Harris voting machine bill over that of Senator Davis, Lackawanna, means that the politicians who have been backing the latter will be forced to go more slowly. The Harris bill is sure to get the backing of the rural communities where there has been little vote stealing.

Misunderstanding of a house bill

Squad Of 56 Men Continues Battle To Save Man's Life

Keep Up Artificial Respiration Work On Paralyzed Illinois Youth

Doctors Believe Crisis Is Near —Comrades Work For Over 90 Hours

(BULLETIN)
(International News Service)

EVANSTON, Ill., March 10.—A slight improvement was noted in the condition of Albert Frick, 22, the "living dead man", at 9:30 this morning.

"The palate is active and the pulse brisk", said Dr. Charles F. Reed. "It is a hopeful sign."

The 96th hour of Frick's paralysis, which automatically stopped his ability to breathe, found 56 fellow employes of the Public Service Company of Illinois still working in shifts of two keeping him alive by artificial respiration.

Frick was reported considerably stronger following a 30 minute sleep at 11 o'clock. He was able to take a litle nourishment and asked that his shoulders be lowered.

Crisis Is Near

EVANSTON, Ill., March 10.—The crisis in the strange case of Albert Frick, "the living dead man", propped up in a bed at St. Francis hospital here, is expected within the next 12 hours, Dr. H. H. Conley announced today.

Technically, from the standpoint of medical science, Frick "died last Sunday morning when he ceased to breathe after being stricken with motor paralysis. The stroke affected the diaphragm and chest walls, making respiration impossible.

But young Frick—he is only 22 years old—was reclaimed to life by the quick act of a physician, who induced artificial respiration by pressing the patient's sides, forcing air in and out of his lungs.

Kept Alive by Friends

Since that time the youth has been kept alive by 56 muscular young men, friends of young Frick, who work in teams of two men each and in shifts of 15 minutes. For more than 90 hours this "comrade brigade" has kept the spark of life

Two Youngsters Burn To Death Near Johnstown

Four Others Seriously Burned Taken To Hospital; Two Families Destitute

(International News Service)

JOHNSTOWN, Pa., March 10.—A 12-year-old boy and his sister, eight months old, were burned to death, four other persons are in the Memorial hospital here today and two families are destitute as the result of a fire that leveled the home of John Cekalla, 53, a miner at South Fork, near here.

Louis and Mildred Cekalla were burned to death in their beds. They were enveloped in flames before the household was awakened. The father and mother, Dorothy, 6, and Ruth, 4, were seriously burned and were taken to the hospital.

The adjoining residence of Mrs. Elsie Sadlowsky, a widow with a large family, was badly damaged.

Miners from a nearby mine fought the fire valiantly for more than three hours, but in the face of a brisk wind that fanned the flames, their efforts were to no avail.

The father was burned when he tried to rescue the two children who had been left behind in their flaming beds. Despite the warning of firefighters he ran into the burning building to try to save his children but was repelled by the intense heat.

Nighboring miners took the injured to the hospital where it was said all are expected to recover.

The highly nervous state of the injured persons made it impossible to question them to any extent regarding the cause of the fire.

Who's Our Champ?

In Pittsburgh, Mrs. Barbara Harvey of Carnot, is being given credit for being the champion quilter of the district. According to the record of her work she made three quilts with 4,000 pieces in them, and during her married life time she reports having made 215 quilts.

What's Lawrence county's record?

Nicaragua Treaty Talk Filling Air At Washington

Despite Opposition Of Kellogg, Plans For Negotiations Continue

100-YEAR PACT IS DEEMED INADEQUATE

Definitely Ascertained That American Marines Will Be Kept Within Country

By MAURITZ A. HALLGREN
International News Service Staff Correspondent

WASHINGTON, March 10.—Despite Secretary Kellogg's reported opposition to a United States-Nicaragua 100-year protectorate agreement, it was learned today that negotiations will be undertaken in the near future looking toward a treaty that will provide for American supervision of Nicaragua's fiscal affairs and for an American-officered constabulary to ensure peace in the Central American republic.

Kellogg's opposition is directed principally aganist the 100-year protectorate plan, the terms of which are considered entirely too drastic and which, it is feared, may be misinterpreted as meaning permanent occupancy of the country by the United States.

Likewise the contemplated agreement is not expected to be modeled after the Haitian treaty because American interests in the two countries are in nowise parallel and therefore require dissimilar treatment.

Seek Protection.

However, in the view of the state department there remains the necessity of obtaining definite and permanent guarantees of peace and good order in Nicaragua so that the Panama canal and the potential canal rights in southern Nicaragua may never be menaced and to afford protection to American lives and American investments. This can only be done, it is asserted, by the maintainence of American-controlled police force and of a staff

(Continued On Page Two)

Ballot Box Seizures Are To Be Delayed

(International News Service)

WASHINGTON, March 10.—Seizure of the ballot boxes containing primary votes in four Pennsylvania counties by the Reed committee of the Senate was indefinitely postponed today.

Refusal of Senator Keyes (R) of New Hampshire, chairman of the Senate committee on audit and control, to "OK" a voucher for the expense of obtaining the boxes acted as a barrier. Sergeant at Arms David Barry also tried to get funds from the Senate's emergency fund but Secretary Edwin A. Thayer refused them.

Nothing further will be attempted until Senator Reed (D) of Missouri, again calls the committee together, probably March 25.

BEAUTY PROVES PRINCE RIGHT

Miss "Bobby" Adams, of Ottawa, Can., is the winner of a personality contest against 100 competitors at the Canadian capital. In winning she bore out the contention of a prince, for on the last visit of the Prince of Wales to Canada, he remarked, following a dance, on her charming personality.

Mass Meeting At Cathedral At 8 O'clock

Program For Gathering At Cathedral This Evening Is Announced

The following program will be given tonight at 8 o'clock at the Scottish Rite cathedral as a preliminary to the opening of the intensive week of the completion financing campaign:

Community sing.

Music—Consistory choir and others.

Short talks—

'Service First"—John E. Elliott.

"The Directors' Viewpoint"—Dr. A. W. Urmson.

"The Completion Campaign"—H. B. Richards.

"Duty, Deeds, Ethics"—Fred L. Rentz.

"Success Factors"—William A. Hart.

Reading of "Creed Card"—Robert McKinney White.

"America" by the audience.

Mr. Hart, who will deliver the principal speech, arrived in the city last night from Chicago, where he is vice president of the General Organization company.

Every member of the consistory has been invited to attend this meeting and it is expected there will be a general response.

At 6 o'clock this evening the team organization for the intensive week will gather for a complimentary dinner, after which the workers will select their prospect cards. H. B. Richards will be in charge of this portion of the program, which will be concluded in ample time for the workers to attend the 8 o'clock meeting.

TRUCK DRIVER GIVES OUT $100

(International News Service)

WASHINGTON, Pa., Mar. 10.—Stalled on a road near here when his supply of gasoline became exhausted, a Wheeling, W. Va., motorist whose name was not learned collected $100 from a mysterious truck driver, it was revealed here today.

The Wheeling man attempted to hail a passing truck driver, but was forced to leap from the path of the truck as the driver sped by. As the heavy machine lumbered into the darkness a tiny white envelope fluttered to the ground, and upon investigation was found a crisp new $100 bill.

Police believe the truck contained liquor, and the money was intended as a bribe.

Mrs. George Goesmer and daughters Martha and Margaret of Youngstown, O., spent Wednesday with Mrs. Martha Hogg of Wilmington avenue.

Ben S. Agnew To Head Elks

Elected Exalted Ruler At Annual Election On Wednesday Night

Annual election of officers to serve during the ensuing year was held by New Castle Lodge, No. 69, Benevolent Protective Order of Elks. The election resulted in the elevation of Benjamin S. Agnew to the post of Exalted Ruler for the coming year. Mr. Agnew, one of the best known young men of the city, has been active in the affairs of the lodge for some years and his elevation to the important post is in recognition of his efforts.

The meeting was well attended and the election was spirited and marked with contests in some of the offices. The other officers elected for the term of 1927-1928 are as follows: Esteemed Leading Knight, George W. Thomas. Esteemed Loyal Knight, Clark H. Buell; Esteemed Lecturing Knight, Ed. F. Ryan; tyler, W. J. McNeil; trustee, J. Edward McMillin.

After the election Sol S. Davis, fast becoming known in the world of mystery as "Soldo", performed his mysterious trunk trick with the assistance of his daughter Virginia.

His act was a revelation to those in attendance. It is that in which he permits himself to be handcuffed and one of his legs placed in leg irons and then locked and tied in the trunk provided for the occasion.

In two minutes he is out, free, and his little daughter is inside the trunk, handcuffed as he was when placed inside. In this trick, which has previously been heralded throughout the country, Mr. Davis has improved upon and does even more impossible things than the originator.

FIRE THREATENS CLAYSVILLE, PA.

(International News Service)

WASHINGTON, Pa., Mar. 10.—Fire which for a time threatened the entire business district of Claysville, near here early today destroyed the J. Russell Burig garage, and five automobiles with a loss estimated at $4,500.

Volunteer firemen succeeded in confining the blaze to the garage after a long fight. Origin of the fire is not known.

SHOOTING REPORTED

Mr. Nelson of 818 Neshannock boulevard reported last night that some person had shot through a window of his home. Officers Samuels and Dukes were detailed but were unable to locate any person that might have fired the shot.

Mrs. D. R. Bollard of King avenue entertained at a lunch in honor of her sister, Mrs. G. S. Briggs of Ridgewood, N. J. Mrs. E. T. Layng of Butler was an out of town guest.

Second Judge For This County Now Authorized

Governor Will Appoint Judge To Serve Rest Of This Year

BILL BECOMES LAW DURING MORNING

Signature Is Affixed To Measure About 11 O'clock By Governor

(From News Bureau)
(State Capital)

HARRISBURG, Pa., Mar. 10.—At 11 o'clock today Governor John S. Fisher affixed his signature to Senate bill 154, which provides an additional law judge for Lawrence county.

Theh appointment will be made speedily, according to the governor, the probabilities being that the appointee will be named within the next four weeks, to serve the interim between now and the first Monday in January, 1928.

With the signing of the bill today, the movement on foot in Lawrence County for the past several years, for an additional law judge reaches a successful conclusion, and in the future, the county will not have to call in judges from other counties to assist in the trying of cases and the prosecution of the various duties attendant to the office.

Fast Legislative Work

The signing of the bill also closes one of the fastest pieces of legislative work done during the present session. On Monday night, January 31, State Senator George T. Weingartner presented the bill to the Senate, the bill being numbered 154. It was committed to the Senate Judiciary General Committee and was reported out and placed on first reading on February 1st. On February 7 it got its second reading and on February 8 got third reading and final passage in the

(Continued On Page Two)

Sir Henry Thornton Here For Short Time

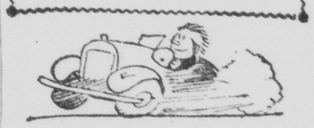
Special Car Goes Through Enroute To Pittsburgh This Morning

Sir Henry W. Thornton, president of the Canadian National railway, passed through the city this morning in his private car on his way to Pittsburgh where he is to preside as toastmaster at the annual banquet of the Traffic club this evening.

Sir Thornton who was formerly superintendent of the E. and A. division of the Pennsylvania railroad and a resident of New Castle has held the principal position of the Canadian company for some years.

Train No. 424 of the Pennsylvania railroad took his private car from Erie where he spoke at a Chamber of Commerce banquet last night to Pittsburgh. As the train waited for a few minutes at the New Castle West Side Pennsylvania station he had time to get off and greet several of his New Castle friends.

Arthur Mometer



It seems but a week or a month at the most, since the schools called youngsters to class, but its not long till the term will be done, my word how the minutes do pass. And soon we'll be hearing from lassie and lad, on the way to set right the world, and from black gowned youths with a mortarboard, the usual bolt with be hurled. They'll tell us they will what the trouble is, with China and old Japan, and just the thing that is needed most, to settle the fate of Man. They'll be most earnest, this much I know, in their college commencement way, but they'll soon forget when they buck the world, it's 56 today.

Gilfillan Will Head Campaign

Two-Day Drive For Members At Y. M. C. A. Is Arranged

OVER HUNDRED TO AID DRIVE

J. CLYDE GILFILLAN

At a meeting of the board of directors of the local Young Men's Christian Association the dates were set for the annual two-day drive for men and boys' memberships. The opening dinner will be held on April 5 and two report dinners will be held on the 6th and 7th. The goal this year for the team workers will be 500 men and boy members.

Members of the Y. M. C. A. board are very happy to announce that J. Clyde Gilfillan has accepted the general chairmanship of the big campaign organization composed of more than 100 men and boy workers. This group of team workers is now being organized to put the drive over in 48 hours.

Last year over 700 memberships were enrolled in the drive and General Chairman Gilfillan is anxious to hold up the standard of Y. M. C. A. drives of other years. With his splendid personality and leadership the members of the board of directors feel sure that the drive will go over with its usual success.

SECOND JUDGE FOR THIS COUNTY NOW AUTHORIZED

(Continued From Page One)

Senate, the vote being 48 affirmative and none negative.

From the Senate it went to the House of Representatives to the House Judiciary General Committee, and here a slight typographical error was amended. It was reported out favorably and on February 15 went to first reading. On February 16 it got second reading and February 22, third reading and final passage, the vote being 176 affirmative and one negative. On February 23rd, the Senate concurred in the House amendment, and it was then ready for gubernatorial action.

Referred to Attorney General

Governor Fisher referred the bill to Attorney General Baldridge for consideration and in order to impress upon Governor Fisher the necessity for a new judge, a delegation of Lawrence County business and professional men went to Harrisburg on March 1. The Attorney General approved the bill and today it reached its final step, the signature, making it an absolute certainty that Lawrence County will have two judges on the bench.

Who will be appointed, and when the appointment will be made are as yet unknown quantities. On thing seems fairly certain, the appointment will be made soon. Commenting upon it in his private office on Wednesday afternoon Governor Fisher said, "while I do not know who will be named, I want to make the appointment speedily."

SQUAD OF 56 MEN CONTINUES BATTLE TO SAVE MAN'S LIFE

(Continued From Page One)

burning in the paralyzed form of their buddy.

Four famous specialists and a group of trained nurses, representing all the skill of medical science, stand by, baffled and helpless, while this untiring crew of unskilled men, inspired by the desire to save a human life, go about their task with mechanical precision.

Keep Man Alive

There is a man on either side of the bed. The patient is propped up at an angle of 45 degrees. In perfect rythm the men press the patient's sides, bollows fashion, forcing the life-giving air in and out of the lungs. They work for 15 minutes and then two other men take their place. Not a single beat is missed. Should they cease for a minute the patient would die.

The physicians direct their labors and check on the patient's condition. There is little else they can do. Frick's life depends on the brawn of his 56 friends, rather than the skill and intelligence of the specialists.

The physicians are hoping that the paralysis will in time disappear and that normal functioning of the respiratory organs may be resumed. Indications last night were that this was coming about. Frick has been so paralyzed that he could not swallow nor talk. Shortly before midnight he was able to swallow a little liquid nourishment and whisper a few words of thanks to the loyal friends who are fighting to bring him back to health.

But this morning his condition was not so favorable. He seemed to be growing weaker. Oxygen tanks were employed to aid the work of respiration. His temperature this morning was 101 1-2 and his pulse 126. The patient complained of severe pains in his legs.

Frick was stricken after two teeth had been extracted. It is believed an infection caused the paralysis. Physicians believe that if Frick can be kept alive until this infection runs its course he will survive. Dr. R. C. Brown, one of the specialists in attendance, said the infection should run its course in five days. That should bring Frick's case to a crisis sometime today.

NICARAGUA TREATY TALK FILLING AIR AT WASHINGTON

(Continued From Page One)

of American advisers attached to the Nicaraguan government.

The Diaz plan has been on the way for more than a fortnight, and is expected to reach here by tonight or tomorrow.

In any event, it has been definitely ascertained that the marines now in Nicaragua will not be completely withdrawn until acceptable guarantees of protection to American interests are forthcoming either by formal agreement or otherwise.

The department today had no reports of any conflicts between the marines and the Liberal revolutionists. Press dispatches that marines had been fired on were said to refer to the incident of a week ago when snipers fired on a detachment of marines guarding a railroad train.

Group B, County School Champs

PLAIN GROVE HIGH SCHOOL LITERARY TEAM

Plaingrove consolidated school has the honor of having the winning team in the Lawrence county inter-high school literary contests. They not only scored more points than any team of the B group, but also outpointed any team in the A group of high schools. The Grovers won nine out of a possible ten points.

The above picture is composed of the Plaingrove contestants and their coach. Left to right: Seated, Agnes Brenneman, debater; Helen Patterson, declaimer; Edna Sankey, debater (alternative); Raymond D. Walter, coach of the team and principal of the school; Louis Guarnieri, orator. Standing, Margaret Montgomery, debater; Joyce Moors, essayist.

Muse To Head C. M. T. Efforts In This County

Every year Uncle Sam gives the youth of this country the opportunity to spend a glorious month's vacation with pay, and expenses paid.

This year he is offering the same vacation to the young men of Lawrence county in the form of a month's course in the Citizen's Military Training camp at Fort Washington, near Washington, D. C.

No fixed quota has been set this year which means that as many as care to go can do so. Attorney George W. Muse has been selected as the C. M. T. C. chairman for Lawrence county and applications can be secured from him or from Captain Melville A. Craig.

The camp starts this year on July 7 and runs until August 5. It is an opportunity to see the eastern part of the country, visit the National capitol, secure some instruction in military life, and get paid for it.

DEFINITE ACTION PROMISED SOON ON ELECTION REFORM

(Continued From Page One)

number reported out of committee resulted yesterday in the belief that the administration gas tax measure would be up Monday night. A later check revealed that it still rests in committee. Whether it will go through with the three-cent feature is one of the many doubtful questions yet to be determined.

Additional administration legislation was introduced during the week but with the exception of the revision of the workmen's compensation schedule little interest resulted. The latter measure so far has the apparent support of all factions and dou[illegible]ss will get a clear track next week.

The Salus bill regulating sale and possession of firearms and the Woodward measure abolishing special funds in the treasury are two measures now being advanced in the senate about which a fight is sure to center.

Adopt New Policy.

Efforts to register revolvers owned by the ordinary private citizens always has met with stiff resistance in the past.

Dozens of special interests line up readily against any effort to merge special funds into the general account of the commonwealth. It is a biennial fight and whether it will prove more than a gesture at this time is doubtful.

The introduction of the manufacturers' tax measure in the house by D. Glenn Moore, active in the legislative league, means that a stiff effort will be made to enact the oft defeated move. So far Joseph R. Grundy, the Bristol manufacturer, always has been able to keep such a tax off the books. It has less chance at present than in most sessions, but it may prove an important trading post for those who feel they are still on the outside looking in.

The house has already reached the stage in the session where bills are prepared by a chorus of "ayes" after the first few names are called. The senate is slower to adopt that method but growing calendars may bring it next week.

A lot of "ayes" and "noes", mostly the former, must be recorded in the next five weeks.

Town Talk

Tourists while abroad rave of the Italian sunsets and of the gorgeous coloring of the sky, would certainly say if they had seen the sunset here Wednesday evening that it rivalled any that they had ever seen in the land noted for its bright skies,

The setting sun about 6 o'clock last evening touched the entire western sky with a beautiful vivid rose pink. A few fleecy clouds just above it were changed from white to gold and later to pink. With a blue sky above the picture was magnificent.

The beautiful colors lasted only a few minutes but those who had the privilege of seeing it will remember it for some time to come.

It is rather unusual for a sunset of this kind to be seen in the spring of the year as most of the beautiful sunsets are seen in the month of October.

Workmen have reached the fourth story construction work on The Castleton, New Castle's new hotel. The hotel is rapidly rising, good progress being made. The exterior brick work construction will be started shortly. The superstructure of concrete and steel is now being erected.

We met a bank clerk enroute to his office this morning. He was coming down "the back way", that is, he was not travelling Highland avenue. "I want to walk down to work for exercise in the morning and when I come down Highland avenue I get so many invitations to ride that I finally succumb. Hence, I started a new plan of coming downtown via streets other than Highland ,and I am getting the exercise."

New Castle today is enjoying a real spring day. Temperature between 50 and 60, bright sunshine, etc. Some of the optimists are even ready to hazard a guess that we will have an early spring.

Last Sunday night, Chief Charles H. Lynn and the men on duty at the Central fire station listened in on Station WJAY of Cleveland, O., and heard the sermon of Rev. Dr. John Snape, pastor of the Euclid Avenue Baptist church of that city. They enjoyed the sermon of the former local minister to such an extent that the chief wrote Dr. Snape to that effect. This morning, Chief Lynn received a reply, in which Dr. Snape expressed his appreciation of the fact that the fire boys here had listened in on his address and his regard for them personally. Dr. Snape will again be heard over WJAY next Sunday evening, when he will speak on the subject of "Beauty and Beast." It is anticipated that quite a number of the radio fans of the city will listen in on him this time.

Goats are taboo in this city, especially when allowed to roam at large and destroy the property and peace of mind of others than the owners.

For some time past, there has been complaints about goats allowed to roam about the Seventh ward and Officer McConahy has been endeavoring to pursuade the owners to keep them tied up. Being unsuccessful in this effort, on Wednesday, when another complaint was made, he ordered Mike Conti, owner of the offending animals into the police station.

On his arrival there, Mike was fined $5 and advised that it would be still more expensive on the occasion of a second visit. He promised to keep the goats tied up.

Fisher Approves Several Bills

Approves Resolution Asking More Detailed Report On Revenues

APPROVES CORN BORER APPROPRIATION BILL

By ROBERT F. GORMAN.
International News Service Staff Correspondent

HARRISBURG, Pa., March 10.—Six bills passed by the legislature received the approval of Governor John S. Fisher today. He also approved the senate resolution calling on the oficial officers to furnish the legislature with more detailed information on the possible revenues of the state during the next biennium.

Included in the approvals was that of the Haines bill which will permit Pennsylvania to share in a $10,000,000 federal appropriation to fight the European corn borer. By approval of the bill the state will receive approximately one million dollars and will fight the borer in co-operation with and under the direction of federal experts. In addition to Pennsylvania, New Yok, Ohio, Indiana and Michigan will join the fight against the pest.

In a statement accompanying the approval C. H. Hadley, director of the state bureau of plant industry asserted the corn borer "is beyond question the most dangerous pest of American agriculture."

Other bills approved included Senator Weingartner, Lawrence, creating an additional law judge in the 53rd judicial district.

Senator Schantz, Lehigh, authorizing counties singly or jointly to erect and maintain buildings for the care of delinquent women.

Representative Peelor, Indiana, permitting the incorporation in Pennsylvania of the Benjamin Franklin Highway association.

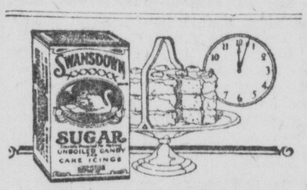
Representative Hess, Lancaster, making a change in highway route 512 in that county.

Senator Gelder, Susquehanna enabling citizens and corporations to hold and convey title to real estate which was held formerly by corporations not authorized to hold it.

Crawford Will Elect New Judge

MEADVILLE, Pa., Mar. 10.—With 13 offices to be filled next November the primary in September gives indication of being a very lively one in Crawford county. Several candidates have announced themselves and new names are being mentioned every day.

It is understood that Judge Thomas J. Prather will be a candidate to succeed himself on the Democratic ticket and Albert L. Thomas may also try for the nomination on the same ticket. Rumor has it that three Republicans, O. Clare Kent, B. B. Pickett and Wesley B. Best, are also willing to be chosen judge of the county.



SWANSDOWN Icings in Three Minutes

JUST add milk to SWANSDOWN Powdered Sugar—flavoring if desired—and your delicious, creamy icing is ready for spreading. No trouble—and the result is always superior to cooked icings. Won't harden or crack. Makes perfect bonbons too—proven recipes on the package. Your grocer has it.

Deaths Of The Day

Mrs. Margaret J. Bechtol.

Mrs. Margaret J. Nicholson Bechtol, aged 55 years, widow of John N. Bechtol, died Thursday morning, March 10, at 2 o'clock at her home, 115 East Falls street.

Mrs. Bechtol's death was the result of a cerebral hemorrhage which she suffered a few weeks ago.

She was born in Steubenville, O., February 6, 1872, a daughter of George W. and Lucinda Campf Nicholson. She had been a resident of New Castle for 33 years and was a member of Trinity Episcopal church.

The following children survive: John B., Nancy E., George A., William W., Margaret S. and James N. Bechtol, all of this city. She also leaves one brother, William G. Nicholson of New Castle, and four grandchildren. Her husband preceded her in death in June, 1925.

Funeral services will take place Saturday, March 12, at 2:30 from her late residence. The Rev. P. C. Pearson will officiate. Burial will be made in Greenwood cemetery.

Steubenville papers please copy.

Miss Lillie Hoffmaster.

Miss Lillie E. Hoffmaster, a former resident of Hillsville, died Wednesday, March 9, in the Deaconess hospital at Phoenix, Ariz., after an extended illness, a message to friends here states.

Miss Hoffmaster was the daughter of Solomon and Anna Koch Hoffmaster, deceased. She had many friends and relatives in this city. She went to Arizona about six years ago for the benefit of her health. She was a member of the Methodist Episcopal church of Phoenix.

The following brothers and sisters survive: Mrs. Celesta J. Stacy and W. H. Hoffmaster of Youngstown, O., A. M. Hoffmaster of Grove City, and Mrs. Lucy A. Patterson of this city.

The body will be brought to the home of Mrs. Celesta Stacy of 39 East Evergreen avenue, Youngstown, O. Announcement of funeral will be made later.

Elsie Virginia Shuller.

Elsie Virginia Shuller, aged 19 months, daughter of Mr. and Mrs. Martin Shuller, died this morning at 2:30 at the family home, 910 State street after a brief illness of pneumonia.

Besides her parents she leaves two sisters, Rose and Hilda Sarah.

Funeral services will take place Saturday, March 12 at 2:30 from the home. Interment in Greenwood cemetery.

Mrs. Frye Buried.

Funeral services for Mrs. Phoebe Frye, widow of Francis Frye took place Wednesday afternoon at 2:30 from the home of her son, Clarence Frye, 1050 Adams street. Rev. M. J. Scripture of the Hoover Heights tabernacle was in charge assisted by Rev. Jesse B. Porter of Central Christian church. The pallbearers were Fred and Wm. Rider, Charles and Harvey Booher Norman and James Hogue. Burial was made in Oak Park cemetery. The singers were Mrs. Edith Redman, Mrs. Margaret Davis, Mrs. Cassie Jones and Mrs. Lila Smith.

TWO MEMEBRS OF REED COMMITTEE READY TO QUIT

(Continued From Page One)

Democrat, in his contest to unseat Senator-elect William S. Vare, Republican. The Republican organization of Pennsylvania, it was said, will seek injunctions in the state courts to prevent the seizures. This test of the committee's powers may be carried into the courts within a few days as the committee already has ordered the Senate Sergeant-at-Arms to seize the desired ballots.

Still another obstacle appeared in the refusal of Senator Keyes (R) of New Hampshire, chairman of the senate committee on audit and control, to sign a voucher authorizing $1,000 to defray the expenses of the ballot box seizure. Sergeant-at-Arms Barry tried to get the money, but was turned down.

"I won't sign any vouchers until the authority of the committee to perpetuate itself is more definitely established," said Keyes.

Senator Reed claims the committee has authority to proceed without specific senate direction, but a number of Republican regulars do not agree with his contention.

Small children see things their elders can't visualize. Which accounts for fairy tales.

State Veterinarians Complete Test Work

H. R. McCullouch Believes County Qualifies As A Modified Accredited Area

State veterinarians, who have been conducting a 60 day retest of infected cow herds in Lawrence county, have just completed their work. Tests were applied to 78 herds in the county with a total of 33 reacting cows. Although no special notice has been received from Dr. T. E. Munce, state veterinarian, that Lawrence county has qualified as a modified accredited area, it is expected by H. R. McCullouch of the Lawrence County Farm Bureau that this area will pass.

To qualify, there must be less than one-half of one per cent of the cattle in the county react to the test. In this area the percentage is two-thirds of one per cent. Should Lawrence county qualify there will be no county wide tests for a period of three years.

Orders Issued By State Commission

(International News Service)

HARRISBURG, Pa., Mar. 10.—The Public Service Commission today ordered the abolishment of a series of grade crossings in Yeadon and Fernwood, Delaware county. The entire cost of the work is estimated at $285,713. The cost is apportioned as follows: Pennsylvania railroad, 60 per cent; Delaware County 25 per cent; Upper Darby Township, 10 per cent; Yeadon Borough, 5 per cent.

The Commission approved an application of the West Penn Power Company for the exercise of the right of eminent domain to build a transmission line over the property of the Westside Electric Street Railway Company in Washington County.

In another order the Commission directed Northampton County to pay $2900 to the Alpha Portland Cement Company for damage resulting from the elimination of a grade crossing in lower Mt. Bethel Township.

Hear Musicians At Legion Lunch

Music was the diversion at the Legion Lunch club today at noon in the Legion Home on North Jefferson street. Robert Taylor, Paul A. Welch, Arch Cubbison and Dr. C. C. Dickey were the artists of the day, the first three named presenting several trios, duets and solos. Dr. Dickey accompanied several numbers.

Rev. S. L. Maxwell pastor of the Epworth M. E. church will be the speaker at the meeting next week.

BRAHAM TO SPEAK

Walter Braham, a past commander of the Perry Gaston post of the American Legion, is to speak at the Beaver county committee banquet of the American Legion to be held at Rochester Tuesday, March 29.

ABRACADABRA

The old-time mountebanks, who traveled from town to town with their fake magic shows, had a word they used to use to mystify and amaze the peasants. They would look solemnly over the heads of the crowd, roll their eyes, and say, "Abracadabra!"

The peasants and townsfolk were duly impressed.

"He's a wise man, all right", they said, one to another. "Hear what he said? It's true, too, like as not."

And the sillier of the townspeople pretended to understand what the mountebank was saying, and shook their heads sagely over it, and intimated that they could tell a lot if only their comrades could understand about such deep things.

Well, that was a long time ago, wasn't it? And how the world has changed since then!

A few months ago a young literary man who had been observing the New York high-brow atmosphere rather closely, wrote a book. This is how he did it. He copied a part of the Declaration of Independence backwards, transposing every fourth word in a certain position a little out of the normal. He copied poems out of books, running the lines in, prose fashion, and placing the words in reverse order. He copied inscriptions off monuments, advertisements out of the papers, and dull stuff out of a museum bulletin. All this hodge-podge he threw together without rhyme or reason, and called it a novel. The title was "King John". It was published in a limited edition.

The silly high-brows and the make-believe wise men went into raptures over the "work of art". They printed long columns of profound criticism and praise, and said that here was something deep, that the common people couldn't understand.

Joseph Shipley, the author, laughed for a month, and then someone, happening to read part of the book backwards, discovered the hoax. The critics were paralyzed with shame.

Abracadabra is still a good word—if you pick your crowd.

We have just received our exclusive line of Florentine, Canopy and Painted Awning fabrics. They are most attractive.

LOCAL CLUB WOMEN TO ATTEND MEETING

A number of local club women will attend the southwestern district meeting of the State Federation of Pennsylvania Women which will take place Wednesday, March 16, in the William Penn hotel in Pittsburgh.

The following program will be carried out during the day: The morning session at 9:45 will open with the singing of "Pennsylvania". The invocation will be given by Mrs. James McKelvy. Three-minute reports will be given by Mrs. R. W. Johnston on international relations, by Miss Gertrude MacKinney on law enforcement, by Mrs. S. V. Barton on community service, by Mrs. John M. Phillips on the American home, Mrs. I. L. Gillespie on juniors, by Miss Laura Redick on legislation, by Mrs. Thomas R. Francis on citizenship, and by Mrs. Charles M. Bregg on publicity.

A violin solo by Miss Mary Redmond and a 30-minute club institute led by Miss Florence Diebert, second vice president of the general federation, will close the morning session.

At the afternoon session Mrs. John D. Sherman, president of the general federation, and Mrs. John B. Hamme, president of the state federation, will be the speakers.

Luncheon will be served at 12 o'clock and those planning to attend will notify Mrs. W. A. Pond, Winter avenue.

Sisterhood Card Party

Members of the Beth Sholam Sisterhood will have a card party in their room, 12 West Washington street, Thursday, March 31. The committee is diligently working to make this one of the most successful of the season.

The committee includes Mrs. Harry Rush, Mrs. Jack Frank, Mrs. H. Atkowitz, Mrs. A. Fisher, Mrs. H. Freed, Mrs. Ben Brown, Mrs. A. Goldman, Mrs. L. Herskovitz, Mrs. C. Levine, Mrs. M. Lytle, Mrs. H. Robins, Mrs. L. Sandler, Mrs. M. Samuels, Mrs. Eli Kaplan and Mrs. Harry Klivans.

MEN'S BIBLE CLASS TO HAVE BANQUET

Men's Bible class of the First Christian Bible school is sponsoring a banquet to be held Friday evening, March 18, in the church dining room. Plans are being made for 200. The banquet is for men and women or any one who wishes to attend.

P. H. Welshimer of Canton, O., will be the speaker of the evening.

A. U. R. Girls

The A. U. R. Girls of the Central Presbyterian church were entertained in the home of Miss Margaret Leslie, Martin street, Wednesday evening. The home topic was discussed by Mrs. John Street and the foreign topic by Miss Anna Patterson.

During the business session the following officers were elected for the ensuing year. President, Miss Sara Rice; vice president, Mrs. Frances Barnes; secretary, Miss Elizabeth Lowery; treasurer, Miss Fannie Love; and secretary of literature, Miss Margaret Leslie.

Delicious refreshments were served later by the hostesses, Miss Margaret Leslie, Miss Anna Patterson and Miss Alison Leslie.

The second Tuesday of April, Miss Sara Rice, Croton avenue will be hostess.

W. C. B. Class.

Mrs. Reck entertained members of the W. C. B. class of the Wesley M. E. church at the home of her daughter, Mrs. Ralph Selleck on Park avenue, Monday evening with 14 members present. The devotionals were in charge of Mrs. Gaylor.

During the business meeting plans were completed for the play "How the Story Grew", which will be presented March 24-25 in the church. A very interesting letter was read by Mrs. Leslie from Mrs. Hildred Mohr, former deaconess of this city now located at Salem, Ore.

A social hour was enjoyed with music and chat as pastimes. At a later hour refreshments were served by the hostess, assisted by her daughter, Mrs. Sellick. Special guests were Misses Mottinger, Rick, Showalter and Remley.

Bon Mon Club.

Miss Helen Carlisle, Oak street, received the Bon Mon club members in her home Wednesday evening. Fancywork and chat were pastimes. Later delicious refreshments were served by the hostess assisted by Miss Helen Gibson.

The next meeting in two weeks will be with Miss Kathryn Klee, East Washington street.

Wimodausis Luncheon.

Wimodausis members will have their luncheon Wednesday, March 16, in the Scottish Rite cathedral with Mrs. C. W. Weddell as chairman of the committee.

Those planning to attend kindly call Mrs. J. C. Leohner, 1608-J.

DR. C. C. GREEN SPEAKS TO JEWISH COUNCIL

Dr. C. C. Green, city superintendent of schools, addresses members of New Castle Section, National Council of Jewish Women, at their regular meeting in the Legion Home Wednesday afternoon. His subject, "American Ideals", was most interesting and taught that simple faith, simple family life, education and patriotism are the American ideals and help make true American citizens.

The meeting was under the direction of the civic and legislative departments, with Mrs. R. Rubenson as chairman.

Following a short business session refreshments were served by the committee, composed of Mrs. J. Marlin, Mrs. M. A. Markley, Mrs. A. Marlin, Mrs. L. Muhlrad, Mrs. M. Moresky and Mrs. L. Miller.

Attend Funeral

The following friends and relatives called here by the death of the late Mrs. Catherine T. Kennelly of North Ray street, have returned home:

Rev. J. F. Enright, Pittsburgh, Pa.; Rev. E. J. Morairty, Sugar Creek, Pa.; M. J. Kennelly, Columbus, O.; T. E. Kennelly, New Kensington, Pa.; Mr. and Mrs. J. J. Lane, Mr. and Mrs. D. F. Lane and daughter Geraldine, of Bellevue, Pa.; Miss Anna Enright, Mrs. J. J. Ohm, Mrs. J. E. McNally, Crafton, Pa.; Mr. and Mrs. Thomas Neville, Mr. and Mrs. D. F. Neville, Mr. and Mrs. Albert Lane, Miss Annie Neville, Mrs. Ella Gallagher, Miss Mercedes Schreibeis of Pittsburgh, Pa.; Joseph P. Enright of Dormont, Pa.; Mr. and Mrs. George Stinard and family, Mr. and Mrs. Thomas Gavin and daughter, of Youngstown, O.; Miss Rose Ella Braun of Coraopolis, Pa.; John E. Fitzgerald of Erie, Pa.

Friday's Clubs.

P. E. O. Sisterhood, Miss Jean Rummell, Court street.

Von Dette kensington, Mrs. John Wettich, Crawford avenue.

Friendly Girls Club, Mrs. Abram Shaffer, Delaware avenue.

D. W. T. Club Mrs. Clyde Myers Finch street.

F. G. C. club, Miss Gladys Lewis, S. Jefferson street.

F. M. N. club, Mrs. R. N. Zeigler, West Moody avenue.

S. A. W. club, Mr. and Mrs. Edward King, McClelland avenue.

Modern Sewing Circle.

Members of the Modern Sewing Circle were delightfully entertained Wednesday evening in the home of Miss Phil Naples, S. Mill street. Sewing and chat were the diversions. Special guests were Misses May and Jane Plink of Grove City, Amelia Sarbo and Josephine Conti.

Refreshments were served by the hostess, assisted by Miss Amelia Sarbo.

In two weeks Miss Rose Gentil, Pearson street, will be hostess.

Y. O. A. Girls.

Y. O. A. Girls were delightfully entertained in the home of Mrs. Edwin Williams, Edgewood avenue, Wednesday evening. The hours were spent socially with fancywork and chat. Dainty refreshments were served by the hostess, assisted by her sister, Mrs. William Sturdy.

The members will be guests of Mrs. Frank Johnston, Richelieu avenue, in two weeks.

N. C. Hospital Emergency Club

Fifteen members of the New Castle Hospital Emergency Club met in the New Castle hospital Wednesday afternoon, with Mrs. Frank Miller and Mrs. Anna Dagnon as hostesses. The afternoon was spent with sewing on linens for the hospital and the prizes were won by Mrs. Edward Vandergrift Sr. and Mrs. Anna Dagnon.

The meetings have been postponed until May 11.

Quanequa Club

Mrs. J. C. Pherson was a special guest Wednesday evening when Mrs. Lewis Lewis, Wildwood avenue, entertained members of the Quanequa Club. The hours were pleasantly spent with music and chat. Mrs. Howard Platt Meehan and Mrs. J. C. Pherson assisted the hostess in serving dainty refreshments.

Mrs. Emrys Davis, South Mill street, will be hostess in two weeks.

E. N. C. Club

Members of the E. N. C. Club were guests at dinner in the home of Mrs. Lee Smith, East New Castle, Tuesday. Color tones of green and white were tastefully carried out in the appointments.

After-dinner hours were spent with sewing and chat. Mrs. Henry Badger was the only special guest.

Tuesday, April 5, Mrs. Thomas Shaffer, North Walnut street, will entertain.

Lucky 13 Club

Miss May Richards, Moravia street, was hostess to the Lucky 13 Club associates in her home Wednesday evening. Bridge was the chief diversion of the evening and special guests were Mrs. Hoyland and Miss Marian McMillin.

Dainty refreshments were served by the hostess, assisted by Miss Martha Lloyd.

Announcement of the next meeting will be made later.

Entre Nous Club.

Mrs. M. E. Francis received members of the Entre Nous club in her home on Johns street Wednesday evening. Various social pastimes of games and music were enjoyed.

Green and white tones were used in decoration and carried out in the dainty refreshments served by the hostess.

The members will have a theatre party in place of the regular meeting in two weeks.

BALZAC DESCENDANT IN FILMS

Jeanne de Balzac, descendant of Honore de Balzac, famous French novelist, is a beauty of international reputation and a star in the French movies. She is shown here attired for the lead role in Flaubert's "Salambo."

In Religious and Fraternal Circles

Special Services.

Rev. S. M. McGarvy of Huntington, Pa., will preach each evening next week, beginning on Sunday, March 13 in the Christian and Missionary Alliance Gospel Tabernacle on Pearson street. The meetings will continue over the following Sunday.

Rev. H. W. Lambert, pastor of the local church is in Girard, Pa., this week where he is assisting in special meetings at the Christian Alliance Mission of that place. Benjamin Lewis, a former member of the Christian Alliance church of this city is the pastor.

Preparatory Services

Beginning the week of March 20, special preparatory services will be conducted by the congregation of the Reformed Presbyterian church. Cottage prayer meetings will be held in various homes throughout the congregation. The week following there will be services in the church with the pastor, Dr. E. A. Crooks in charge.

The meetings will lead up to the communion season which will be observed on Sabbath, April 10.

Special Speaker

From the point of view of modern psychology, illustrating in an interesting way how this recent science can be applied to the Christion life, the Rev. Julius C. H. Sauber, secretary for Christian Social Service in the Diocese of Pittsburgh, in his sermon last evening in Trinity church exalted the life of the individual, showed out the dignity of each one created by God, and stating that we are all dressed up desires, made a strong plea for the shaping of those desires toward higher things.

Mr. Sauber was the first of the Lenten special preachers at Trinity church on Wednesday evenings, the short service beginning at 8 o'clock.

The new rector of St. Andrew's church, Youngstown, Ohio, comes next Wednesday evening.

All of the speakers are clergymen who have never been heard before in New Castle.

Bible Study

The first meeting of the group for Bible study will be held in the Guild room of Trinity church this evening at 8 o'clock. St. Luke's Gospel has been selected, the first chapter will be considered tonight. The Rev. Philip C. Pearson will be the leader and among other things will discuss the Virgin Birth of Christ from the scientific point of view and will also consider the place of the Mother of Christ in the New Testament, in the light of the fact that she is worshipped by some and neglected by others. In the interests of truth the effort will be made to find out from original sources what is her true position. This study group is not designed for any one type or class of people, is for both sexes and the benefit of anyone seeking more light.

(International News Service)

INDIANAPOLIS, Mar. 10.—B. H. Hudson, superintendent of the Logansport division of the Pennsylvania Railroad here for six years has been promoted to be head of the division at Sunbury, Pa., it was announced today. J. C. Hill, Erie, Pa., will succeed Hudson.

NEW COURT HOUSE

GOVERNOR FISHER'S signing of Senate Bill 154, which provides for a new judge for Lawrence county, will be received by men and women here with gratification. It is a tangible evidence of the governor's good will towards this county, and fills a need that has been felt for some time.

With two judges on the Lawrence county bench, and a constantly increasing volume of legal business the need for a new court house becomes a matter for serious consideration. Back in 1858, when the present court house was built it was considered to be a model of its kind, but spacious as its quarters were for the quarter of a century following its building, it has long since grown too small.

Recommending a new court house has been a favorite custom of grand juries for the past ten years. Four times a year the grand jury meets and frequently recommends a new court house. The jury which has just finished its work for the March term made the usual recommendation, but instead of being filed away, this recommendation should be given consideration.

The matter of a new court house should be gone into seriously and the facts presented. If the new court house is needed as badly as all of the grand juries investigating, designate, then some steps in that direction should be taken. The continual recommendation by juries of a new court house with nothing further being done is not a commendable situation.

DUAL HONOR ACCORDED

OVER 200 employes of the Carnegie Steel Company of this city, were given a deserved honor by the New Castle plant of the company, at the Cathedral last night, when they were banqueted, commended, and presented with service medals, designating that they had served the company more than 25 years.

The gathering was a noteworthy one. It reflected dual credit.

To all of the men honored it signified service over a long period of time that had been well and satisfactorily done—an achievement of no little import. Any employe that serves one company for a period of a quarter of a century or more, no matter in what capacity, has the satisfaction of knowing that he has performed well the tasks assigned to him.

To the Carnegie Steel Company, the event was also a tribute, designating as it did the satisfaction of expert workmen with their treatment and conditions as employes of the company. Workmen are not in a habit of remaining in the employ of a company for long periods of time unless conditions and relations are good.

New Castle workmen have long been an important part in the affairs of the great Carnegie Steel Company, and in the addresses of the evening by officials of the company from Pittsburgh, they were given due credit for their satisfactory service, commendation that was entirely justified.

There is no plant of the entire steel corporation, where better feeling and conditions exist than right here in New Castle. And there is every indication for a permanent continuation of these conditions.

The service medals awarded to the men last night were a testimonial of the excellent relations between employe and employer that is a wonderful credit to both.

Just Folks

By EDGAR A. GUEST

THE TRAVELER

I notice when I travel forth
That whether I go south or north
Or west or east, or just between,
The lights of little homes are seen,
And I can see from every train
Young faces at a window pane.

The little yards have crimson flowers
Which very much resemble ours,
I'd swear the Boston Ivy vine
Climbs up the wall the same as mine,
Wher'er I turn, I seem to find
The very joys I've left behind.

Oft there are playthings strewn about!
My children leave their wagons out,
I see the women at the door
And know just what they're looking for,
Wherever can the youngsters be,
'Tis time that they were home for tea.

And day and night, wher'er I roam
I see the little lights of home,
I see the children at their play
And, Oh, I envy them who stay
And sit beside their window panes
And do not have to ride on trains.

Today's Anniversaries

1842—Chinese attempted to drive the British from Ningpo, but were defeated with great slaughter.

1849—Rt. Rev. John Hazen White, Episcopal bishop of Northern Indiana, born in Cincinnati. Died at Sea Breeze, Fla., March 16, 1925.

1877—Edmund Otis Hovey, eminent geologist and one of the founders of Wabash College, died at Crawfordsville, Ind. Born at Hanover, N. H., July 15, 1801.

1886—Many lives lost when a train of cars on the Monte Carlo-Mentone railway fell into the sea.

1886—The Rhode Island legislature voted unanimously for the submission of a prohibition amendment to a popular vote.

1894—A new project was announced in France to undertake the completion of the Panama Canal.

1920—The south bank of the Red River was fixed by the U. S. court as the boundary between Oklahoma and Texas.

1921—Marriage of Crown Prince Charles of Rumania and Princess Helene of Greece was celebrated at Athens.

Safety Sam Says:

Th' undertakers are all right—they remove many an obstruction t' progress!

Belgium Builds 100,000 Homes

(International News Service)

BRUSSELS, March 10.—When the present reconstruction project is completed the country will have one thousand more houses than before the war although over 100,000 were supposed to have been destroyed during the four years.

The Toonerville Trolley That Meets All The Trains. BY FONTAINE FOX

Hints and Dints

Sun sets tonight 6:02. Sun rises tomorrow 6:18.

Paper hangers are sterilizing their paste buckets and grinding their shears in anticipation of the opening of the annual season when everybody will want them at once. Papering season ususally comes on with a rush as soon as the furnace is banked for the summer. Then people wonder why they can't get a paper hanger when they want him. Why not steal a march on your neighbor and get him now.

Women of Paris are said to be greatly troubled over the move to make trousers the letest style. They don't know whether to adopt them or not. Chances are, however that they will as there seems to be an inclination on the part of women to covet men's clothing. Anything that make a woman look "mannish" is her particular delight, but we'll confess we don't know why.

Dark furniture is better. The cigarette burns on the edge don't show much.

The latest shock to our conventional notions comes with the statement of a physiologist that the more we exercise the fatter we get. It seems that exercise creates appetite, which results in more eating, and so on indefinitely. We had hoped there might be some other way to reduce than by cutting down the calories, but it seems there isn't. Fat folks deficient in will power are simply beyond hope.

Inebriated hogs at Sacramento, Cal., stood on their hind legs and led a squad of Federal dry agents to a still hidden under a pigsty. The hogs had been eating the mash. Drunken hogs and drunken humans are much the same. They both give things away.

To say of anybody that he or she is "very temperamental" doesn't sound so very bad, but it means the same thing as a "cussed ugly disposition."

Julian Abeles hears and passes upon all the new jazz "music" that is written for which he is said to receive $25,000 per year and who will say that he doesn't earn it?

Workmen tearing down an old building in Farrell uncovered a bottle of pre-Volstead liquor. It was so much of a curiosity that it was placed in a store show window.

Anyone who does one single thing well is no failure. What can you do better than anyone else in your community?

Some of the cross town dirt streets in New Castle resemble the old time roads before the county was pulled out of the mud. Some of these streets are to be paved this summer and still there are people who object to paving when it adds so much to the value of everything in the city.

If you know yourself you won't be conceited. In fact you will be very much ashamed of yourself.

The use of cosmetics by women has increased 60 times within the past ten years and the increase is getting greater and greater each year. It shouldn't be long now until the manufacture of cosmetics was the leading industry outside of the making of automobiles.

Congress passed by 998 bills out of 25,000 presented. The deficiency bill which carries with it the payment of numerous necessary salaries for the upkeep of the government bureaus was not okd. But congress always sees to it that their own salary measures get through first. Congress should be paid after a session and then on the basis of the good work they have done. The government would be in but the congressmen and senators would suffer considerable.

Next Saturday, March 12th is the Hints and Dints man's birthday. As usual he will give five dollars in gold to every baby born in this county next Saturday. Get that, next Saturday in Lawrence County. Many letters have been received asking for five dollars from persons in many parts of the United States because they were born on March 12th. We are not interested in those born on any March 12 in the past to the extent of five dollars. The ones born next Saturday get the prize. Proof of birth in the way of a doctor's certificate is the right way to make a claim. We will be glad to give the five to all who are entitled to it.

A parking place has become the goal of man.

Woman traded her car seat for the ballot.

It is pretty clear that you can't make a specially favored class out of criminals and subdue crime wave at the same time.

We hope that some of these warlike legislators who are always threatening to meet one another outside really do meet one another outside after the next elections.

You can say one thing for the Chinese. They haven't yet claimed that God is on their side.

We are wondering if the new and tempirary White House has a nice breakfast room. It looks to us as though President Coolidge is going to buy the buckwheat cakes for Senator Borah and others.

Now that General Smedley D. Butler has gone to Shanghai it will be almost safe for some of the boys to resume their usual round of entertainment.

As yet we haven't heard of Samuel Insull announcing any contributions to the prospective campaign chest of Senator Jim Reed for president.

We have just read a story that said that Cleoparta had nothing on Salome. We've been wondering ever since and we believe we understand. Both were strictly 1927 in style.

That Boston jury that said prohibition is a failure ought to get its testimony from the many thousands of people who have been locked up. It would be much more in keeping with the spirit of things.

Day after tomorrow is Hints and Dints birthday and we've been announcing all year that out usual offer of $5 to each and every Lawrence county baby born that day is good. We've just come back from Florida but we escaped with enough to take care of the Hints and Dints baby family.

Westinghouse Electric and Manufacturing company one of the leaders in its line is also foremost with a new advertising policy that eliminates the national magazines and puts all their immense appropriation into the newspapers. According to Westinghouse surveys it is the newspapers that sell their goods because it is the only medium that has direct personal contact between buyer and seller and they should get the business. This has long been our opinion and we believe that more and more manufacturing concerns will see it in the future.

March has given us a little bit of everything in weather so far with wind, snow, rain, colds, sunshine, and there shouldn't be much of winter left after March ends. We hope so.

demonstrative and doesn't display much emotion but we do think he would at least emit a low whistle if a page from the senate would inform him that the senate had done one thing he recommended to it.

President Coolidge is very un-

The flappers of today may not be so very lovable, but they are not cruel and heartless like the girls of long ago. The old-fashioned Maud, for instance:

She "stoned" the raisins.
She "cut" the bread.
She "pounded" the steak.
She "mashed" the turnips.
She "beat" the eggs.
She "dug" the eyes out of potatoes.
She "scalded" the chickens.
She "skinned" the beets.
She "chopped" the mincemeat.
She "squeezed" the lemons.
She "burned" the candle.
She "poked" the fire.

But despite all this cruelty, she had a sweet kiss and a delightful welcome for her husband, and she was happy and contented in the little home, where love reigned supreme.

We sat down yesterday and tried to recall the things we were worrying about last week, but couldn't remember one of them. Such, my friend, is life.

There is always a chance for a man to keep out of the clutches of some designing female if it wasn't for the fact that the poor fish is just itching to get hooked. "Won't you walk into my parlor", said the spider to the fly. The fly did. It's the same thing over again.

Because a great many stomachs rebel at "hot dog", an enterprising sandwich man announces the serving of "hott dogge". That ought to sell 'em to the most fastidious.

However else a sheik may look, we never yet have seen one who looked intelligent.

Perhaps 'tis true that silence is golden, but it's doggone lonesome.

Men are inferior. They can't talk brightly of one thing while thinking of something else.

PRETTY TOUGH ON THE KID

Although a baby is born in the United States every 30 seconds, the use of baby carriages is falling off, say the makers of these nifty little cabs. They attribute it to the danger of crossing city streets and to the increase of apartment house homes. Let us hope the babies are getting their daily airing just the same, though some of them may ride in an auto, which is not just the same nor nearly so good as a ride and a nap in a baby buggy.

A man in the East died from excitement in a checker game. Well, about all we can say is that it don't take much to excite this poor unfortunate cuss.

Hint to motorists:

No train has ever been butted off the track by an automobile at the crossing.

Ah, yes, the dumber a man is, the more he talks. This goes for the women, too.

Today

A Blow To Japan.
Dove In Sabre Handle.
Mellon Saves Money.
Coolidge Will Go West.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

Later news from Japan is distressing, thousands killed by earthquake and tidal wave.

At the front door of Japan, in the Pacific ocean, is the deepest hole in the world. Land slipping into this chasm causes earthquakes and tidal waves, but the Japanese are not discouraged.

China is a warning for nations controlled by pacifists. Ever since Confucius, and before, the philosophical Chinese have had for motto "Why fight?" and ever since that time outsiders of the Jenghis Khan type have come into conquer and rule peaceful Chinese. Some made them let the hair grow long, a convenient handle for chopping off their heads. Others made the women squeeze their feet so they couldn't run away.

Mussolini's Fascisti have a little picture showing the dove of peace nesting in the handle of a big sabre with a line saying it is the safest place for a peace nest.

If you don't want people to fight you, keep ready to fight. Nobody ever slapped Jack Dempsey's face.

At St. Augustine, before he was elected, President Harding said to this writer: "The second richest man in the world will be my secretary and treasurer. What do you think of that?"

Secretary Mellon has confirmed the writer's statement to President Harding that the second richest man in the world should know something about money and be a good man to look after Uncle Sam's cash.

Working for the wages of an an average chief clerk, Mellon has already reduced the national debt by seven and a half billions, and will refund the 4¼ per cent Liberty bonds, exchange them for 3½ per cent five-year treasury notes. This one transaction will save the people $23,000,000 a year in interest charges.

It is a good thing to confide that important job to one that understands that kind of a job.

President Coolidge will spend his vacation in the west, in response to many invitations. He should drive in a big automobile from Kansas City to Seattle, from Seattle down to San Diego, fishing here and there. He would see millions of Americans that like him, and expect to vote for him in 1928.

Gerald Fitzgibbons, talking over the radio in Boston, will endeavor to hynotize listeners-in. He says he will tell them to lock their fingers, and they won't be able to unlock them. He will make them laugh, cry and believe their right arms are insensible to pain, etc. Scientists wonder if it can be done. Of course it can. Human beings can hypnotize themselves and have done so for thousands of years.

The fanatic that cuts holes in his flesh and allows others to dot it, singing the praises of his god, feeling no pain, hypnotizes himself. To be hypnotized simply means to suspend temporarily certain functions. The marvel is that they work at all, not that they can be interrupted.

Charles M. Schwab, able business man, leaving Europe, says he is never going back. Also, he knows he is getting old, "because I am losing the thrill of gambling." That is not a sign of getting old, only a sign of getting wise. The wonder is that as able a man as Schwab should ever have found a thrill in gambling.

Gamblers substitute false excitement for real achievement. Men that are real doers are rarely gamblers, and men that have no serious occupation are gamblers nearly always.

All savages and few philosophers gamble.

The supreme court decides unanimously that Texas' law forbidding negroes to vote at Democratic primaries is unconstitutional. It is a most important decision, and not to the south only, since it may mean federal control over the local primaries.

This country last year imported more than $80,000,000 worth of precious stones. $5,000,000 more than the year before. And those purchases were made without the assistance of the extinct race of bartenders, to each of whom a large diamond was as necessary as a white apron.

Bible Thought For Today

WHAT IS MAN:—What is man, that thou shouldest magnify him? And that thou shouldest set thy heart upon him? And that thou shouldest visit him every morning and try him every moment? Job 7:17, 18.

PRAYER:—O Thou All-Wise Creator, Thou didst make us in thine own image and when we by sin marred this image, out of thy love for us thou gavest the Perfect One even Jesus.

In Day's News

Dr. William Mather Lewis, who has been chosen to succeed Dr. John Henry McCracken in the presidency of Lafayette College, is a noted educator who has been connected with a number of leading colleges. Since 1923 he has been president of Georgia Washington University. Before that, following his graduation from Lake Forest College, in 1900, he served successively as instructor at Illinois College and at Lake Forest College, headmaster of Lake Forest Academy, executive secretary of the National Commission of Patriotic Societies and director of the savings division of the United States Treasury. Since 1921 he has been chief of education service of the United States Chamber of Commerce. Dr. Lewis is 49 years old and a native of Howell, Mich. In addition to his educational work he has been active as an author and editor.

ABE MARTIN

This country is never goin' t' be what might be called an ideal place t' live as long as anybuddy kin git in th' legislature or drive a car. With th' possible exception o' mumbly peg, croquet is th' only unsmirched game we have left.

Dr. Crane's Editorial

FOOTBALL

Many say that the country has gone "football crazy".

They point out the fact that Rome's downfall was preceded by the gift to the people of games and bread.

The parallel between the bloody amusements of ancient times, however, and the football of today is not very close.

Football is a clean sport and the more energy people put out in sport of this strenuous kind the less energy they will be disposed to spend in war.

Football calls for the last ounce of physical strength, together with intellectual alertness.

Recently there was an attendance of 79,500 at the game between Stanford and Southern California. Fifty-five thousand saw the Harvard play, 70,000 watched Ohio State and about 75,000 seats were sold for the U. S. C.-Notre Dame game in Los Angeles. Many applicants were rejected for lack of space.

The attendance of large groups of football games is a good omen and those who gather from this that the country is going to the dogs are mistaken.

One difference noted between other countries on the one hand and England and the United States on the other is that England's people play. Sport is an institution and to be a good sport is a synonym of having a good disposition.

The children of France and Italy and Germany need to be taught more how to play, for play is the natural outlet of youthful exuberance and the more a nation plays intelligently the better off it is.

One of the excellent efforts of the Y. M. C. A. and similar organizations abroad has been to organize the boys and girls into play groups. Play of children abroad seems to take a more destructive tendency. A movement has made considerable headway in the United States to have teachers upon the play grounds and to instruct the children in healthy sports as well as the three R's.

Altogether play is a good thing and should be encouraged.

The more the principles of fair play are introduced into business the better off for business, and the more business becomes a sport the more it will attract followers.

Tomorrow—Proper Business For A Government

Copyright, 1927, by The McClure Newspaper Syndicate.

One Year Ago

The 50th anniversary of the first conversation over the telephone was celebrated by telephone companies throughout America.

"Dad, what part of speech is woman?"

"Woman ain't a part of speech, my boy. She's all of it."

The World AND THE Mud Puddles

ROMANCE AND CORPORATE RIGHTS.

When that Corporation whose full corporate name is "The Governor and Adventurers out of England Trading into Hudson's Bay," and whose ordinary name is the "Hudson Bay Company," appears before the Supreme Court of Canada in an effort to uphold the concessions conferred in the Seventeenth Century by Charles the Second of England, a romance of early American history will be unfolded. It will be a romance of pioneering of the development of Canada, predating the Confederation of the Provinces into the Dominion by nearly two hundred years, and predating the Declaration of Independence by more than one hundred years.

When Prince Rupert, the gallant cavalier of nearly three centuries ago, gathered together a company of adventurers to trade in and around the Hudson's Bay, he applied to Charles the Second for a charter. The western half of Canada, an area much larger than the corresponding half of the United States, was a wild, untilled country, but rich in furs. With a magnaminous stroke of his pen, King Charles practically gave the entire country to the Prince. Rupert and his associates had the sole rights of trade. They had the royalty of the sea. They had all mines royalty, silver, gems and precious stones, to be found anywhere within the borders of the territory. For nearly two hundred years Prince Rupert and his successors who had banded themselves together as the Hudson's Bay Company enjoyed a monopoly of trade in all its branches.

The Dominion of Canada became an organized country in 1867 and the following year a bill was passed which provided for the taking over of Rupert's Land, as the great Hudson's Bay territory had come to be known. A year later the Hudson's Bay Company surrendered its rights of government "and other rights, privileges, liberties franchises, powers, and authorities" granted by the charter. In return for the surrender of the feudal rights, the company was to retain all its trading posts and stations in Rupert's Land, or any other part of British North America, and was empowered to select, within twelve months after the surrender, a block of land adjoining each of their posts.

The points the Supreme Court will be called on to decide are: When the company surrendered its rights of government, did it retain ownership of the minerals in the blocks of land which it retained about its posts? Further, when the company selected its settlement land, did it assume with that land, ownership of any of the precious metals therein?

The Canadian government asserts that the company, having surrendered its charter in Rupert's Land, surrendered any rights to minerals and that ownership of minerals was not granted with the settlement. Hudson's Bay Company, taking the opposite view, has appealed to the Supreme Court.

Sentence Sermons

By Rev. Roy D. Smith, D. D.

HE WHO IS FREE—

From conceit seldom notices it in others.
From avarice is half rich.
From jealousy saves himself untold trouble.
From responsibility is contributing nothing.
From criticism has not attempted much.
From debt still owes the world a lot.
From worry may be just indolent.

Approve Bond Issue For Clairton School

PITTSBURGH, Pa., Mar. 10.—A bond issue of $130,000 to be used for the completion of a new high school was approved by Clairton residents at a special election yesterday. Seven hundred and thirty-six voted for the bond issue while 94 voted against it. The first unit of the building has been in use more than a year and accommodates 629 pupils. When completed the building will accommodate 1,200 pupils and will contain a swimming pool and cafeteria.

BLOOD POISON KILLS MINER

WINDBER, Pa., March 10.—Blood poisoning, which developed from an infection of the hand, injured in a mine accident in January, caused the death of Alison A. Walker, 26, miner, of this place, at the Windber hospital.

POEMS HOVE

By CHARLES HANSON TOWNE

"Good Company," by Karle Wilson Baker.

Mrs. Baker is an American singer, whose gifts are of high order. I find her work occasionally in the better magazines and in a few anthologies; but she does not write much. When, however, she breaks a long silence, I find her always interesting, and frequently unusual. She cannot be omitted when it comes to an appraisal of the best among the modern poets of this country.

Today I have grown taller from
walking with the trees,
The seven sister-poplars who go
softly in a line;
And I think my heart is whiter for
its parley with a star
That trembled out at nightfall
and hung above the pine.

The call-note of a red bird from
the cedars in the dusk
Woke his happy mate within me
to an answer free and fine;
And a sudden angel beckoned from
a column of blue smoke—
Lord, who am I that they should
stoop—these holy folk of
thine?

Over 6000 Casualties In Japanese Quake

(International News Service)

TOKIO, March 10.—At least 2,459 were killed and 4,107 injured in the earthquake which rocked western Japan last Monday, according to a statement issued by the home office today.

No estimate of the property damage has yet been made, but it is now thought that it will be relatively light, since the affected districts were undeveloped and contained only villages.

Traffic over main line railways has now been restored and roads into the stricken area are being rapidly repaired.

Relief work is being carried on in an energetic manner, but it has only begun.

Many refugees are ill because of exposure, according to advices received today.

Great Majority Of North Street Pupils Natives Of City

Pupils Also Tell What Their Life Vocation Choice Is To Be

Seventy percent of the pupils in the ninth grade of the North Street Junior High school give their birth place as New Castle according to a preliminary survey made by the educational and vocational guidance teacher of the school.

Of the 171 pupils in the ninth grade, 118 or 70 per cent were born in New Castle. Twenty-seven were born outside of the city but in the state of Pennsylvania while 26 were born outside of the state.

A large number of the boys and girls have already made a choice of occupation at least a tentative choice. One hundred thirty pupils or 76 per cent are looking forward in a definite direction while 41 pupils or 24 per cent of the class are still unable to make a choice.

The following list of choices gives an idea of the range of interests even in a small group of pupils:

Boys.

Electrical Engineer	9
Doctor	5
Lawyer	5

PLAIN GROVE

W. C. T. U. MEETS

The Plaingrove W. C. T. U. met at the home of Mrs. Meade Shoaff on Wednesday at 1:30 p. m. The following program was rendered:

Devotionals, led by Mrs. Ethel Pollock, leader.

Scripture lesson, Matt. 5:1-19.

Prayers, Mrs. Cash McNulty.

Music, Battle Hymn of the Republic.

The Story Hour, Mrs. John Eppinger.

How to tell a story, Mrs. Alice Palmer.

Our Children and the Bible, Mrs. Nellie McNulty.

Pictures for the Children, Mrs. Martha Magee.

Child Chief Asset, Mrs. Bertha Shoaff.

Winning the Children, Mrs. Lucy Wallace.

Mrs. Belle Pollock was received into the organization at this meeting.

There were about 18 present.

During the social hour light refreshments were served by Mrs. Mabel Hogue and Mrs. Alice Palmer.

THE CHURCHES

There will be services Sunday at the Plaingrove U. P. church at 10:30 a. m. Rev. J. E. Hughes, pastor. Dr. G. A. Sowash, a missionary from the Sudan, will preach.

Sabbath school at 11:30 a. m. Gil McKissick, superintendent.

The Presbyterian church: At 10:30 a. m. Rev. A. I. Dickenson, pastor. Subject, "The Broken Things of Life". Sunday school 11:30 a. m. Howard Pizor, superintendent.

The Mt. Pleasant M. E. church: Pastor, Rev. McCaskey. two p. m., subject, "The Missionary Project in the Modern World". Sunday school at 1:30 p. m. Mrs. E. L. Wilson, superintendent.

MISSIONARY MEETS

The southern division of the Presbyterian church will be held on Wednesday, March 16, at the home of Mrs. Fred McCleary. Leader, Mrs. A. W. Van Horn.

CONVENTION

There will be a Sabbath school convention of the Plaingrove district on March 17, at 1:30 p. m. at the Presbyterian church.

READING CIRCLE

The Plain Grove Reading Circle will be held March 18 at the home of Ellis Locke. The March program will be used.

TIME OF FUNERAL

The funeral of Miss Clara Emery, who died Wednesday evening, will be held at the home of her brother, O. M .Emery, at two o'clock on Friday.

ENJOY PARTY

Mrs. C. X. Pollock served a six o'clock birthday dinner honoring her daughter Floretta's 10th birthday. Games and music were enjoyed. Those present were Miss Grace Hogue, Miss Mary Shoaff, Miss Irene Wallace, Miss Floretta Pollock, Mr. and Mrs. C. X. Pollock and family.

PLAINGROVE NOTES

Mr. and Mrs. Fred Magee were callers in New Castle on Saturday.

Dr. and Mrs. J. R. Hoffman and daughter of Niles, O., were visitors at the home of Mr. and Mrs. Wallace the first of the week.

Mr. and Mrs. Owen Woodruff of near Blacktown have moved into Fred Glenn's house.

Mr. and Mrs. James McConahy of New Castle were visitors at the home of his parents, Mr. and Mrs. George McConahy, one day this week.

Mrs. Sam Martin has gone to Pittsburgh for a visit.

Mr. and Mrs. Everett Caldwell and Mr. and Mrs. C. Book of New Castle were visitors at the home of the Misses McCommons on Saturday.

Mr. and Mrs. Ben McCleary were visitors in Grove City. Miss Nellie Foster, who has been visiting there, accompanied them home.

Ralph Miner of Blacktown was a guest over the week-end of his brother, Theodore Miner.

Arthur Mc Commons of New Castle was a caller in Plaingrove Tuesday evening.

Clair Seth of New Castle was calling on his uncle, C. X. Pollock, one evening this week.

Mr. and Mrs. Arthur Armstrong and Wilda of New Castle were visitors at the home of Robert Armstrong on Sunday afternoon.

Mrs. A. W. VanHorn and grandson, Billie Weyman, are visiting at the home of her daughter, Mrs. Sam Patterson.

Herbert Wallace mailed a letter from New Castle to Chicago at noon on Monday and an answer came back to Plaingrove on Wednesday about 2 p. m. The envelope was stamped air-mail. Pretty quick service, he thinks.

Mrs. J. J. Everhart has returned from a visit to Mercer, bringing back with her Miss Sarah Allen, who is going to make her home with her.

Rev. A. F. Fulton of the North Liberty Presbyterian church has gone to Canada on his vacation.

Fred Hohman, Jr., has sold a valuable horse to a Bellevue man.

Princeton Station

Roy Miller is confined to his home with quinsy.

Born, to Mr. and Mrs. Sam Shidemantle, a son, Thursday of last week. Mrs. Schidemantle was formerly Miss Grace Graham of near Jacksville.

Ethel Miller is ill at the home of her parents Mr. and Mrs. George Miller.

Clyde Wimer of Ellwood City, visited recently at the home of his mother, Mrs. Nancy Wimer.

Mr. and Mrs. Lester McCurdy of New Castle, visited the latter's parents, Mr. and Mrs. James Young Sunday.

Mrs. John Stewart called at the home of Mr. and Mrs. Harry Stickel, Tuesday.

Among the New Castle callers Saturday were Mrs. Robert Zeigler and daughter Arline, Mrs. Purvis Wimer, Mrs. Crawford, Mrs. Ed. Johnston, Mrs. Roy Harlan and son Glenn, Mrs. Thompson, Mrs. Womer and baby and Mr. and Mrs. Ray Miller and son.

Mr. and Mrs. Eph Wilson of Ellwood City, spent the week end at the home of the former's sister, Mrs. R. J. Lawrence.

Born, to Mr. and Mrs. Cody Cooper, a son Saturday night.

King Lawrence, who has been ill is improving.

Mr. and Mrs. Roy Harlan and son Glenn visited the former parents, Mr. and Mrs. Oscar Harlan of Harlansburg, Sunday.

Legion Campaign Check-up Friday

Although the three days intensive work of the membership drive of the American Legion is over the teams are still hard at work. A very large increase in membership has been already accomplished and many more will be reported at the final check-up to be held in the Legion Home, Friday evening, says Ivor V. Davis, chairman of the membership committee.

Reports are to be received from about seven of the teams yet. Certain reports from Ellwood City show that New Castle is ahead of them now while other reports contradict, saying they have quite an edge on the New Castle post.

Any ex-service men who have not yet been seen by members of the teams and who would like to join up with the boys should get in touch with Harry M. Long in the Johnston Building.

Move To Better Medical Practice

SCRANTON, Pa., Mar. 10—Maintaining that entirely too many abuses have crept into the medical practice in Scranton, members of the Lackawanna Medical Society last night adopted a resolution providing for a rigid censorship over all free medical service in all hospitals, dispensaries and welfare agencies in the county benefitting by the service of unpaid physicians.

Seeks 'Ether Drift'

Prof. Dayton C. Miller of Case School of Applied Science at Cleveland estimates that he has walked more than 100 miles in a 20 foot circle in the dark while making experiments to detect "ether drift" on the top of Mt. Wilson, Calif. If he succeeds in detecting with the aid of an "interferometer" a relative motion between the earth and the ether through which it supposedly moves or "ether drift" as this motion is sometimes called, one portion of the Einstein theory will be disproved. At present Prof. Miller is carrying on his experiments in a little house on the Case campus.

The neglected point in sanitation

Keeps the bowl snowy white

Bowlene is the greatest powder made to make your closet bowl snowy white and free from odor. Shake a little in the water of the bowl and in a jiffy all stains disappear. Bowlene keeps right on working, disinfecting and deodorizing the entire closet system.

You don't have to do anything. Bowlene does it all. Use it twice a week and your bowl will always gleam with a lustre of brand new china.

You owe it to yourself to find out about Bowlene *today*. One can—25 cents—from any grocer or druggist.

Ambridge Man Held On Bribery Charge

Offers $100 To Agents Seizing Still And Liquor, Alleged

AMBRIDGE, Pa., March 10.—Alleged to have offered a bribe of $100 to prohibition agents who raided his home yesterday, E. Bruno, of 714 Twelfth street, Ambridge, was arrested charged with violating the prohibition laws and bribery. A 100-gallon still, 26 barrels of mash and an automobile were seized in the raid.

In another Ambridge raid, agents found a 50-gallon still and 20 barrels of mash in the home of Pasquale Catansaito, 1132 Dauss avenue. Catansaito was arrested. Tony Tumminello, was arrested when dry agents found a 100-gallon still and 55 gallons of moonshine in his home, and Mrs. Fred Copper, of 32 Kearney way, was arrested when a 35-gallon still, 10 gallons of moonshine and five barrels of mash were seized at that address.

Shingle Roof Fire Occurs At Noon

An alarm at 1 o'clock today called the firemen to the home of J. B. Wagner, 529 Harbor street, where they found the shingle roof of the house on fire. Sparks from the chimney were the cause of the fire. The loss was about $25.

Did President Coolidge Benefit By Actions Of Recent Congress?

By GEORGE H. MANNING
(Washington Correspondent of the News.)

WASHINGTON, D. C., March 10. —Did the 69th congress, which has just closed, carry out in a large degree the legislative measures advocated and recommended by President Coolidge?

This is a question is being asked in Washington just at this time as senators and representatives of the two great political parties are departing for their homes following the rather hectic times immediately preceding the end of the short session of congress.

It is generally agreed by the leaders of both parties that there were some proposals made by the president to congress which were not followed by the legislative body, but friends of President Coolidge declare that in the main his recommendations were endorsed by both branches.

Supporters of the president who have watched the course of legislation proposed by him and contained in his several messages to congress contend that even if a majority of the measures advocated by the president did not receive the sanction of the legislative branch, this cannot be taken as any indication that he has lost his power and hold over congress. Neither does it demonstrate, according to these same supporters, that the president is not as popular with the rank and file among the voters of the country as he was when the 69th congress convened. They point out that ever since Mr. Coolidge became the party's candidate for the presidency in 1924, after he succeeded President Harding, he has been stronger politically than the congress or the party.

The opposition of the congress to some of the policies advocated by the president has strengthened him rather than weakened him, in the opinion of a vast majority of Republican politicians. The president vetoed the soldiers' bonus bill in 1924 and the dire predictions were made of what would happen to him when he came to seek favor among the voters of the nation. These predictions, however, fell far short of realization and in the end Mr. Coolidge's popularity was increased rather than diminished in most sections of the United States.

His veto of the McNary-Haugen farm relief measure a few days before the close of the last congress session was taken in some communities to mean his death knell politically. But the more people generally study the action of the president and his reasons for vetoing this bill the more they are convinced that he acted wisely and with the purpose in view of serving a vast majority of the people of the country.

The reaction to such threats as were heard about a presidential veto of the farm bill has already set in, according to the claims of the Coolidge supporters, and they claim that he is more popular at this time for taking the action he did than before this measure was presented to him after its passage by the house and senate.

It is true that the congress passed the soldier bonus bill over the president's veto, but it was unable to muster sufficient votes to duplicate the act in the case of the farm relief measure. There was no serious attempt on the part of its advocates to put the question to a test in either branch of congress, because it was conceded a two-thirds vote could not be obtained, and farm relief went by the boards as a result of the president's disapproval of the measure.

The president got bumped hard on his recommendation made early last fall, before congress met, for a refund of 12½ or 15 per cent on income taxes collected for the current fiscal year, out of the $300,000,000-odd treasury surplus. Republican leaders in congress differed with him frankly and it was finally decided, in the way of a compromise and to save the president's face, to apply any treasury surplus to paying off the world war debt.

The Democrats are now charging that the administration deliberately held back the tax reduction question until the 70th congress in order to make use of this issue in the next presidential campaign.

The president was not in favor of congress authorizing any funds for the construction of the three additional cruisers provided under the navy building program as it finally passed congress and received his approval. It was his judgment that such a move might be regarded as warlike among the nations of the world and for this reason he opposed such action. His announced policy of economy, too, entered into the calculation but he was unable to stem the tide that had set for a great navy in both branches and the three cruiser measure was put through.

On most problems, both foreign and domestic, with which the president has delt and which required action on the part of congress, he has been content to point out his reasons why he favored or opposed certain measures. He has not permitted himself to enter into any spirited break with congress, preferring that congress shoulder the responsibility for the enactment of measures which, while not receiving the sanction of the White House, have nevertheless, not been spiritedly opposed.

It cannot be said by even the political enemies of the president that he has had any very serious breaks with the congress just brought to a close and if he has not been successful in obtaining all the legislation advocated by him he must feel that he has done about as well as any president who preceded him in the White House.

No More Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting, he discovered the cause of piles and then went further and compounded a remedy that would remove the cause.

Every pile sufferer should benefit by his discovery and so that there will be no doubting or delay, McKee's Kut Rate Store and Eckerd's of New Castle, Inc. and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.

To Stop Nausea In the Morning

Or Goneness in the Stomach At any Time

Try a little diapepsin. You may be so sick in the morning that the odor of food adds to your misery. And yet one or two diapepsins instantly settle your stomach, the nausea disappears and you actually become hungry.

Diapepsin is composed of powerful digesters. They work on everything you eat, digesting starchy foods, milk, cream, eggs, meat and also absorb acids and gas. Heartburn, biliousness and dizziness disappear almost instantly.

Nausea may come from many causes but diapepsin works quickly in any case. Expectant mothers get real benefit from diapepsin, not alone in freedom from nausea but more nutrition from better digestion.

Get a 60 cent package of Pape's Diapepsin at any drug store. You'll never tolerate nausea again.

A Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those ugly blackheads. Get a little Calonite powder from any drug store, sprinkle a little on a hot, wet cloth, rub over the blackheads, and in two minutes every blackhead will be dissolved away entirely.

A Husky Tire for Heavy Cars

G & J Heavy Service Cords will save tire money for bus, truck or heavy passenger car owners. They are built to travel over any kind of roads under heavy cars.

A good look at them won't obligate you to buy—but you'll want to. Drop in and let us show you.

Immunization Of Mercer Children To Start Monday

All School Children To Be Given Treatment, If Parents Consent—Mercer News

(Special To The News)

MERCER, Pa., March 10.—The diphtheria immuniatizon of the school children in the Mercer public school will start next week, announced Dr. S. J. Dickey today, who states that the Mercer board of education has sanctioned the movement and defrayed the local expense.

Dr. Dickey states that the local physicians and nurses will assist in putting over this program. All children of the school will be given the treatment where consent of the parents is obtained. The treatment is for those between the ages of six months and 12 years although treatments even to high school students will be given if desired.

The treatment is given in three doses, each a week apart. It consists of a serum injection and is without cost to the parent, the medicine being furnished by the state and the work of the doctors being gratuitous. The work here will be the start of a campaign of the towns in eastern Mercer county who have already signified their desire for this immunization treatment in their public schools.

The towns of Greenville, Sandy Lake; Stoneboro and Fredonia are all included. Once the work is started here Dr. Dickey will take them in order until the work is completed which will take three weeks, it is estimated, and affect 1500 school children.

A suit to recover damages in the sum of $30,000 has been brought against the Shenango Valley Traction company by Elizabeth Korpa, through her father and mother, George and Barbara Korpa of Quinby street in Sharon, who filed suit yesterday.

The action is to recover for alleged damages to the person of Elizabeth Korpa, who is the 11-year-old daughter of the family which are stated to have occurred on June 18, 1926, when a street car of the company is alleged to have backed into the child and mother while crossing the street.

It is held in the bill that the car backed up without any warning being given the pedestrians using the right of way which would also be the public highway. As a result the bill states the child was the victim of a concussion of the brain and had three fingers on her right hand severed. She has been practically an invalid since and will probably suffer from the effects of this accident all her life.

The farmers and others living in Hickory township are highly complimented by Agent Harry Higbee of the state bureau of animal industry for their observance of law.

Mr. Higbee recently made a survey of the township to make arrests of dog owners who had failed to license their canines. But five arrests were made not only in this township, but to the extreme border of the county, it is stated by Mr. Higbee. The number of arrests for the territory embraced and the number of dogs owned is unusual, he states.

Agents are working in Greenville this week. Dog owners are again warned by Mr. Higbee of the danger existing from an epidemic of rabies in the country from the fact that six mad dogs have been killed already. All dogs must be kept tied. Owners will have no recourse if they are shot, even though licensed.

Mercer county supervisors are making ready for their 1927 road building program of ashes and slag. The day is counted as one lost that does not find them here at the county commissioners' office.

AS HE SAW IT

Little Paul—"Oh he was holding hands with a pretty lady at a little table."—Boston Transcript.

"Rich, Thick Suds," Says Mrs. Chas. Matthews, 507 W. North St.

Before my grocer got me to try Rinso in my washer I always had an awful time getting the clothes nice and white. But now they come out of the rich, thick suds so lovely and white that you don't even need to boil them, much less scrub them. And Rinso goes so much farther than bar soaps or washing powders, besides saving me the cost of water softeners, that I use it for all my other cleaning, too. It's simply marvelous for dishes and wood work. I've tried all kinds of soap—but never any as good as Rinso!

MRS. CHAS. MATTHEWS,
507 West North Street,
New Castle, Pa.

Millions use Rinso. Thousands write us letters like this.

Imagine! Clothes soak whiter than you could rub them

THAT means you can discard your washboard for good. Why rub nice clothes threadbare against a metal board, anyway?

It means you can save yourself all hard work on washday. No steaming kitchen, no washworn hands.

For Rinso gets the wash whiter than ever—without scrubbing, without boiling —*just by soaking!*

Millions of women know it's not "too good to be true." All over the country weekly washes are being done this easy, "no-work" way.

Tests prove it's *safe*

Rinso is different from any laundry soap you've ever used. It doesn't make frothy soap bubbles, but stirs into thick, cleansing, *sterilizing* suds. It makes even the hardest water soft and soapy all through.

In these rich suds, dirt and stains float off so easily. The most soiled parts become snow-white with just a gentle touch between the fingers.

Actual tests prove Rinso *completely safe*. Contains no acids, bleaches or harmful chemicals. You could soak your finest cottons and linens in Rinso suds for weeks without weakening the fabrics.

Easy directions on package

Rinso is so economical. It's all you need on washday—no bar soap, chips, powders. And Rinso is not fluff; it's *real granulated soap*. Feel how heavy the package is.

Try it next washday for a *whiter* wash! Just follow simple directions on package.

Guaranteed by the makers of Lux—*Lever Bros. Co.*

In washing machines
Rinso is so marvelous in washing machines that the makers of 30 leading washers recommend it.

The Granulated Soap that Soaks Clothes Whiter

Will Continue To Pool County Wool

Sheep Growers Association Of Mercer County Makes Decision For Year

(Special To The News)

MERCER, Pa., March 10.—The members of the Mercer County Sheep Growers Association will again pool their wool it is announced following a meeting held in the farm bureau office when the officers for 1927 were elected and the members were addressed by W. B. Connel, sheep specialist of State College.

The following board of direction were re-elected: H. W. Allison, J. B. Tait, John Robinson of Mercer, Fred McDowell of Fredonia, R. R. Cochran of Jackson Centre, H. M. Hulse of Sandy Lake, D. G. Grace of Grove City, C. M. Vance of New Wilmington. R. Melvin was elected as an additional member of this board. He is of West Salem township.

The board organized by the election of the old officers H. W. Allison as president; Fred McDowell, vice-president, and R. R. Cochran, secretary-treasurer.

The following committee were selected to arrange for the securing of a warehouse for the storing of the 1927 clip: J. B. Tait, H. W. Allison, John Robinson, Fred McDowell.

The committee were instructed to rent if possible and if not to make other provision. It is possible that the association may be forced to the extremity of building a warehouse. The old academy building used here for the past five years is no longer tenable.

"Ben Hur" Romance Charms All Hearts

The magnificent plot, fine characterization and beautiful love story are among the outstanding reasons why "Ben-Hur" has gripped the imagination of America for 50 years. In the motion picture coming to the Scottish Rite auditorium on Friday night and Saturday matinee and night, the splendid portrayals of Ben-Hur by Ramon Novarro, Esther by May McAvoy, mother of Ben-Hur by Claire McDowell, and Tirzah by Kathleen Key, add to the effect and enhance the romance. These players live the romantic side of the story which is just as engrossing as the sea battle or even the chariot race.

Miss McAvoy, who previously was best remembered by her role of Grizel in "Sentimental Tommy", is a charming Esther, daughter of the merchant of Antioch, who secretly has saved the Hur fortune for the young heir, and Ramon Novarro in the Ben-Hur role is handsome, valiant, marked by sincerity, depth and range of feeling.

Perhaps the deepest note is struck after Ben-Hur and Esther set out to find his lost kin who have been immured in a forgotten Roman dungeon and (unknown to him) finally released as outcasts. Mother and Tirzah find the youthful Ben-Hur asleep on a bench outside the disused Palace of Hur. The sister kisses his shoe but the mother does not dare to touch him. Silently they go away to save him from the ruin which is theirs.

Crime would fall off if the people would start paying on their own homes, says a Michigan builder. The trouble is that with punctures and the price of gas, they're so hard to maintain.

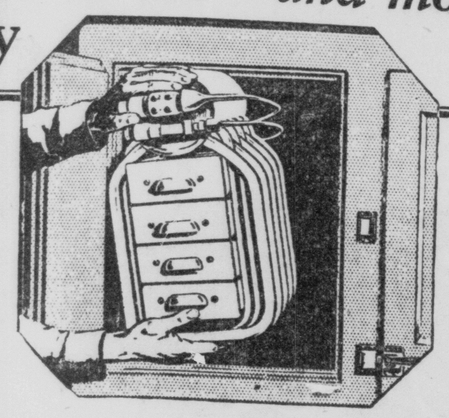
This does the work of 50 pounds of ice—*and more*—every day



Be ready for hot weather—make your ice-box a Frigidaire

IF YOU have any standard make of ice-box, you can have Frigidaire installed in it and from that time you can forget about refrigeration. Your meats, vegetables and other foods will be kept better than you were ever able to keep them before. Spoiled foods will be a thing of the past.

Be independent of outside ice supply

Or, if you prefer a complete new cabinet, there are eleven Frigidaire metal cabinet models, one of which will exactly meet your particular requirements. But whether you install Frigidaire in your present ice-box or decide on a complete cabinet model, you may be sure that your independence of outside ice supply will be complete and permanent.

Frigidaire prices are surprisingly low, offering value made possible only through quantity production, General Motors purchasing power, G. M. A. C. terms and a public preference that has placed more Frigidaires in use than all other makes of electric refrigerators combined.

Come in and let us demonstrate Frigidaire to you.

Ohio River Dams Nearing Completion; Make Ice Reports

(International News Service)

WASHINGTON, Mar. 10.—Coincident with the approaching completion of the great system of locks and dams in the Ohio river for the benefit of inland navigation and the establishment of barke lines on the Mississippi river which has greatly stimulated river transportation, the Weather Bureau has established a general ice-reporting service.

A daily ice service has been inaugurated throughout the Ohio river basin, including the larger tributaries, and also over the Missouri river east of Kansas City and the Mississippi river from the mouth of the Missouri to the mouth of the Ohio.

An interlocking system of reports will permit the collection of daily information at Pittsburgh, Parkersburg, Cincinnati, St. Louis, Evansville, Cairo, and Louisville, and later summarized transmission to Cincinnati from the other stations except St. Louis.

The Weather Bureau's Cincinnati office then prepares a resume of the general ice situation and telegraphs it to the other five Ohio river stations, where it is utilized for dissemination and when necessary, for making forecasts of the ice movement. There is already a similar system of interchange of river-stage information.

The information received and the forecasts issued are broadcast by radio, published in the river bulletins, weather maps, and newspapers, and telephoned to lock masters along the Ohio river.

The service between St. Louis and Cairo will be more local, but of the same character. Special surveys and reports will be made of the formation and breaking of ice gorges, and it is expected that the new service will prove of great value to all affected by the rivers, whether they are inhabitants of the valleys or directly engaged in inland waterway service.

Coke Production Shows Decline

(International News Service)

CONNELLSVILLE, Pa., March 10.—Both furnace and coke interests restricted their output last week, with the result that the regional total declined to 133,540 tons, the International News Service survey today reveals. This was a loss of 6,960 tons, of which 4,400 tons was in furnace operations.

The possibility of a bituminous coal strike April 1 has had no effect in stimulating production, operators say. As a matter of fact, they point out, the threatened strike is no longer a subject for conversation in coke circles, operators believing that the strongly unionized districts will provide the only serious interference with operations.

Increased demand for foundry coke has boosted the price by 25 cents, quotations being $4.50 to $5. Furnace remained unchanged at $3.35 to $3.50. Buying has been only in moderate quantities.

Production for the year to date is more than 900,000 tons behind that of 1926, according to figures compiled here.

Practice Session For Y. M. C. A. Wrestlers

Walter Kirker, physical director of the Y. M. C. A., in charge of the association's wrestling team, announces a practice session to be held this evening in the Y at 8 o'clock.

Kirker stated today that it is important that all wrestlers on the team should be present at all meets from now to the time of the championship wrestling tournament of the Y. M. C. A's. of Western Pennsylvania, to be held here the last of this month, as many other Y's will enter the tournament and bring a fine set of "neck twisters" along with them.

NEW WAY TO STOP FITS

Wonderful results are reported by Epilepsy Colonies using a new remedy that stops the most stubborn cases of Epileptic fits or spasms and is not habit forming. For velour covered we have them as low as $139.00 for mohair as low as $210.00. And remember every Euwer suite—no matter what the price is of standard construction — fully guaranteed.
Truly Euwers FURNITURE SO STILL SIT AT THE BRIDGE

Home-made Supply of Fine Cough Syrup
Better than ready-made cough syrups, and saves about $2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this home-made syrup, easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup, or clarified honey, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the throat tickle and heals the irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and it is splendid for bronchitis, hoarseness and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and palatable guaiacol, which has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

PINEX for Coughs

Attorney Lockhart Gives Fine Address

Speaks At Meeting Of Neshannock Parents-Teachers Association

A well attended meeting of the Parents-Teacher's association of Neshannock township was held last night in the Euclid avenue M. E. church.

J. A. Martin, president of the association presided. The musical part of the program was presented in a pleasing manner by the Williams family.

The address of the evening was presented by Attorney John P. Lockhart and was an instructive and inspiring talk. Attorney Lockhart had as his subject "The Four Fold Object of Education." He stated that the success of the educational system of any district depended entirely on the co-operation of the board of school directors, the parents and teachers and the pupils.

In outlining his remarks he had four points, the first being that in which he said it was the duty of the school board to furnish adequate equipment; the second being that the parents should have sympathy with and support both the teachers and pupils; the third that the teachers should co-operate with the parents in the matter of instruction and fourth and last that the pupils should give their best efforts and attention.

The meeting was adjourned to meet the second Wednesday of April.

In the belief that a woman who fainted in the street was his wife, a man in London helped a policeman put her in an ambulance and took her to his home. The first thing he saw when he got home was his wife coming downstairs. The two women are said to be furnished the most remarkable case of "doubles" brought to public attention in many years.

Triumph Over Pile Misery In Five Days

Instant Relief With Doctor's Prescription—And All Gone in Five Days Or Money Back

In five days you can stop all worry, for no matter how aggravating your case may be—how much piles torture you—how much the burning makes you wince and the itching torments you—

You can be happy and comfortable if you will stop fretting and go to McKee's Kut Rate Store or any up-to-date druggist and get a dollar tube of Pile-Foe.

After you use Pile-Foe just once you'll be overjoyed—the relief will be so real and gratifying that you'll have to say, "That's great stuff; it's worth ten times its cost to get rid of such tormenting agony." Bear in mind Pile-Foe is guaranteed—Buy it with that understanding.

Shenango Township Parents-Teachers To Meet Monday

Meeting of the Parents-Teachers' Association of Shenango township originally scheduled for next Tuesday evening, has been advanced to Monday evening, on account of the inability of some of those sheduled on the program, being unable to be present on Tuesday night.

It will be held at the Old High School at Moravia stop. Among those who will take part in the program are John C. Syling, county superintendent of schools, who will speak on the state "Syllabus."

Regional Director Will Give Lecture

Sunday evening at 8 o'clock in the State Theatre, corner of Mill street and Long avenue, pictures depicting the progress being made in the rebuilding of Palestine, will be shown. There will also be a lecture by Isidor Kadis, regional director, in connection with the pictures. Admission will be free, there will be no collection and the public will be welcome to attend and see and hear what is being done in the reconstruction of the land of Bible times.

THE REASON

Literary Editor—"That young fellow Jones sent in a paper this morning entitled, 'Why Do I Live?'"

The Editor—"What did you do with it?"

The Literary Editor—"Returned it with a slip saying 'Because you mailed this instead of bringing it personally'!"—American Shorthand Teacher.

Paddle Loses Power Among College Frats

(Special To The News)

NEW WILMINGTON, Pa., March 10—Is the old pine paddle losing its power among college fraternity men? The writer concludes that it is after interviewing members of the five men's fraternities at Westminster college. Only representatives of men's fraternities were questioned for if the women fraternities use the paddle it has not yet become common campus gossip.

Not so long ago the paddle was the most influential instrument in the hands of an upper-classman in times of initiation. It was not used sparingly either. In the writer's four year's at Westminster he has seen several spanking parties where the paddle wielders lined up on the college athletic field as the hour approached when the owl was in its prime and the guilty freshmen or sophomore was given a sound whaling.

In the span of a few short years times seem to have changed. Whether or not this is the general trend in college circles is unknown but it is true at Westminster a school where fraternity life is a most important factor in the lives of students.

The questions put to fraternity men by the writer reveals that in this or that fraternity there has always been an element of students that were in favor of doing away with the paddle stressing more the ritualistic side of the initiation.

Especially this year has the paddle been viewed in a bad light. Several fraternities have already staged their initiation of freshmen, and the paddle has been nothing more than a threat. One or two of the fraternities have not yet admitted their pledges to full brothership but these groups are expected to follow rather than divert from the general trend.

It seems to be the opinion of the enlightened student world that approval or disapproval by the social group of which the under-classmen is a member is sufficient to bring him to terms without the use of the rod.

To Those Who Suffer Stomach Distress, Gas And Indigestion

McKee's Kut Rate Store, New Castle Drug Co., Eckerd's of New Castle, Inc., Make This Offer

Money Back If One Bottle of Dare's Mentha Pepsin Doesn't Do You More Good Than Anything You Ever Used.

You can be so distressed with gas and fullness and bloating from an over-worked, abused or weak stomach that you think your heart is going to stop beating.

Your stomach may be so distended that your breathing is short and gaspy.

You think perhaps you are suffocating.

You are dizzy and pray for quick relief—what's to be done?

Just one tablespoonful of Dare's Mentha Pepsin and speedily the gas disappears, the pressing on the heart ceases and you can breathe deep and naturally.

Oh! What blessed relief; but why not get rid of such attacks altogether? Why have them at all?

With this wonderful medicine you can overcome dyspepsia, or that condition of faulty digestion that keeps the stomach in constant rebellion and one bottle will prove it.

Over 6,000 bottles sold in one small New Jersey town last year—and the best druggists the country over concede that its phenomenal sales are due to the fact that most cases are promptly relieved. Ask for Dare's Mentha Pepsin, a pleasant to take, health-building stomach elixir that McKee's Kut Rate Store, New Castle Drug Co., Eckerd's of New Castle, Inc. and regular pharmacists anywhere in America guarantee.

Spring Ralley County C. E. Union

About 300 Young People Expected To Attend Event In Central Christian Church

About 300 young people are expected to attend the annual spring rally of Lawrence County Christian Endeavor Union which will be an event of Tuesday evening, March 22, in Central Christian church, Long and Pennsylvania avenues.

The rally will open with a banquet at 6:30. Pep singing and cheers by the different societies will be given. The evening service will begin at 7:30 with a song service led by Rev. Ross M. Haverfield, pastor of the Westfield Presbyterian church and president of the county C. E. union.

Rev. J. H. Kolb of State College, Pa., general secretary of the state Christian Endeavor society, will be the speaker of the evening.

The shield and banner which was awarded last year will again be given. The shield will be given to the society having the largest percentage of enrollment present and the banner to the society having the largest delegation.

Among the societies making a special effort to obtain the shield and banner are Bessemer, New Bedford, Princeton, Westfield, Central Presbyterian and Central Christian.

Rotary Club Hears About "Bull Fights"

GROVE CITY, Pa., Mar. 10. — The Grove City Rotary Club met for their regular weely noon-day dinner and business meeting, Tuesday in the Penn Grove Hotel banquet room. Robert Ingram, an attorney from Mercer, addressed the Club, speaking on "Spanish Bull Fights." Mr. Ingram has witnessed the spectacle of the bull fight in Spain and gave a very interesting talk, describing the event from beginning to end, as they occur every Sunday before a crowd of thousands of people. He stated that the attitude which allows the cruelty of these fights is just a matter of national training. A friend of Mr. Ingram's visiting this country from Spain, would not remain to witness the finish of a football game which he described as being too brutal and rough.

At their next meeting, Tuesday, March 15, the Rotary Club will entertain the surviving members of the G. A. R. living in Grove City, in honor of Colonel Maxwell's ninety third birthday. Dr. W. E. Purvis, of Grove City College, will deliver the main address.

Girls Outnumber Boys On Honor Roll

GROVE CITY, Pa., Mar. 10. — Sixty-six students of Grove City High school and the eighth grade are listed on the school honor roll for the month of February. Those students who have attained an average of 90 per cent or better in their studies for the month are included in the list. On the list are twenty Seniors, sixteen Juniors, eleven Sophomores, eleven Freshmen, and eight from the eighth grade. Of the eighty-six pupils on the list as announced by Professor Crowther, principal of the High School, only fourteen boys made the grade, which leaves seventy-two girls on the list.

While working in a manhole in Edinburgh an electrician was blown into the air by a gas explosion and landed in the street unhurt.

Increase Your Weight 5 Pounds In 30 Days Or Money Back

Doctors and good pharmacists know that Cod Liver Oil is full of vitamines that make flesh, create appetite, build up the power to resist disease and puts good solid flesh on skinny men and women.

But its repulsive in taste and smell and nearly every stomach rebels against it.

So now men and women who keep up with the times are taking McCoy's Cod Liver Oil Compound Tablets—rich in flesh producing, health building, strength creating vitamines and as easy to take as candy.

Try them for 30 days if you want to fill out those scrawny hollows in chest, cheeks and neck and gain strength and vigor. And bear this in mind if they don't help you in that time any druggist anywhere will return your money—But demand McCoy's 60 tablets 60 cents.

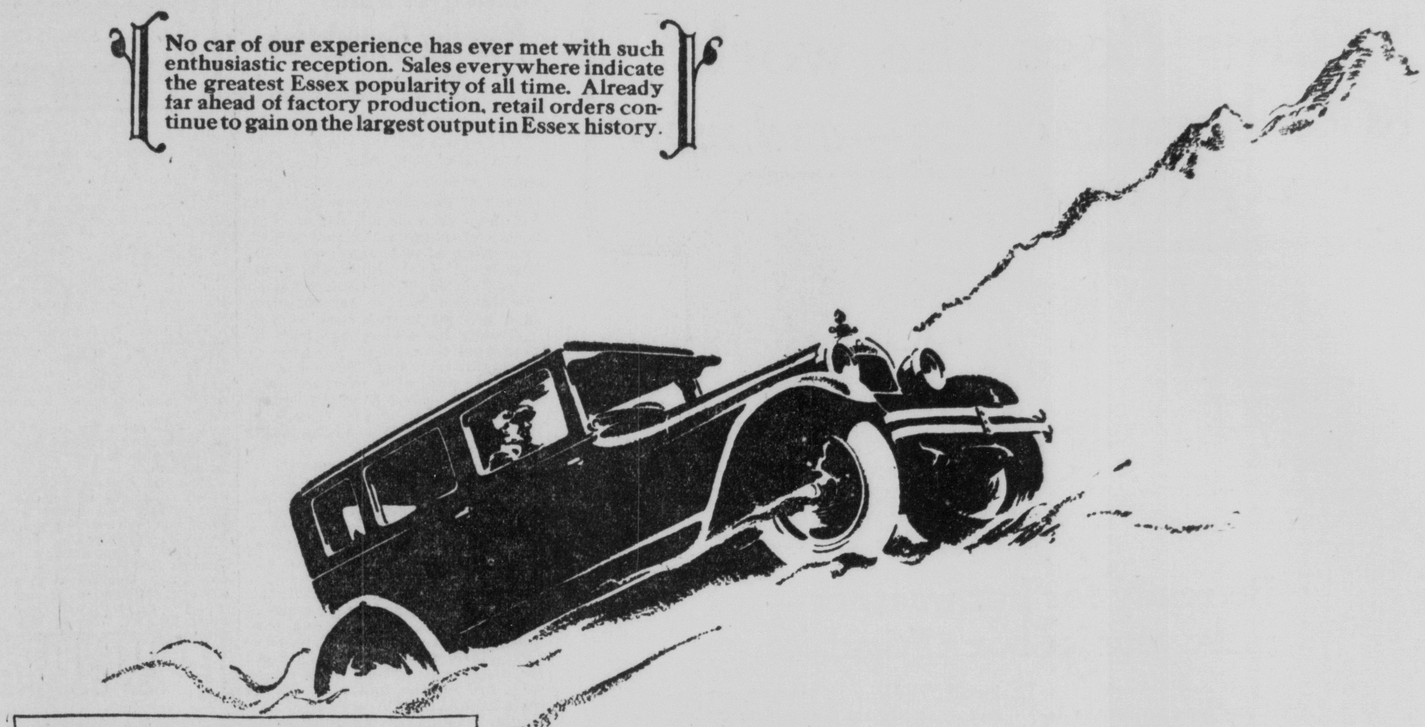
THE CASS WASHER

A Home Trial will convince you

Service Appliance Co.

337 East Washington Street. Phone 3802.

No car of our experience has ever met with such enthusiastic reception. Sales everywhere indicate the greatest Essex popularity of all time. Already far ahead of factory production, retail orders continue to gain on the largest output in Essex history.



ESSEX is a SUPER-SIX

And it differs from all other "Sixes"—not by little margins—but bold, vivid advantages that instantly stand out from all comparison.

Here is 50 miles an hour all day long, with ease to car and comfort to passengers. (Yet that is far below its maximum speed.)

Here is size, generous passenger room, simple, positive controls. No car of any price excels its easy riding qualities.

Here is economy, engineered not only to savings in fuel and oil, but particularly to freedom from early depreciation, and to lowest maintenance costs.

It is not merely that Essex easily matches large, high-priced cars in comfort. It is not only its speed, its quickness at the getaway or its easy mastery of the hills. Its charm is the combination of these qualities with a flying smoothness in action, and a responsiveness that heeds the lightest touch.

You may rarely use its over-capacity. But you do want the ability it gives. It avoids countless strains. It means ordinary driving, imposes no strain on motor or other mechanism. In every situation it means a better, more durable and lasting car.

There are five new bodies on the Essex Super-Six chassis—beautiful, smart in line, luxurious in upholstery and appointment. They are the greatest and deservedly most popular values Essex ever built.

London Phone Call Bears Steel Order To Mahoning Plant

YOUNGSTOWN, O., March 10.—The McKay Machine company received a large steel order via long distance telephone from Burton Griffiths & Co., Ltd., London, England, yesterday, the first trans-Atlantic order received in the valley.

It required 40 minutes to make the connection and the toll charge was $130.

HOUDINI'S BOOKS GO TO CONGRESSIONAL LIBRARY, IN CODICIL

NEW YORK, March 10.— Surrogate Foley today granted permission to Mrs. Wilhelmina Rahner Houdini, executor of the will of her husband, Harry Houdini, stage magician, to have the probate of his will, admitted January 13, reopened on the ground she had found a codicil of later date than that of the will. She told the surrogate the codicil expressly cancels a bequest disposing of Houdini's spiritualistic library to the American Society for Psychical Research and leaves it, together with the library on magic, to the Congressional Library in Washington.

FRENCH LAW MAKES WOMEN ALSO LIABLE FOR WARTIME DUTY

PARIS, March 10.—The army reorganization law, placing every citizen, man or woman, at call in time of war, was adopted by the chamber of deputies tonight, 500 to 31. Only Communists opposed it.

By this law, the general principle of equality of the sexes in defense of the country is laid down, but how far this liability applies to women, and whether the word "service" supposes women as well as men will have to bear arms, probably will be cleared up later, several amendments already having been introduced to except women from such duty.

Things to Know Before Baby Comes

THE expectant mother's comfort and well being is very important. And one of the most important things for her to do is to use Mother's Friend to keep the skin and muscles soft and pliable—thus aiding the tissues and muscles to relax and adjust themselves to the changes during motherhood. Mother's Friend is the formula of an eminent physician and has been used by expectant mothers *for over three generations.* No woman awaiting the joy of motherhood should allow the days to pass without using Mother's Friend.

Mrs. Laura Hendrix, Gracemont, Okla., writes: "I used Mother's Friend with all my babies and I think it is the grandest help that has ever been discovered for expectant mothers. I can't say too much for it."

Mother's Friend is safe for you to use because it contains no harmful drugs and is applied externally.

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 31, Atlanta, Ga., for *free* valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—*everywhere.*

Another 'Roundhead' Veteran Is Dead

ROCHESTER, Pa., March 10.—Robert A. Smith, former Beaver county commissioner and one of the last three survivors of the famous "Roundhead" regiment in the Civil war, died in his home here, 83 years old. In March, 1862, he enlisted in Company K, "Roundhead" and served until the close of the war, taking part in 22 battles and skirmishes.

He was one of the founders of Grace Lutheran church here. He took a prominent part in local Democratic politics and in 1881 was county commissioner and for more than a quarter of a century served on the school board and as assessor. Until recently he was secretary of the Rochester borough council. At the time of his death he was registrar of vital statistics.

He had served as president of the Roundhead society, was a member of the Union Veteran Legion and Grand Army of the Republic.

HIS THREE-LAYER PATENT MEDICINE OIL, HONEY, RUM

BIDDLEFORD, Me. Mar. 10. — For selling a three-layer patent medicine combination in his drug store, Louis Pelletier today was sentenced to serve 14 months in jail and was fined $1,400. The top layer was cod liver oil, the middle honey and the bottom, rum.

Evidence showed that customers by pushing a straw through the top layer, could get two good-sized drinks of rum and honey for $1 without tasting the oil. Prohibition officers seized the stock.

An appeal will be taken, on the ground the Volstead act permits alcoholic content in medical preparations.

LETTERS TO THE NEWS

MORE OLD COINS

Editor New Castle News,
New Castle, Pa.

Dear Editor: I see by a recent issue of The News that a citizen of Slippery Rock has coins that antedate those of the Linesville neighbor.

Until six years ago I was a resident of Linesville, but now reside in New Castle. I have coins that can further antedate these coins.

A few from my collection are: one U. S. dollar of 1798, one U. S. dollar of 1803. Stamped around the edge of each of these coins is "One Dollar or Unit Hundred Cents". Two 50-cent pieces, dated 1807, which have stamped around the edge, "Fifty Cents or Half a Dollar". One U. S. note for 10 cents of 1874 (paper money); two U. S. half dimes of 1853, six large U. S. pennies, the oldest of which is 1817; two three-cent pieces, three two-cent pieces, one New Foundland 50-cent piece, nine eagle pennies and one $5 Confederate "Shin Plaster".

Very truly yours,
E. W. GUY.

CHILDREN CRY FOR

Fletcher's CASTORIA

MOTHER:— Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of Chas. H. Fletcher. Proven directions on each package. Physicians everywhere recommend it.

Mail Boxes Are For Mail Only

Letter or mail boxes of any kind are not permitted for the use of advertisement, according to instructions received from the United States Postoffice Department by E. W. Crawford acting postmaster of the New Castle office.

A postmaster in Massachusetts granted permission to a druggist to use a combination letter and package box located in front of his store as a place to put advertisements. The postmaster general has stated that no postmaster has authority to grant such permission, nor is it allowed to place government advertising on such mail boxes without permission from the department.

Mr. Crawford says that he does not know of any cases of this having been done in this district but it has ben called to his attention several times a practice which is just as much unlawful.

This practice is the placing in rural or city mail boxes matter of any kind except mail. Merchants and others have sometimes used mail boxes both on the rural routes as well as the city routes for placing pamphlets or other advertising matter. This is entirely contrary to the law and persons doing so are liable to punishment by the law.

Aged Physician Dies Of Injuries; Falls Down Stairs

(International News Service)

SCRANTON, Pa., March 10.—Injuries suffered in a fall last night resulted in death early today to Dr. Issaac O. Goodman, 65, one of the oldest and most promising practicing physicians in north-eastern Pennsylvania.

Dr. Goodman suffered a fractured skull when he fell down a flight of stairs in his office building here.

Arrested For Failure To Pay Their Taxes

Jess Morgan of the Third ward and Joseph Cobellis of Division street, were arrested by Deputy Tax Collector Phil Greer for failure to pay their personal taxes, amounting to $6.93 each. Morgan paid and was released the same day he was placed in jail. Cobellis remained in jail over night and then paid.

Each had to pay costs in addition to their taxes.

Other arrests are to be made of persons who have failed to pay their personal taxes to the city treasurer.

OVER 200 VETERANS IN LOCAL PLANT ARE GIVEN MEDALS

(Continued From Page One)

workers were seated at five long tables, running north and south, while the speakers' table was across the front from east to west. Banquet was served by Wimodausis ladies. It was first class in every particular. The tables were tastefully arranged, with plenty of cut flowers and potted plants, along with other decorations. Just as the banqueters sat down E. E. Seavy exploded a bomb by the flash of which he was able to take a picture of the gathering.

Novel Entertainment.

In one end of the room was a radio from which a novel program was rendered. The novelty consisted in the announcer dedicating different selections that were played to individual banqueters. Some very good local hits brought rounds of applause. The program consisted of vocal and musical selections.

Medals Distributed.

During the progress of the banquet General Superintendent Tully announced that the medals would be distributed. They were given to the men as they sat at their tables. The medals were made of silver. On one side they contained a picture of Judge Gary, head of the United States Steel corporation, of which the Carnegie Steel company is a subsidiary. On the other side was the name of the recipient of the medal, together with a statement that it was for 25 years' service. There was also a picture of a steel mill scene. Each medal was done up in a neat leather case.

Two Gold Medals.

In addition to the silver medals, two gold medals were presented. One of these went to Mrs. Barbara Schmidt, oldest pensioner of the company. Mrs. Schmidt had been enrolled for 51 years. Supt. Tully asked her to arise when the medal was presented, and she was given a great ovation.

The other gold medal went to W. R. Jones, who had a record of 53 years of service. Mr. Jones also arose and was given a round of applause.

In awarding the medal to Mr. Jones, Mr. Tully told of the great pleasure it gave him. Away back in 1895, when he had started to work in the old New Castle Wire Nail mill, Mr. Tully said that he had walked to work the first morning with Mr. Jones. He had served with Jones in the tin mill and in all had been associated with him for 32 years.

Hartsuff Has Good Time

O. J. H. Hartsuff, formerly superintendent of the local plant of the Carnegie Steel Company, but now head of the Edgar Thompson Steel Works, was here and had the time of his life shaking hands with "the boys". He knew everyone of them and could call them by their first names. Hartsuff had a place mapped out for him at the speaker's table, but did not stay there long. He wanted to be out in the hall reviewing old times with the "veterans". In a brief address he said that there was no place in the world he would rather come than New Castle, because he loved all the men in the mills. He wished the veterans health, long life and prosperity.

New Castle Men Lauded

John A. Oartel, from the safety department of the Pittsburgh works, told of the great pleasure it gave him to see the way things are done in New Castle. He said that he had been here the first time 10 years ago and had been here many times since. He characterized New Castle as a "homey" town. "There are more and finer houses here than in any town of this size that I know of", he said. "More people own their homes. It is a great thing to be a home owner. It gives you standing in a city. It makes you interested in the city's welfare and growth, and this is reflected in the industries of the city.

"On account of the many home owners there is less labor turnover in New Castle than in any plant of the Carnegie Steel Company. The reason is because of the homes which you have built.

Veterans of Peace

"New Castle has another distinguishing feature. There are fewer accidents here than anywhere else. New Castle works heads the list in safety. It is a great thing for you men to have completed 25 years of service. When we think of a "veteran" we often associate him with war, but you men are veterans of peace."

Mr. Oartel traced the welfare work done by the company largely a development of work inaugurated here. Today the company has adopted all the means at its command for taking care of those who are disabled or who are taken ill."

"In some countries", said the speaker, "we hear of Bolshevism, which is anarchy. In some countries they have a dictator. The future of some countries of the old world seems uncertain, but I am not afraid for America, for America is filled with men like you, men who are trying to do a fair day's work for a fair day's pay. I feel optimistic for the future. I feel optimistic for the New Castle plant. I am sure that you will find that Mr. Tully will treat you right."

Story of Corporation

A. R. Mathieson of Pittsburgh, director of welfare, gave a brief outline of the history of the United State Steel Corporation from its inception in the minds of Judge Gary and J. P. Morgan, to the present time, dwelling particularly on the work that has been done along safety lines.

He showed that at the time the corporation was formed there was a prejudice against trusts and how that prejudice had been overcome through the wonderful way that the corporation takes care of its sick or disabled employes. It has always been Judge Gary's policy to spare no reasonable expense along this line.

He said that New Castle works had pioneered in many lines. The first relief association was formed here. The safety work here resulted in the development of the Carnegie safety calendar and the New Castle plant was the first to inaugurate group insurance, moves that have been followed in the other plants of the company.

David E. Mackey, a retired foreman from the Edgar Thompson works with 53 years service, who came down with Mr. Hartsuff, made a few remarks in which he told of the pleasure it gave him to meet the men here.

Work Commended

Fred L. Rentz, president of the News Company, told the men that he felt that he was one of them. Although he did not work in the steel mill he has been 45 years on one job. He commended the Carnegie Company employes for their faithfulness, and also for their part in helping to build up New Castle. He was pleased to know that so many of them own their own homes. He told about his recent trip through the south, stating that nowhere had he found better opportunities than are to be found right here in New Castle.

Good Citizens

C. W. Chilton, secretary of the Chamber of Commerce said that no man can work 25 years for a company without making a well rounded out citizen. A man who has served so long contributes more than he knows to the prosperity and progress of the community. His example is an inspiration to the younger generation. Although he has been here only a short time Mr. Chilton said that he had been more at home here than anywhere he ever lived, because of the good class of citizenship.

The meeting was brought to a close with three rousing cheers for Superintendent Tully.

Committee In Charge

The committee in charge of the affair was as follows: R. J. Tully, chairman. John C. Taggart, A. W. Urmson, C. H. Hilborn, George R. Brown, E. J. Blanning, R. B. Davenport, A. L. Hilborn, C. L. Hughes, R. C. Melvin, C. D. Mills, J. K. Heess, R. H. Updegraph, C. B. Phillips, J. L. McMillin, J. C. Allen, T. R. Trodden, D. B. Wolcott and J. C. Miller.

Those at the speakers table were: Supt. R. J. Tully, Assistant Superintendent, John C. Taggart, Dr. H. E. Zerner, D. B. Wolcott, A. W. Chilton, J. P. Caldwell, J. A. Oartel, F. L. Rentz, O. J. H. Hartsuff, George W. Conway, Attorney H. K. Gregory, David Mackey, C. J. Miller, A. R. Mathieson, Dr. A. W. Urmson.

Tall Man! Short Man! Fat Man! Slim Man!

Cheswick & Bromford come in sizes to fit every type of man..

In our more than twenty years of fitting clothes to the man (not the man to clothes) our experience has coveted every size and type of man—every proportion and build—of every degree of height and corpulence.

The broad-shouldered man
The tall slim man—
The short fat man—
The tall and fat man—
The short and thin man—

This experience has been classified and tabulated into a chart of specifications and every Cheswick and Bromford regardless of size is tailored strictly in accordance with these specifications.

The Julian Goldman Store Specifies Every Detail

Every detail that enters into the making of your suit ... from the choosing of the fabrics to the actual cutting and sewing and finishing.

Reason it Out for Yourself

How often have you found a certain size to fit you on one occasion ... only to be a sorry misfit on another.

That's because there is as much difference *in* sizes as *between* sizes.

When the Julian Goldman Store Says its a "36" it IS a "36"

Not a rough 36—or a 36 which is approximately so. A Cheswick or Bromford 36—or any other size—is a perfect 36 or perfect in any other size, which by actual test and past experience we know to be perfect—cut and sewn with a knowledge of the masculine figure.

And—what is more—regardless of whether you choose a Cheswick at $27.50 or a Bromford at $37.50, the suit you choose is made to the same specifications, with the same fine tailoring. The difference in price is the difference in cost of the fabrics and trimmings.

Are You Hard to Fit?

Do you have difficulty in getting the sort of clothes that meet your preference? Do you have to compromise between the clothes you want and the clothes that fit you? Are you one of the countless men (more and more of whom are coming to us) who have to forego color or style simply because it just isn't to be had in their style?

If So You're the Man We Want To See—

because Cheswick & Bromford at the specialized prices of $27.50 and $37.50 are also specialized to fit you from every standpoint—perfectly, personally and financially.

You can choose from a variety of styles and colors and from two price groups that offer the greatest clothing value per dollar the market has ever offered.

"A Message for Men" is the title of an interesting booklet we have just published. It gives some very informative and decidedly interesting facts about clothes—their making—and how to appraise quality. Just write—or step in—and we will be pleased to give it to you.

The Julian Goldman Plan of Convenient Payments is at your Service at all times. There is no extra charge for this privilege.

The Cheswick $27.50
The Bromford $37.50

Rabinovitz Writes Fine Composition

North Street Junior High School Pupil's Essay Is Published

Herbert Rabinovitz, a student in the 8B grade of the North Street Junior High School has been highly commended by the principal for the following composition on the subject "Why It Is Important To Use Arm Movement."

Mr. Thacker says that he seldom has seen a subject so well handled by a student as young as Herbert.

The composition follows:

Arm movement in writing is coming into use more and more, supplanting the old style of finger movement. The reasons for this are obvious. In the first place, it is easier than the cramped finger style. It permits a greater freedom of the arm and fingers and is less tiresome. You can see why this is so if you think a moment. The muscles in the forearm act as a gliding rest and the fingers slide over the page with ease. The hand is not cramped and it is able to write longer without tiring.

From the standpoint of the reader it also surpasses the old style. The letters flow along evenly, are formed better, are neater and are better spaced.

"Yes," you may say, "But what is the differeice? People use the typewriter now a days." While it is true that typewritten letters are used in business communications, handwriting is one of the best business assets there are.

In a letter of application how much more likely it is for the employer to give preference to a neat handwritten letter! In advertisements you often see" Apply in own hand writing."

Since it has been proven that arm movement writing is best, we should all avail ourselves of the training given in the New Castle Public Schools.

Unfilled Steel Tonnage Report Shows Decrease

(International News Service)

NEW YORK, Mar. 10.—Unfilled orders of the United States Steel Corporation decreased 203,058 tons in the month ended February 28, the corporation stated in its monthly report today.

Forward orders on February 28 aggregated 3,597,119 tons, against 3,800,177 tons as of January 31 and 4,616,822 on February 28, 1926.

Pittsburgh Man Dies Of Injuries In Auto Accident

(International News Service)

PITTSBURGH, March 10.—C. P. Kalbough, 40, local district manager of the Ford Motor company, died in a hospital here following injuries suffered in an automobile accident today.

Miss Jane Eastman, 28 of Pittsburgh, and Gerald Johnson, 38, who were in the machine with Kalbough, suffered minor injuries when the car struck a cement safety island.

PEEPER REPORTED

Mrs. Thomas of 1109½ South Mercer street reported to the police last night that some unknown man was peeping in at the windows of her home and officers were detailed but unable to locate the man.

Kill the Assassin

The common cold germ is a deadly assassin. He attacks young and old alike. Kill him and you kill your cold. Don't wait; don't fool when you have a cold. See your druggist and get a fresh box of Bulgarian Herb (Blood) Tea. Take it steaming hot. Away goes your cold and you are safe. 35c-75c-$1.25.

GLEE SOCIETY TO SING TONIGHT IN BEAVER FALLS

The New Castle Glee Society will this evening present a program in the Baptist church of Beaver Falls. There will be about thirty voices in the group singing there tonight and the chorus will perform under the supervision of David West, the director. The party will leave by automobile at 6:45 o'clock this evening.

COLDS
New Prescription Relieves OVERNIGHT

No longer need a cold hang on for days. Science has evolved a new prescription which relieves overnight. In fact, after the first dose you can actually feel your cold slipping away. Clogged nostrils are opened, nose discharge is stopped, stuffiness, fever and ache vanish. This new prescription contains no quinine to make the head roar and upset the stomach; no acetanilide to weaken the heart; no harmful drugs whatever. Mildly laxative but not griping. Ask for Thoxine Cold Tablets, 50c. Sold, on money back guarantee of amazingly quick relief, by Love & Megown and Terminal Drug Store.

Britain's Cruiser At Nicaraguan Port Part Of "Deep Game," Senator Avers

SENATOR HENRIK SHIPSTEAD.
By CHARLES P. STEWART.
Exclusive Central Press Dispatch to New Castle News.

WASHINGTON, March 10.—"Is Great Britain's dispatch of the cruiser 'Colombo' to Nicaraguan waters a threat against the Monroe Doctrine?" asks Senator Henrik Shipstead of Minnesota.

"Pooh!" he replies. "Great Britain disavows any such intention and undoubtedly disavows it sincerely. Nevertheless, the 'Colombo's' presence off Nicaragua gives the state department an excuse to plead that the United States must intervene in the new world's troubles or other powers will intervene to protect their own nationals, thus violating the Monroe Doctrine.

"The obvious effect is to strengthen the state department's position with the American people in such situations as that in Nicaragua.

Senator's View.

"Why this British policy of helpfulness toward the state department? Well, the British are playing a very deep game. If department's plans in situations which do not concern Great Britain, as in Nicaragua, Great Britain may conceivably expect the state department to favor British plans in other fields which do concern her—shall we say, for instance, in China?

"Another consideration, doubtless, is that such United States' methods as those used in Nicaragua antagonize all Latin-America against this country, with damage to our friendly relations, political prestige and trade throughout the entire family of republics to the southward. Whatever we lose in this respect is so much gain to Europe, including Great Britain.

"Is it not natural for the British to make it as easy as possible for the state department to pursue a policy whereby they gain at our expense?

"A Pretext," He Says.

"As for Great Britain's claim that her nationals in Nicaragua might need a cruiser as a refuge, that evidently is the merest pretext. The trouble in Nicaragua was an old story long before the 'Colombo's' dispatch to Corinto was suggested. When the 'Colombo' finally was ordered thither, United States' marines already fully dominated the situation and were giving full protection to all foreign lives and property as well as citizens of the United States there.

"Thus, the only genuine occasion for the presence of British forces in Nicaraguan waters would be the deliberate intention to defy the Monroe Doctrine, which is too silly a theory for serious consideration."

Senator Henrik Shipstead.

Department's Answer.

While no individual official of the state department would make any comment on Senator Shipstead's assertions, the division of current information of the state department presents this as the administration's side of the case:

"At the outset the British government left the Nicaraguan situation exclusively to the United States, presumably because it considered the latter protecting everybody and British nationals then were not particularly insistent. Later, British residents began demanding protection under their own flag, with increasing urgency. On February 15, the British charge d' affairs at Managua asked President Diaz of Nicaragua for guarantees. The United States gave assurances of protection, but avoided the word 'guarantees' as implying indemnification in event of loses.

Ambassador's Statement.

"Subsequently, Sir Esme Howard, British ambassador to the United States, informed the state department the British contemplated sending a cruiser. Then, that they had reluctantly decided to send it. He emphasized that no landing was intended, but that the cruiser was intended simply for rescue purposes in the event of danger."

References to the Monroe doctrine are studiously avoided by the state repartment. But it is abundantly clear on both sides that no violation was intended or suspected. Moreover, the state department not only has never attempted to impress this country with the notion that the Doctrine is threatened for foreigners unless the United States protects their interests. But the department has emphasized that the Doctrine is not an issue in this case.

Even though the 'Colombo' is unnecessary at Corinto, it is the department's impression that the British prefer protection under their own flag to any other, just as Americans prefer theirs when endangered anywhere abroad.

Smoke Nuisance Fight Starts In St. Louis

(International News Service)

ST. LOUIS March 10.—Probably explaining why George Sisler famous first baseman for the Browns was handicapped for almost three years in baseball, William G. Christy, executive secretary of the Citizens' Smoke Abatement league declared that physicians in other parts of the country term St. Louis "the home of sinus trouble."

The league is pushing efforts in this city to reduce toward elimination the smoke menace of St. Louis, which at times becomes so great as to darken the city during day time.

"While the deleterious effect of smoke and soot on health has not been authoritatively determined" Christy said "it is generally agreed by medical authorities that the sulphuric acid in smoke and soot has an irritating effect on the mucous membranes of the nose and throat and lungs which while it may not increase disease nevertheless has a tendency to make diseases more aggravated."

MAN'S LEG BROKE, BADLY HURT WHEN ATTACKED BY HAWK

LOS ANGELES, March 10.—A hawk which evidently subscribed to the theory that the bigger they are the harder they fall, put up a battle in defense of its nest which left a Los Angeles gas and electric company lineman in a hospital today with a broken leg, two fractured ribs and numerous cuts and bruises.

The lineman was working in a tower on power lines near saugus, according to the report to Los Angeles headquarters, when he noticed the bird's nest and shoved it over with his hand. The hawk, attacked so viciously that the man fell from the tower.

A man named Tschatkonwski, living in a village in Central Prussia, claims to be 145, and a woman named Malariewa, in Russia, 131 years old.

Makes Statement Of Tax Collection Cost In Lawrence County

Women's Voters League Favors Tax Bill 178, Reducing Tax Collection Costs

One of the bills in the present General Assembly which seems to be spending a lot of time in committee is the Schantz bill or Senate Bill 178, known as the Tax Collection bill. This bill which has the support of the League of Women Voters, but the opposition of the Tax Collectors' league and a number of the Granges.

The bill is designed to cut down the cost of tax collection in this state and put the collection upon a basis similar to that of Ohio.

Recently the Pennsylvania Bulletin which is the official organ of the Pennsylvania League of Women Voters published a list of collection costs. The list shows that in 1923 it cost Lawrence county $54,824.55 and in 1924 $52,550.35 to collect the taxes. The statement is made that for similar amounts in Ohio the cost would be about $10,000.

The statement follows:

Lawrence County.

Pay of assessors, 1923, $8,985; 1924, $9,213.50; total cost of tax collection 1923, $54,824.55; 1924, $52,550.35; total of assessing and collecting, 1923, $63,809.55; 1924, $61,763.85. Population, 85,545. Taxes, 1924, $2,548,048.48. Number of assessors, 1923, 33; 1924, 34; of collectors 26.

Elsewhere the same amount of taxes is collected for between $10,000 and $13,000 and in Ohio the maximum county salary for tax collection is $6,000. An indication of the variation of costs of collection in Lawrence county is seen in the fact that in 1923, $427,216 in county taxes were collected at a cost of $14,685 while city taxes totalling $394,188 were collected for $5,473.

In addition to the assessment made in the county there is another assessment made by the city of New Castle where two assessors are appointed to make valuations for city purpose. The city treasurer collects city taxes. County taxes are collected by the county treasurer up to September 1 when the delinquent tax collectors are appointed.

WESTERN GOLD CAMP CLAIM JUMPERS ARE GIVEN WARNING

TONAPAH, Nev., March 10.—The rush of gold seekers to Weepah, Nevada, which has created a miniature tent city there since discovery last week of gold ore assaying $78,000 to the ton, continued today with grim prospectors replacing the pleasure seekers who flocked to the scene over the week-end.

The men who staked out claims have been correcting boundaries to forestall claim jumpers. The gold fever burned so intense that miners found no time for artificial stimulants, and two bootleggers who set up business in the camp reported business dull.

Three claim-jumpers furnished diversion for the camp for a brief period yesterday. The locators ordered them "off the ground" and said it with intensity of feeling which contained no hint of "maybe" or "perhaps." The order seemed at least temporarily effective.

Girls! Buttermilk Creates Beauty Overnight

The first application of Howard's Buttermilk Cream will astonish you. It creates beauty almost like magic, but the most wonderful thing about it is the fact that while it turns the dullest, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

It is absolutely harmless and will neither produce nor stimulate the growth of hair. Furthermore, you will find it the most perfect base for powder. Within twenty-four hours this wonderful combination will work a marvelous transformation. For sale by McKee's Kut Rate Store, New Castle Drug Co., Love & Megown.

Berlin Police To Curb Street Mashing By Men

(International News Service)

BERLIN, March 10.—Berlin men do not seem to behave. Showered by complaints of women that the men in Berlin streets are "pretty fresh" the police president has deemed it necessary to recall to his forces a regulation prohibiting men to address women in public. Offenders against this regulation are liable to be penalized with $35 or may be sentenced to a fortnight's imprisonment.

However since the regulation has been ordered to be strictly enforced the number of offenders decreased considerably says the president.

Some papers commenting on the regulation believe that the order of enforcement is the result of American modelled puritanism.

DYING MAN HELD AS "DRUNK"

BEAVER, Pa., March 10.—An attempt is being made to find relatives or friends of Joseph Urban, 45, a Serbian, who died in the Rochester General hospital last Saturday from injuries suffered in an automobile accident February 28. Urban was thought by police to be under the influence of liquor and was committed to jail where he died without revealing anything about himself.

OLD CORNS COME OFF BY THOUSANDS

Our clerks are demonstrating how easily "END-O-CORN" removes the most stubborn old corns or callouses—even Vascularn.

All this and next week hundreds of men and women will profit from the demonstration being given at our stores about END-O-CORN.

All those who have stubborn corns or callouses and who have become discouraged by the poor results obtained from the use of advertised "corn cures" should surely come right away to hear about "END-O-CORN," the only remedy that will surely remove all corns and callouses quickly and without pain.

If you live too far away, write to END-O-CORN LABORATORIES, 4 Garfield Blvd., Chicago, and we will see that you receive a jar.

Many Activities Are Noted At Bessemer

(Special To The News)

BESSEMER, Pa., Mar. 10.—Just another six weeks exams have passed and the students of the Bessemer High are breathing more freely. They are ready to settle down to work. Along with their studies, to keep them busy, a variety of interesting features will occur to take up their spare time.

A few consider Bessemer a quiet town due to its small size but when we, at the same time, consider its actions it is really a "live wire," as you shall see further down this column.

BASKETBALL GAMES

The Bessemer High squads clash with the North Lima Cagers Friday evening. Both games promise to be interesting as both teams are credited fast, shifty, and aggressive. Bessemer, confident of a victory, is training hard for the fracas.

CHAPEL PROGRAM

An exclusively Junior Program was given in the Bessemer auditorium Thursday morning. Mr. Byler, the Junior home room teacher was in charge.

The orchestra started the program and a few snappy songs were sung by the class.

Ida Mae Beale gave a very colorful and dramatic history of the class.

A farce debate by Messrs. Glassic and Snyder, ridiculously humorous in its simplicity proved a regular "hub-bub."

A class poem, concerning the romance of the class was read by Hettie Crum.

As a vocal number the double mixed quartet won great applause. Oliver Engle was next on the program. He delivered a comic sermon.

The original paper, by Dorothy Nord, and the Prophecy by Lynford Gross were unique in their line, in that they mixed fact with humor, thus making a pleasing combination.

The piano solo by Audley Snyder was also graciously received.

The culmination of the program was a play written by John Mackey. The hobo acts proved to be the most popular.

As the Junior Class sang a class song and the class flag in all its glory and dignity was unfurled by Tony Glassic, and Lynford Gross. No "rush" was made for the flag, but at noon the Juniors nearly lost their symbol but finally they came out victorious.

FRESHMEN PARTY

In compensation for one given to them in the preceding year, the Freshmen boys are giving a party in honor of the Freshmen girls at the High School auditorium, Thursday evening.

Games and the customary "eats" will feature the party but the most interesting part will be the basketball game between the boys and the girls of the class.

EXAMS

Out of the chaos of examinations the students of the Bessemer High school are now earnestly and breathlessly studying the results of their efforts.

Not only are the exam days a nervous experience to those who burn the "midnight oil" but also to those who cram the knowledge into their heads a few days before the exams.

The office records show that out of the 225 students there were several failures and a few passing marks. The returns were a blow and disillusionment to many, who now feel that a line must be drawn and a different showing be made in the next exam. This will save a lot of worry.

Really Comic Show

Next Saturday night Bessemer is to be amused by a really comic show. At last the powers have succeeded in obtaining "So's Your Old Man." Along with this splendid comedy will be shown the really educational picture, "Byrd's Polar Triumph." Byrd, after seeing the North Pole, its glittering mysteries and its baffling challenge to science, has brought back with him the vision so that the millions, comfortable in the ease of their theatre seats, may see and be thrilled without danger. Don't miss this treat.

BIRTHDAY PARTY

Mrs. Elsie Glasgow of Bessemer entertained a number of little folks Friday evening, March 4, in honor of her little son Robert, who was six years old. The hourse were spent in playing games, telling stories, and singing songs. Many gifts were received by the honor guest. The hostess was assisted in serving dainty refreshments by her sister Mrs. Louise Kohler of Canton, O. The guests included Doris Campbell, Ada Winland, Lois Chaddock, Betty Kanengeiser, Charles and Jean Horis, Jimmie Wallace, Eleanor, Evelyn, and Edwin, sisters and brother of the honor guest.

Tried

Ed Powell, fifty, went on trial at Henderson, Ky., on charges of murdering Elmer Yates. Jointly accused with him was Frances Higgs Yates, nineteen-year-old wife of the dead man.
(International Newsreel)

Woman's Debate Teams To Meet On March 16

GROVE CITY, Pa., Mar. 10. — The Grove City College Woman's debate teams, which will compete in a triangular meet with colleges of Westminster and Geneva, have been picked from the number of candidates to try out last week. The affirmative team, which will travel to New Wilmington to meet the Westminster negative, consists of Beulah Velock, Almira Rhea, Ruth Sangree and Helen Bow. The negative, which meets Geneva's affirmative here, includes Marie Fisher, Mary George, Margaret Shaffer, and Mariette Edmund. The triangle debate is scheduled for the evening of March 16th.

No country can keep out undesirables without the hearty co-operation of the stork.

STOMACH UPSET

Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods, Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. Know them by their olive color. They do the work without griping, cramps or pain. All Druggists.

Take one or two at bedtime for quick relief. Eat what you like. 15c, 30c, 60c.

4% Interest — The Annual Meeting Of The STOCKHOLDERS OF THE DOLLAR SAVINGS ASSOCIATION will be held March 16, 1927, at 7:30 o'clock P. M., at the Association rooms for the purpose of electing directors and transacting any other business properly coming before the meeting. — 4% Interest

Rheumatism!

You Must Get Quick Relief or Money Back Says McKee's Kut Rate Store and Ellwood City Agent F. L. Schweitzer.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenrhu, the enemy of rheumatism, does not show the way to ease the agony, help reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished often in the most severe cases where the suffering and agony was intense and piteous and where the sufferer was almost helpless.

Druggists everywhere guarantee it as above in every instance.

HOUSEHOLD HINTS
BY MRS. MARY MORTON

MENU HINT

Most people use tapioca only in puddings, but the soup recipe in the following menu gives it another use that may be new to you. A fruit salad is often the answer to "what shall we have for dessert?"

Tapioca Soup — Cottage Cheese
Rye Bread — Butter
Candle Light — Wafers
Tea

TODAY'S RECIPES

Tapioca Soup—To two quarts of water put a soup bone, salt to taste, chopped onion and few shakes of celery salt, and let simmer one hour. Add cup of tapioca and stir occasionally, till it thickens. When serving add one-half cup milk to one cup soup.

Candle Light—Place slice of pineapple in sherbet. Cut a banana in half and fit in center of pineapple. Put a cherry on tip of banana, letting cherry juice run on whipped cream which is put around the banana. Banana represents candle. Cherry the light and the juice the running wax.

SUGGESTIONS
For the Corners

Soak one of the wooden meat skewers that come in roasts in water before starting to scrub the baseboard of the kitchen. It is invaluable when you come to the corners, as after digging it forms a stiff little brush on the end that fairly pries out the dirt. This same little brush is also handy when cleaning the obstinate corners of the roasting pan.

Good Tea and Coffee

To insure good tea and coffee the pots should be rinsed daily with boiling water and afterwards thoroughly dried.

Keeping Meal Warm

The best way to keep dinner warm for the late-comer is to put slices of meat, vegetables and potatoes in a flat pan and place the pan in a larger pan and place the pan in a larger basin containing boiling water. Gravy should be warmed separately just before the meal is served.

A fawn canary, priced at $500, and two blue canaries, each $250, were among the exhibits at a recent bird show in London.

Breaks Arm While Cranking Auto

Gerald Scott, Croton avenue, suffered a fracture of the right arm, just above the wrist Wednesday afternoon while cranking his Ford in front of his home. He was removed to the New Castle hospital where an X-ray was taken and the bone set. He is getting along nicely.

It costs more money to live perhaps, but not more labor.

Beaver Townships

The following is the honor roll of the Centennial school for the month ending February 28th, 1927.

Those missing no days are John Fontanella, Francis McKim, Russel McDonald, Robert Dukovich, George manuras, Keith McKim, Joe Dukovich, John Manuras, Wayne McDonald, Vernon Shearer, Elton McDonald, John Karner, Carl Karner, Nick Ventilla, Dora Lyons, Mary Fontanella, Barbara Dukovich, Mary Hervantine, Sabina Pope, Gretta Shearer, Victoria Ventilla, Jennie Ventilla, Marie Pope, Carman Piercy, Anna Hervantine, Helen Hervantine.

Those missing one day or less during month are: Albert Sumner, Eugene Mathews, William Mathews, Loise Fontanella, Mary Jane Sumner.

Enrollment—17 boys; 15 girls.

Percentage of attendance for month—boys 99, for term, 97; girls for month 98, for term, 95.

James Beatty, teacher.

The first play of the Big Beaver's series will be given by the Liberty Grang. "His Uncle's Niece," at Big Beaver Grange hall, Friday evening, March 11.

Sleep Without Drugs Says Noted Drugless Specialist

Former Battle Creek Sanitarium Doctor States Amazing Flaxolyn Discovery Relieves Constipation Condition Naturally and Brings Sound Restful Sleep by Perfecting Digestion. New Castle Doctor Announces Formula.

Thousands of local folks who formerly suffered with nights of sleeplessness and days of agonizing stomach distress due to constipation, now feel fit, eat with keen appetite and sleep serenely since taking Nature's own formula, Dr. Luntz's Herbal Flaxolyn.

According to the statement issued by Dr. A. W. Herr, former physician at Battle Creek Sanitarium, Flaxolyn is recommended for two reasons: First, it is not a secret prescription, and, second, it does relieve in a natural way that dread condition called Constipation. In several cases under my care, where auto-intoxication prevented sleep, the use of Flaxolyn has been the means of so cleansing the colon that nautral sleep is now the usual thing and life has taken on a different aspect for them."

Dr. Geo. Starr White, prominent health writer and specialist, aroused kidney and stomach sufferers by taking an open stand in praise of Flaxolyn when he said, "I know of no remedy that can equal Herbal Flaxolyn as a corrective for chronic conditions of the bladder and kidneys—no more natural formula for 'self-poisoning' due to constipation."

Dr. Benedict, President, American Naturopathic Association, says: "Flaxolyn is a natural food-laxative and priceless in all digestive ills."

That is the unique feature of Flaxolyn—it is a

FOOD-LAXATIVE, NOT A DRUG

Hundreds of other doctors and health sanitariums all over the world who have used Flaxolyn in the treatment of such symptoms as dizzy spells, liver disorders, indigestion, sleepless nights, kidney and bladder troubles, have already written in praise of Flaxolyn.

Flaxolyn is sold in boxes containing many treatments, at $1.00, and may be obtained from William M. Davies, leading New Castle Naturopatic Doctor, 1308 S. Jefferson St.

FREE DIET ADVICE

Dietetic advice is given free with all purchases of Flaxolyn.

Don't wait. Start taking Flaxolyn today. Does not gripe, because it is a natural food. You will feel the tonic change at once. You will enjoy renewed vigor, a new grip on life.

Not a Secret—Nothing to Hide in Flayolyn Formula, Says Dr. William M. Davies of New Castle.

1. **Baked Flaxseed**—Relaxes congestion and acts as an astringent.
2. **Vegetable Charcoal**—Aids digestion, sweetens the stomach, overcomes acid and gas, purifies undigested, fermenting food.
3. **Juniper Berries**—Cleanse, purify and stimulate the kidneys and bladder.
4. **African Ginger Root**—Quicken the flow of the vital digestive juices.
5. **Dandelion Roots**—Purify the liver and blood.
6. **Cardamon Seeds**—Act on the stomach lining as an aromatic, cleansing tonic.
7. **Chinese Rhubarb**—Invigorates the stomach and liver.
8. **Spanish Licorice Roots**—Remove any foreign mucous that may be clogging and poisoning the digestive organs.
9. **Culver's Roots**—Stimulate the natural flow of bile and so purify the liver.
10. **Gentian Roots**—Create a healthy, normal appetite.
11. **Greek Valerian Roots**—Tone the nerves and induce the restful sleep of health.
12. **California Bark**—Cleanses the colon and removes foreign matter from the intestines.

Van Sweringen Merger Plans May Be Affected By Commission Ruling

Interstate Commerce Commission Denies Reading System Right To Lease Road

Look To Congress To Enact New Railroad Consolidation Measure

By HARRY WARD
International News Service Staff Correspondent

WASHINGTON, Mar. 10. — The action of the Interstate Commerce Commission in denying to the Reading system the right to lease the Lehigh and New England may have an important bearing on the Van Sweringen billion dollar merger plan, as well as other railroad consolidation proposals now pending or in prospect, it was learned today.

The Commission made it plain that it was in no haste to pass upon any of the consolidation plans now before it, but would wait "until we have before us fuller and better information in regard to the larger plans that may be proposed for the consolidation of the eastern railroads."

Look To Congress

In well informed quarters this is taken to mean that the Commission is looking to congress to enact new railroad consolidation legislation before it finally passes upon any of the major proposals to link up important railroad properties.

An inkling of what might happen to the Van Sweringen merger plan is contained in the Commission's decision in the Reading-Lehigh and New England case, when it said:

"Although, by reason of economies in capital and operating costs, and by reason of traffic accessions resulting from unification, the Reading might be able to increase its net income, we do not regard the payment of such a high price for control of the Lehigh and New England as in the public interest.

"It is proposed to surrender to the owners of the leased property a large proportion of the financial benefit which the consolidation plan contemplates should accrue to the carriers for the benefit of the public through reduced rates and improved service. The adoption of similar standards in future transactions of the kind would impose upon the carriers too heavy a burden of fixed charges."

Although the application of the Chesapeake and Ohio to acquire stock control of the Erie and Pere Marquette as a part of the Van Sweringen merger, was filed with the Commission on Feb. 11, no date for a hearing on it has yet been set. In the meantime a minority group of Chesapeake and Ohio stockholders have taken steps to defeat the plan, alleging that it is "legally and morally unsound, and should never be approved by any governmental agency."

Only Monessen Men Will Be Given Jobs In Wire Mill There

MONESSEN, Pa., March 10.—Notices have been posted throughout the plant of the Page Steel & Wire company changing the policy of that industry relating to employes. The notice, signed by C. N. Johns, manager, is as follows:

"All new men employed must be residents of Monessen. All out-of-town men employed at present must be replaced by residents of Monessen as soon as it is practical with operations."

An investigation by the company is responsible for the issuance of the order. It is said greater efficiency is the result of the employment of residents of Monessen only. The company contends that the men are prompt in going to and from work and that no time is lost. The Page Steel & Wire company plant is one of the plants of the American Chain company.

Three Important Problems Face State Solons

Fisher Outlines Three Important Problems Facing Legislators

DENIES PRESSURE WILL BE USED

Roads, Elections And Compensation Measures Pending

By G. ROSS DOWNING,
International News Service Staff Correspondent

HARRISBURG, Pa., March 10.—Roads, elections and compensation are the three big problems facing the legislature and the ones one which he will demand action, Governor John S. Fisher said today.

He described the progress of the legislature as "steady and easy" to date but intimated that next week will be the time when he will ask for a little more acceleration on the problems in which he is interested.

The governor denied that he will bring pressure to bear for passage of the measures which the legislature does not want to approve but he will demand that they be reported from committee and get fair consideration. If the measures fail then the responsibility will rest mainly with the legislature.

Although the governor hinted that the time of adjournment might be prolonged he did not say so definitely. He did assert, however, that he will demand consideration of the main problems "regardless of the time of the adjournment."

Roads, the governor explained, are dependent entirely upon the amount of revenue available during the coming biennium and, therefore, also upon the amount of the gasoline tax which the legislature fixes. He said that the highway department can build only in accordance with the funds available and that "If we have a one cent gas tax we will also have one cent roads."

Both the governor and his Secretary, A. Boyd Hamilton admitted that the executive offices are flooded with telegrams and letters demanding election reform. This demand it was said, does not center primarily upon the administration measures but on other bills as well.

Faculty Ladies Defeat Junior High Sextette

The ladies of the faculty of the North Street Junior High won from the girls team yesterday afternoon in a very close game, the final score being 6 to 4. But the men by a score of 11 to 20 were the losers to the youngsters in a very one-sided game.

Although the faculty men had some very good players on their line-up it seemed that the boys just dodged around, between, under and over them and won easily from their teachers.

Following is the line-up of the two games.

Girls' Varsity 4		Ladies' Faculty 6
Ridley	F	Brothers
Bartlett	F	Sloane
Mackey	C	Ofterdinger
Zimmerly	S. C.	Burckart
Brenner	G	Fulton
Huston	G	Wheale

Substitutes—Long, Shifman, Edwards; Weinschenk, Allison, Shaffer.

Referee—Pauline Gilkey.

Boys Varsity 20		Men Faculty 11
Valle	F	Leonard
Ward	F	Lingerman
Alexander	C	Casillo
Hosse	G	Copson
McIvor	G	Wilcox

Substitutes—McLaughlin, Long, Chambers; Dolancy.

Referee—Burnham of Union High.

Auxiliary Will Have Social Time

Auxiliary to Oscar L. Jackson Camp, No. 249, Sons of Union Veterans of the Civil War, will on Friday evening, following a short business meeting, hold a pie social in the Sons of Veterans Hall in the city building. A social time will be enjoyed in connection with the social and the members of the auxiliary, the Sons of Union Veterans and their friends are looking forward to the event with enthusiasm.

Grossman Tire Stores Purchase Bankrupt Stock

Mr. Sam Grossman, local young tire merchant, makes lucky purchase of large stock of tires and auto accessories. This fortunate purchase is the entire stock of Mac's Motor Mart, one of the largest accessory stores of its day in Cleveland. Everything will be put on sale at Grossman's North street store at bargain prices. Sale will commence Friday and continue 'till entire stock is sold. Mr. Grossman further states that it will be well worth while for the public to read the ad in tonight's News and attend the sale as such sales are few and far between.

Brewers Face Indictment In Beer Scandal

(International News Service)

CLEVELAND, Ohio, Mar. 10. — Although Federal officials refused to forecast the number of indictments to be returned by the grand jury investigating the Ohio- Pennsylvania beer ring, it was learned here today that several large Pennsylvania brewers may face prosecution.

The grand jury has been hearing evidence in the booze scandal for ten days, and, according to government agents, it may require the remaining days of the month of March to complete presentation of the case.

Many Clevelanders are said to be involved in the "receiving end" of the ring.

New Ruling On Card Punching

ERIE, Pa., Mar. 10.—Members of the state highway patrol have been given definite orders that license cards of motorists are not to be "punched" unless the driver of the car is convicted in a justice of the peace or alderman's court, Lieutenant W. B. Smoot, head of the highway patrol in this section of the state, announced this morning.

"There has been considerable agitation throughout the state concerning the punching of license cards," Lieutenant Smoot said. "But the average driver has nothing to fear. Only those who are convicted will have their cards punched.

Lieutenant Smoot returned this morning from an inspection of the 15 patrols under his command in Western Pennsylvania. He will remain in his headquarters at Girard for several days, he said today.

A Queen Anne winged grandfather chair, upholstered in old English needlework, was sold at auction in London recently for $1,800.

A poet's only chance of making money is to marry it.

The Easiest Way To End Dandruff

There is one sure way that never fails to remove dandruff completely, and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store and four ounces is all you will need. This simple remedy never fails.

New York Fire Loss, $21,671,755

Over 30,000 Fire Alarms Answered In Metropolis In Year

FIRES TAKE TOLL OF 131 LIVES IN '26

Other News Notes Of Gotham As Gathered By News Correspondent

By ARTHUR WIMER
(New York Correspondent New Castle News)

NEW YORK, Mar. 10.—Fire losses in New York City for the year of 1926 were $21,671,755, according to the annual report of Fire Commissioner Dorman. These figures show an increase of 14 per cent over the fire loses in the city in 1925.

Fifty-six per cent of the damages reported were less than ten dollar fires. There were 25,185 fires, an increase of ten per cent, and 30,310 alarms, an increase of nine per cent over 1925. Of the 30,310 alarms 5,425 were false or unnecessary.

The total amount of fresh and salt water used in fighting the fires last year was 84,282,942 gallons, or 19,341,056 gallons less than in 1925.

During the year 280 persons were injured in fires, and 131 were killed. The majority of the persons who met death were between 40 and 50 years of age, and most of these lived in old-law tenements.

Forty-seven members of the fire department were killed in action. There are now 6,139 men in the department, 320 fire companies, 622 pieces of apparatus, and 15 volunteer companies.

According to Dr. Haven Emerson, Professor of Public Health administration of Columbia university, the average span of life has been doubled since 1800. Dr. Emerson's analysis was confined to New York City.

Students of the City College of New York earned $40,230.90 during the last twelve months. The students working their way served as salesmen, tutors, gardners, clerks, accountants, bookeepers, stenographers, art models, watchmen, detectives, waiters, ushers, boxing instructors, companions, counselors, social instructors and musicians.

Another glittering bit of tinsel was added to the Great White Way of New York when a new electric sign in Times Square was recently officially lighted.

The new sign on Broadway is 40 feet high and 90 feet long. Blue, orange, and green letters five feet high ouline the friendly greeting to strangers: "Broadway Welcomes You to New York."

Thirteen detectives and one motorcycle patrolman received gold medals for distinguished service in line of duty from Mayor Jimmy Walker this week. This is the longest such hero list in the history of New York.

Uncle Sam's coffee pot used up nearly 1,500,000,000 pounds of coffee last year, according to a report of the foodstuffs division of the Department of Commerce. The coffee was valued at $323,351,582.

These figures show that per capita consumption of coffee in this country is around 500 cups annually.

More than a thousand secondary school students from all parts of the United States, Canada, Alaska, and the Canal Zone and Hawii will gather at Columbia University Friday and Saturday for the third annual convention of the Columbia Scholastic Press Association.

The work of this association, which is the largest of its kind, has attracted notice all over the world according to Joseph M. Murphy, historical instructor in Hunter college and Secretary of the organization.

A Telegram sent by Major General Halleck to General McClelland complaining of U. S. Grant's bad habits will be sold in the near future at public auction in New York City.

Accompanying the telegram is a letter refuting the charges made against Grant and signed by Senator Henry Wilson.

Almost Wild With Eczema

Happy To-day

When the dreadful itching of eczema drives you frantic and you are praying for relief you need Peterson's Ointment.

Make no mistake—many thousands who have turned to this tried and true ointment as a last resort have ended all the terrible misery so quickly that they blessed the day they bought the first box.

Because it acts so quickly millions of homes consider Peterson's Ointment a necessity.

It's so wonderful for skin eruptions, pimples, acne and salt rheum, for instance, that many times only two or three applications are needed to make the skin clear and healthy.

Its mighty healing power is clearly shown when used for ulcers, piles and rashes, while as a household remedy for burns, scalds, abrasions, bruises, insect bites, windburn and chafing, druggists will tell you it is unsurpassed. Big box 35 cents.

Demand For Steel Assumes Steadiness

Iron Age Makes Weekly Report Of Conditions In Steel Trade

(Special To The News)

PITTSBURGH, Pa., Mar. 10.—The Iron Age in its weekly summary of the iron and steel trade says:

Demand for steel has assumed the steadiness which distinguished buying for so many months prior to last October. Fear of a fuel stringency following a suspension of coal mining on April 1 is still remote, and the apparent ending of the period of hesitation is ascribed to confidence in continuing activity and sustained consumption. Without rapid expansion of automobile manufacture, or special railroad or building activity, orders show gains over the closing week of February.

Ingot production now is probably on an 88 per cent basis. Output of February represented 86½ per cent of capacity but while so far 1927 is some 5 per cent under the corresponding period of 1926, the indications are that the present month will exceed every month of last year except March. The excess of output over shipments, with the resultant stocking of some steel, chiefly in semi-finished form, should serve to postpone any coal strike troubles.

Prices are stiffer to the extent that producers are undertaking to name levels $2 a ton higher for forward commitments, as in sheets, and $4 in cold rolled strips, and to the extent that the minimum on the more irregular products is in general higher. New extras, which will add $1 or $2 a ton to the thinner gages of blue annealed sheets are soon to be announced.

The firmer price stand is calculated, as usual, to drive in business but consumers at present show little interest for the second quarter. Some ordered enough early in the year to carry them into the second quarter. Chicago reports the best buying and in lines which have given mills better balanced order books than in a long time. In pig irons, the impending coal strike is looming as a factor, although it have not yet had any material effect on coke or coal prices. Buyers are showing more interest in forward needs, and several large purchases, notably of basic iron, are attributable to a desire for full protection. At the same time Valley furnaces have advanced quotations 50c a ton. Pig iron also has a stronger tone at Cleveland, where prices on foundry and malleable for local delivery show a 50c rise for the second time in two weeks. In most other districts the situation is still highly competitive.

Sheet mills have not as yet found the competition of wide strips as menacing as expected, and this fact and better bookings evidently strengthened several companies in the decision to ask the advances averaging $2 for forward orders. Enough other makers are in need of business to give prices an irregular, if not a weak, tone.

FAIR CUSTOMER'S NECK ENTRANCES BARBER, KISSES IT

LONDON, March 10.—George Couchman became so entranced with the back of Annie Elizabeth Chapman's neck while he was giving her a bob in his hair dressing shop that he kissed it. A short time later the gallant barber paid the equivalent of $10 to the clerk in Canterbury police court.

From six to seven miles of canvas approximately a yard wide, 10 miles of rope and 50 miles of twine enter into the making of a circus tent of the largest size.

I SLEEP GOOD NOW

Says New York Man. A Healthful Bladder Does Not Act At Night.

Mr. J. A. Davis, East Setauket, N. Y., says, "Lithiated Buchu has corrected my bladder and I do not have to get up at night. You may use my name and I will be glad to tell or write my experience". Lithiated Buchu cleanses the bladder as epsom salts do the bowels. It isn't a patent medicine as the formula is on the label. The tablets cost 2 cents each at leading drug stores. Keller Laboratory, Mechanicsburg, Ohio. Paisley's Pharmacy.

Chorus Boy Bandit Puzzle To Court

(International News Service)

PITTSBURGH, Pa., March 10.—Puzzled by the strange case of Edison Shields 13-year-old "choir boy-bandit" juvenile court authorities are seeking the real motive behind the dual role the lad essayed.

Coming from a highly respected religous family the child was considered a "model boy" by neighbors who told in court how he attended church regularly and sang in the choir. Until he was caught while attempting to hold up an aged confectionery store proprietor at the point of a business like revolver taken from his father's room, young Shields' character was unblemished.

Trembling the boy appeared before a police magistrate to answer charges of attempted robbery. He blamed his actions on association with other youths who he said dared him to stage a robbery.

Peter Penezic, the boy bandit's victim said Shields entered his store late in the evening, his face hidden behind a blue bandanna handkerchief similar to that worn by the notorious "Blue Bandanna" gang only recently broken up here.

With the command "Throw up your hands" Edison trust a revolver before the confectioner's face. Penezic testified. Penezic knocked the revolver which later proved to be empty from the lad's unsteady hand and with the help of another man attracted by the commotion in the store he trussed up the boy with twine and summoned the police.

Although the boy claimed he was "just playing" Penezic related to police how the youthful intruder resisted efforts to "talk him out of holding up the store." A black mask was found in Edison's pocket police allege.

Because of its unusual aspects juvenile court authorities are giving the case special study.

When a man does overcome temptation, he thinks Providence should do something spectacular for him.

Patriotic Americans Get Many Candidates

Have Special Membership Campaign In Progress At Present Time

New Castle Council No. 180 Fraternal Patriotic Americans is making preparations to confer the degrees on a large class of candidates the last of this month.

The local council in conjunction with all the councils of the state now have open charters and an intensive membership campaign is being staged. It is planned to make this council one of the largest in the western section of the state. It has long been known for its large and active membership and much is expected of it by the state organization.

The degree team of the council is considered one of the outstanding teams in the state. W. J. Dix is degree master and is assisted by other past officers.

At the recent visit of the state officers, State Councillor H. J. Heizenroeder spoke highly of the work of the degree team here in its exemplification of tht initiatory work.

Liddell Plans To Return From China For Olympic Games

(International News Service)

TIENTSIN March 10—Eric Liddell, champion British sprinter at Olympic games, 1924, is looking forward to participating in the great games at Amsterdam in 1928.

Since going to Tientsin as a missionary he has kept himself very fit both by track running and also by Rugby football. His running opponents have been chiefly British army officers and Chinese students and his form is reported to be as good as ever.

His religious views however are said to be stronger than ever and there is not the slightest chance of his ever consenting to run a race on a Sunday.

Good Will Flyers Make Another Hop

(International News Service)

RIO DE JANEIRO, March 10.—The three American army good will planes hopped off from Guarantubo, Sao Paulo State, at 7 o'clock this morning for Santos.

The planes, flying from Florianapolis late yesterday, were forced to descend at Guarantubo when the plane San Francisco developed engine troubles.

FIRST SPOUSE DYING QUICKLY, WOMAN HELD FOR KILLING SECOND

YOUNGSTOWN, O., March 10.—Inquiry today revealed that William Foltz, who died in 1921 and whose wife is being held in Dayton in connection with the sudden death of her second husband, died under mysterious circumstances.

Foltz became suddenly ill after eating his supper and was rushed [illegible] dying shortly after. Dayton police requested an investi[illegible] death.

Mrs. Foltz is held on a first degree murder charge in the death of Charles Carter, her second husband, and is said to have admitted she put poison in Carter's coffee.

Columbus Youth Loses His Race With Death

(International News Service)

DAVENPORT, Iowa, March 10.—Speeding across the country in the Golden State Limited with the hope that he would live long enough to die at home, John Francis Sliney, 17, Columbus, Ohio, youth, lost his race with death and died just as the train pulled into Davenport.

Sliney, accompanied by his mother, Mrs. John Sliney, and his sister, Mrs. Edward Walton, had spent six months in Tuscon, Arizona, in an unsuccessful effort to regain his health.

Realizing that death was near his mother and sister started for Columbus with the hope that he would survive until they reached home.

Arrangements were being made here today to continue the sad journey home.

DINNER STORIES

No Chance!

From one husband to another—"I'm constantly troubled by a superior complex."

"Heavens, can't you do something to rid yourself of it?"

"No. You see, it's my wife's!"

A Good Excuse.

"Johnny, what do you mean by coming to school with your hair in that disgraceful state?" asked the first grade teacher.

"No comb, mum."

"Can't you use your father's comb?"

"No hair, mum."

Too Sociable.

Jones, arriving at his office as usual, was at once the center of an inquiring crowd of fellow workers.

No wonder, for Jones had been in a court case the day before, caught by the police exceeding the speed limit.

"Well, well," said Brown, who, having a loud voice, could always be heard above any other din, "and how did you get on, Jones?"

"You're the cause of the trouble," said Jones. "I thought you said if I were sociable to the judge I would get off."

"And were you?"

"Yes. I said 'Good morning, how are you?' He said, 'Fine—Five pounds!'"

Return 36 True Bills After Probe

(International News Service)

WELLSBURG, W. Va., March 10.—With thirty-six true bills already returned by the grand jury following a three-day investigation, the criminal docket was called in Brooke county court today and persons indicted were to be arraigned.

The majority of the indictments were against men accused of being associated with a foreign secret society and one, against Joseph Bartola, charged him with the murder of Dr. Deigo Delphiono, who was shot to death last December while driving an automobile from Follansbee to Steubenville, Ohio.

Cow Testers Have Training School

Excellent Course To Train Young Men For Work With Dairy Associations

Prospective cow testers will be given a short course of training at the Pennsylvania State College, March 28 to April 2, C. R. Gearhart, Pennsylvania State College dairy extension specialist in charge of cow testing associations in the state, announces. The work will consist of taking samples, testing, keeping records, feeding, care and management.

Several such courses have been given in the past, and many of the testers in Pennsylvania's 50 associations have taken the training so offered. Others who started in as testers but are now herdsmen, creamerymen, dairy council workers, or students in college, likewise got their start in short courses. As Gearhart puts it, "Cow testing has been a stepping stone for many progressive young men."

Any one interested in this work from this section may obtain further information from H. R. McCulloch, county agent, who has his office in the Lawrence County Agriculture Association office on South Croton avenue.

Police Investigate Robbery Of Store

Police are investigating the theft of ladies', gentlemen's and boys' clothing and checks valued at approximately $450, reported by the Blau store, corner of Mill street and Long avenue.

The goods taken included twenty-five ladies' dresses, seven pairs of ladies' stockings, six men's suits, two boys' suits and two checks for $46.75 and $57 respectively.

Police found that entrance was gained through a cellar door that had been left unlocked. After gaining entrance into the cellar, the thieves went up into the store thru a trap door.

Apparently after selecting what merchandise they wanted, they went to the safe, the door of which was unlocked, and took two checks, one for $46.75 and the other for $57.

SLIGHT ACCIDENT.

Miss Myrna Hasely of R. F. D. No. 7, South New Castle Boro, reported Wednesday that while going north on North Mill street at North street, that she stopped for the red light and started on the green traffic light. A. R. Smith was coming south on North Mill street and making a left hand turn into East North street, and the two machines came together. Some slight damage was done.

Your dealer has

Niagara Sliced Bacon

in transparent, sanitary wrappers
Pounds and Half-pounds

DOLD-QUALITY Niagara Sliced Bacon is the sweetest and finest offered for sale today. Your dealer will tell you this; most housewives already know. It is cut from selected, tender stock, with plenty of lean meat in it, alternating with thin strips of fat. Scientifically prepared, it is always tasty.

It comes in transparent wrappers, each pound or half pound in a sanitary showcase of its own; clean, trimmed, free of rinds, ready to cook.

Society Selects Delegates To May Presbytery Meet

ELLWOOD CITY, Pa., Mar. 10—Mrs. William Welhausen of the New Castle road donated her home yesterday to an all-day session of the Missionary society of the Slippery Rock Presbyterian church. At this time Mrs. Muriel Weingartner, Mrs. Esse Friday, Mrs. Paul Elliott and Mrs. Bessie Weingartner, were chosen to represent the society at the meeting of the Shenango Presbytery which will take place May 3 and 4 at West Middlesex.

The members also decided to have a bazaar this year. A fair sized crowd attended the meeting, with Mrs. Eugene Friday taking charge of the devotional service, and Mrs. Ora Travis conducting the Query corner. Mrs. Ora Travis presided over the meeting in the absence of the president Mrs. John Houk, who is confined to her home by illness.

A fine report of the Interdenominational Prayer Service which was conducted last week, was read by Mrs. William Welhausen. After a session of quilting, the members dispersed until the meeting next month.

South Mill Street First Improvement

Probably the first improvement project of the city this spring will be repaving of South Mill street, between the Neshannock river bridge and East Washington street. A petition waiving damages for establishment of a new grade is to be circulated by the property owners, according to city hall attaches.

Realty Transfers

Don't Fuss With Mustard Plasters!

Don't mix a mess of mustard, flour and water when you can relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, and takes the place of mustard plasters.

Musterole usually gives prompt relief from sore thorat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

Better than a mustard plaster

HOSTESS MAKES FAVORS FOR ST. PAT'S DAY

An important part of every party is some sort of clever favor that the guests may take home. These also form a part of the decorative color scheme of the table. The hostess may easily make her own favors for St. Patrick's Day with a few rolls of green crepe paper, some cardboard, paste and ink. Pictured she is making a lolly-pop lady with ruffles of the paper. At left is a "paddy patty" favor of which a peppermint patty is the foundation. Right is a prize box tied with green ribbon and intended to hold bonbons.

Lowly Mule, In $600 Damage Suit Moves Supreme Court To Eulogy

(International News Service)

RALEIGH, N. C., Mar. 10.—The lowly mule, unsung in literature and lore, has been designated by the North Carolina Supreme court as the most underfed and abused of all animals.

And there's no telling when one will kick, and the only way to escape from being kicked is to stay away from mules, the same high body holds.

The ruling came in the case of Mrs. Sam Rector versus the Southern Coal Company, in which the tribunal reversed the lower court which refused to grant a non-suit in a personal injury case in which the plaintiff was awarded $600 damages.

Associate Justice Brogden did the writing in the case. He claimed to be a mule authority on the basis of the fact that he was a graduate of a farm in Wake county.

"A mule is a melancholy creature," the jurist said. "It is the nullius filus of the animal kingdom. It has been said that a mule has neither pride or ancestry nor hope of posterity.

"Nobody loves or pets a mule. He is kicked and cuffed, beaten and sworn at, and frequently underfed and forced to work under extremely adverse conditions; yet, withal, he has a grim endurance and a stubborn courage which survives his misfortunes and enables him to do a large part of the world's rough work.

"It is a matter of common knowledge among men who know mules and deal with them that they are uncertain, moody and morose."

Boy Scout News

AMERICAN LEGION TROOP.

The American Legion troop met this week for its regular weekly meeting with a large number of scouts in attendance. Scoutmaster Ed Hoye presided over the meeting which was held at the Thaddeus Stevens school. After the usual business was taken up and discussed the boys were given scout instruction and then games were played.

Scribe, RICHARD FRANCIS.

TROOP 19.

Troop 19 held its regular business meeting on Tuesday evening with a large attendance. Several visitors attended the meeting and were much pleased with the manner in which the boys took part in their meeting.

The opening ceremony of the meeting included the scout laws and the scout oath. Plans were made for a Mother and Father banquet. A committee was appointed for this affair and made up of the following scouts: Robert Frazier, Edward Hopper, Arthur Bovard, Willard McCown and Allen Cartwright. After several games were played the meeting closed with the Lord's prayer, singing and taps.

Scribe, JAMES HILES.

WAMPUM TROOP 1.

The weekly meeting of the of the Wampum Boy Scouts was held Tuesday evening at troop headquarters at 7:30 o'clock. The meeting was opened by the boys repeating the Scout oath, Pledge of Allegiance and the Lord's prayer. Scoutmaster Earl K. Herbert was in charge.

An observation test was given among the patrols and the winner was Aubrey Reno. The meeting was very sucessful due to the large attenance of scouts. The meeting closed with taps.

The next meting of this troop will be held Tuesday evening March 15 at 7:30 o'clock. An overnight hike is scheduled for March 18.

Scribe, PETE TEPSICH.

ELLWOOD CITY TROOP 8.

Ellwood City troop 8 of the Lawrence County Council Boy Scouts of America met Monday evening with Scoutmaster Grandey in charge of the large number of scouts present. After the business meeting games were played, announcements made and the boys were then dismissed.

Scribe, ROBERT JONES.

City To Repair Route To Shenango

Councilman Louis Genkinger today stated that he would have a crew of street department employes fill ruts at the corner of North Beaver street, at the Shenango Valley hospital.

Blind Student Is Given Honor By Fraternity

(International News Service)

POUGHKEEPSIE, N. Y., March 10.—Miss Helen Katherine Smith of Wilkes-Barre, Pa., senior in Vassar college, today bore the distinction of being one of the few blind students to be elected to Phi Beta Kappa, national honorary scholastic fraternity.

Miss Smith has registered a high scholastic standing throughout her college career.

Make Plea For Better Relations In Business World

(International News Service)

ERIE, Pa., Mar. 10.—Better relations between employer and employe and between nations were urged by speakers at the annual Chamber of Commerce banquet held in the Masonic Temple and attended by hundreds of Erie business men last night.

The speakers were Sir Henry Thornton, president of the Canadian National Railways; U. S. Senator Harry F. Ashurst, Arizona, and Edward T. Whiter, vice president of the Pennsylvania Railroad, Pittsburgh.

It is not the easiest thing to understand why the members of the proud white race use the most paint on their faces.

Pennsy Traffic Delayed Several Hours By Slide

(International News Service)

RENOVA, Pa., March 10.—Pennsylvania railroad trains were delayed three hours during the night by a blast one mile west of Renova. Three thousand tons of rock crashed down on the tracks, covering them to a depth of 25 feet in places. No one was injured.

NOT THIS MAN.

The Joseph Samuels arrested early Wednesday morning for the theft of an automobile, is not Joseph Samuels of 906 Emery street well known employe of the Shenago pottery.

Stomach Bad Years, Now Wants To Fight

Suffered 25 Years, Spent Hundreds of Dollars

"I had stomach trouble for 25 years and spent hundreds of dollars. Nothing helped me so much as Adlerika. I feel so good that I think I can lick Jack Dempsey."—John McGuire.

Unlike most medicines, Adlerika acts upon BOTH upper and lower bowel, giving the intestines a REAL cleansing and bringing out old poisonous matter which you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Adlerika brings out which may have been causing all your trouble. In slight disorders, such as occasional constipation, GAS bloating, indigestion or sick headache, ONE spoonful Adlerika always brings relief.

Doctors Praise Adlerika

Adlerika is a compound of the best saline intestinal cleanser with glycerine, buckthorn, cascara, and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, gas bloating, nervous dyspepsia and restless sleep.

Dr. H. L. Shoub, New York, says: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria."

Dr. A. C. Curl: "I prescribe Adlerika with highly satisfactory results."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system."

Dr. F. M. P. (name withheld by request): "I use Adlerika in all bowel cases. Some require only one dose."

No matter what you have tried for your stomach and bowels, Adlerika will surprise you. At leading druggists. In New Castle at Love and Megown's.

Government Wins Important Point In Sinclair Case

Justice Hitz Denies Defense Right To Present Voluminous Evidence

CASE TO JURORS BY NEXT TUESDAY

BY LAWRENCE SULLIVAN
International News Service Staff Correspondent

WASHINGTON, March 10.—Battering down the opposition at every turn, the government won its second important victory in the Harry F. Sinclair contempt trial today when Justice Hitz denied the defense the privilege of submitting to the jury voluminous evidence offered in mitigation of the oil man's refusal to answer certain questions before the senate teapot dome investigating committee.

The court held that while the evidence might be offered for the guidance of the court in its instructions to the jurors, it could not be presented in the presence of the twelve men who are to determine the fate of the multi-millionaire oil man.

Trial Extended.

This new and unexpected turn of the proceeding made it certain that the trial would extend into another week.

The dispute over evidence, which centers upon the word "pertinent" in the statute requiring witnesses to answer the questions of congressional committees strikes directly at the keystone of the defense case, attorneys for Sinclair having based their hopes of an acquittal almost entirely upon the contention that the interrogations to which their client refused to respond were not pertinent to the legislative functions of the senate after the oil prosecutions had been committed to the federal courts.

This allegation was to be supported before the jury, in the original plans of the defense, by the submission of statements from the committee records calculated to establish that on four previous appearances before the committee, Sinclair had answered all questions fully.

With this line of attack closed by today's ruling the defense will be compelled to rest on the bare showing that Sinclair was summoned before the inquisitorial body and declined to answer certain questions.

The reasons then given for the refusal to answer may not under the ruling be presented to the jurors, since they are in the opinion of the court beside the point.

The government contends that reasons for refusal of a citizen to testify before a duly constituted congressional committee have no bearing upon the issue of guilt or innocence in a contempt proceeding arising out of such refusal inasmuch as the law imposes a mandatory penalty for the refusal without regard to the circumstances.

After excusing the jurors until Monday afternoon Justice Hitz heard the defense evidence in open court under an agreement between counsel that it should be submitted only for the information of the court in connection with his instructions to the jury after closing arguments.

The jury probably will get the case Tuesday.

Late model automobiles would be almost noiseless if it were not for the colors.

GEN. BUTLER SPEEDS TO CHINA

Brig. Gen. Smedley D. Butler, right, of the United States marine corps is pictured here departing from the San Diego, Calif., marine base for China, to be commander-in-chief of United States marines there. With Gen. Butler is Lt. Col. Ellis Miller, his chief of staff.
(Central Press Photo.)

North Street High Instructor Writes Series Of Articles

Nicholas R. Casillo, instructor in general science at the North Street Junior high school has been asked to write a series of articles for the "High School Teacher" published at Columbus, Ohio. The first article entitled "The Informative Hike" appears in the current issue with a picture illustrating it.

Mr. Casillo has taken quite a number of good pictures of nature subjects and his articles have been printed in Outdoor Life, Nature Study Magazine and other publications.

The present article on "The Informative Hike" brings out that a person should get more out of a hike than physical exercise. This time of year especially one can learn so much about birds, fish, animals and tree and other plant life.

E. And A. Division Climbing To Top

In the safety campaign that the Pennsylvania Railroad Company are putting on this year the local division is rapidly climbing to the top. The first month shows them standing in fifth place for the silver banner and seventh place for the gold banner.

The end of last year found them in the next to last place of the 12 divisions of the Central Region in spite of the good showing they made in the last two months of the year.

So with the start they made the last two months of last year they are quickly improving their record and before the year is over should stand quite high in the list and have a good chance of winning a banner.

Prosperous men make prophets of prosperity.

Two Seriously Hurt In Blast At Powder Works

(International News Service)

WILMINGTON, Del., March 10—Two men were seriously injured, one probably fatally, in a flare-up of 3,000 pounds of powder today in the DuPont powder factory at Carney's Point, N. J., according to reports. The men were unloading the powder from a "continuous dryer," on the second floor of the "dry house" when the explosive became ignited.

The injured:

Howard Whitesell, 51, of Pennsville, N. J., his cousin, Gilbert Whitesell, 41, also of Pennsville.

Howard was badly burned about the head. He is reported dying in the plant hospital. Gilbert is in the same hospital seriously burned about the body. He is expected to recover.

Miss Jinks, Home Economics Worker, Planning Program

Miss Elizabeth Jinks who is taking the place of Miss Amelia Doddridge, home economics specialist of Lawrence and Butler counties, who is at this time on a leave of absence to attend Columbia University, is in Lawrence county this week planning a program of home economics work.

Miss Jinks will have her headquarters in the Lawrence County Agriculture Association office on South Croton avenue, and will be glad to consult with any woman in the county on things relative to the home economics work.

San Francisco Man Seriously Wounded By Mother-In-Law

Woman Turns Gun On Self Following Wounding Of Daughter's Husband

(International News Service)

SAN FRANCISCO, Mar. 10. — Willis G. Buchanan, an accountant for the Southern Pacific Railroad, was shot and seriously wounded by his mother-in-law, Mrs. Mary Uplinger, of Tracy, at his home here today. Mrs. Uplinger then turned the gun on herself. She shot herself in the head and is in a dying condition, hospital attendants said.

Allegheny College Enjoys Celebration

(International News Service)

MEADVILLE, Pa., March 10.—A holiday was declared at Allegheny college here today in celebration of the state non-conference colleges championship captured by the basketball team. The students paraded through the downtown section and decorated buildings, poles and fences with the college colors.

Although the Methodist Five lost to Pitt here last night, Washington and Jefferson college, which had a chance to win out, failed to defeat West Virginia in Morgantown, W. Va.

The championship is mythical. Of all the colleges in the Tri-state district of West Virginia, Western Pennsylvania and Eastern Ohio, excepting those institutions which are members of the Tri-state conference, the local collegians had the best record in the percentage of victories and defeats.

SHENANGO VALLEY HOSPITAL NOTES

Admitted: Miss Elsa Blanning, Long Island, N. Y.

Discharged: Mrs. Dorothy Houk and baby, Croton avenue; Mrs. Margaret Dufford, Arlington avenue; William Gere, New Castle R. D. 3.

Church Women Of New Castle To Have Luncheon

Local Women Interested In The Educational Advance of South America To Meet

A meeting of New Castle women interested in the educational advance in South America will be held on Friday, March 11, at 2 p. m. in the Y. W. C. A. to make arrangements for a luncheon of 500 women, members of Methodist, Presbyterian and Disciples churches, who are making a special effort in behalf of three South American schools—the Lima high school, the Bogota boys' school and the Colgate international.

Members of the New Castle committee are Miss Cora Ritchie, chairman; Mrs. Carl Hart, secretary; Mrs. R. Loy Boyd, Mrs. Albert Street, Mrs. M. E. Vaughan, Mrs. L. G. Nail, Mrs. H. M. Kirk, Mrs. Howard Magill, Miss Maude Elder, Mrs. George McClelland, Miss Mary Agnew, Mrs. C. E. Baer, Mrs. O. J. Shaeffer, Mrs. Lou Marshall, Mrs. Charles Green, Mrs. R. A. Franklin, Mrs. B. A. McCleary, Dr. Mary Baker, Mrs. C. F. Flannery and Mrs. F. S. Neigh.

The educational advance in South America is a cooperative movement sponsored by several American agencies working for better ideals, education and health in a continent where a large proportion of the people cannot read or write. Its program aids 13 schools besides providing specialties in health and social service work. To finance the program $2,590,000 is needed.

It is very probable that the luncheon will be held in the Scottish Rite cathedral on April 1.

Useless is the name of a town in the state of Washington.

Gere Is Removed From Hospital

William O. Gere janitor at he New Castle postoffice who was injured last Monday by a falling elevator was able to be removed from the Shenango Valley hospital to his home last evening.

It is reported that he feels fairly well but it very stiff and sore yet. It seems that the elevator as it caught him on the front of the head doubled him up and thus must have strained the muscles of his right leg.

It will be several days before he will be out again says E. W. Crawford, acting postmaster of the New Castle office.

Mrs. Jane Gibson Critically Ill; To Have Transfusion

(International News Service)

JERSEY CITY, N. J., March 10. —A call for volunteers to furnish blood for transfusion into the veins of Mrs. Jane Gibson was made today as the state's star witness of the Hall-Mills murder trial faced an operation for cancer. Hospital doctors said her condition was critical.

MRS. ARMSTRONG TO BROADCAST FRIDAY

Local friends of Mrs. Herbert Armstrong, formerly Miss Sue Harvard, will be pleased to learn that she will broadcast from the Brick church, Fifth avenue, New York City, station WJZ, Friday, March 11, from 12:15 to one o'clock.

Mrs. Armstrong will be the soprano soloist; Miss Beatrice Weller, harpist, and Clarence Dickenson, organist. These concerts are given each Friday during the Lenten season. Irish, Scotch and Welsh numbers will be included on the program Friday.

Under the rules of political arithmetic, add one term to a term and a half and the result is three terms.

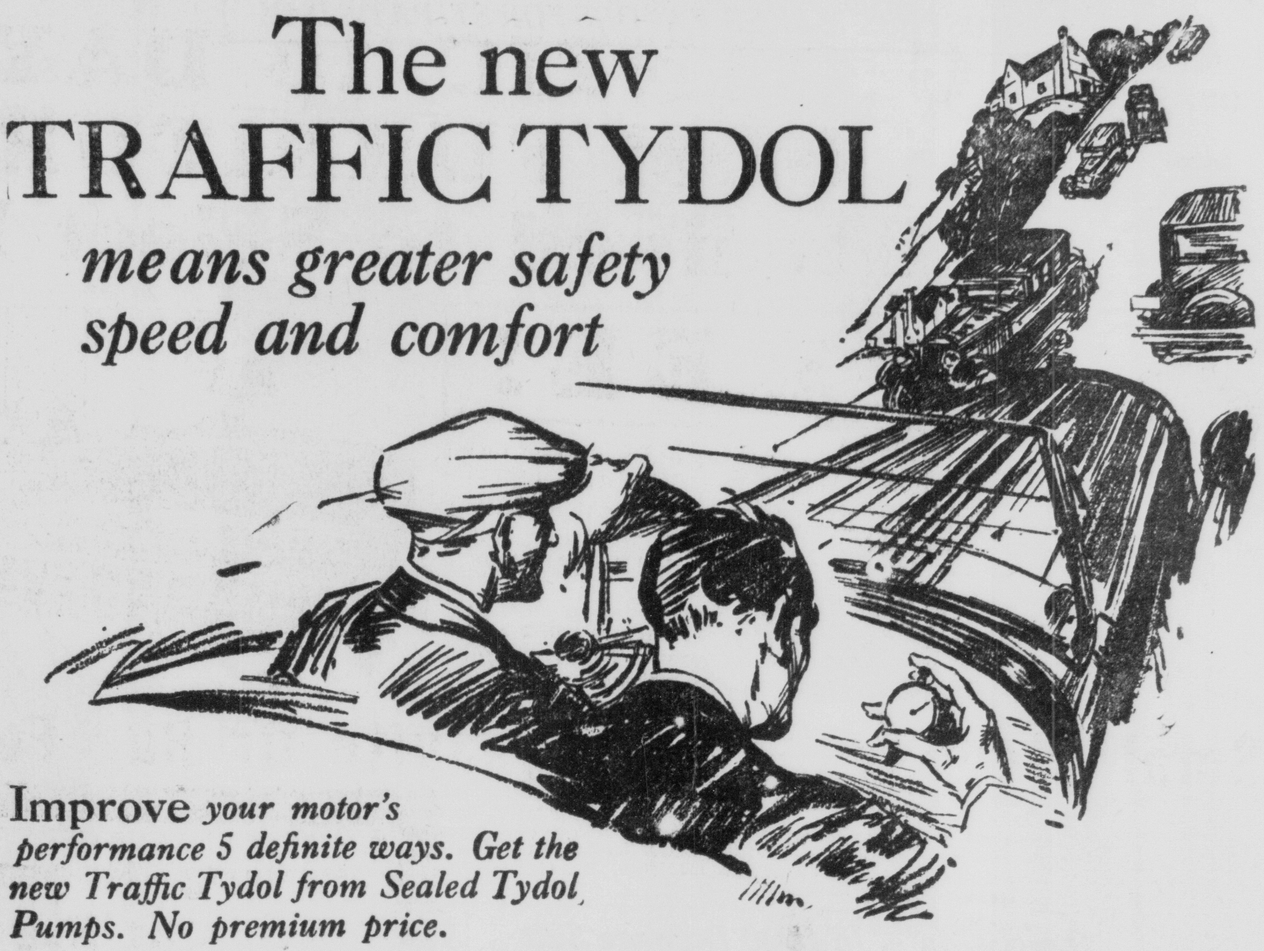
The new TRAFFIC TYDOL means greater safety speed and comfort



Improve your motor's performance 5 definite ways. Get the new Traffic Tydol from Sealed Tydol Pumps. No premium price.

ON a Saturday or a Sunday, doesn't it often seem as though all of the country's twenty-one million cars are on the same road you have chosen? Cars, lines of them, turning, backing, slowing down, speeding up.

No wonder emergencies constantly pop up in such traffic. To meet these emergencies you need more than skill and good brakes.

You need a new type of motor-fuel,—not just a "good" gasoline, not a special-feature gasoline, but a gasoline that makes these 5 improvements in the performance of your motor. First, split-second starting. Second, rushing pick-up. Third, great reserve power for emergencies. Fourth, elastic power to reduce gear-shifting. Fifth, anti-knock qualities to keep a motor quiet and sweet-running.

This gasoline is now offered to the motoring public in the New Traffic Tydol. Impartial tests made by professional car demonstrators proved the New Traffic Tydol superior to other gasolines in the 5 essentials demanded by modern traffic. The improvement this new gasoline makes in a motor's performance is so apparent that you can easily confirm those tests in your own car. Test Traffic Tydol today!

TIDE WATER OIL SALES CORPORATION

PROOF!

The New TRAFFIC TYDOL means

1. FASTER STARTING
2. QUICKER PICK-UP
3. MORE POWER
4. LESS GEAR-SHIFTING
5. REDUCES KNOCKING

Above facts proved in impartial, stop-watch tests. New Traffic Tydol competed with seven other gasolines. Tests made by 16 professional demonstrators in following cars, picked at random.

Ford	Star "6"	Franklin	Studebaker
Whippet	Pontiac	Willys-Knight	Chrysler
Chevrolet	Nash	Chandler	Reo
Dodge	Rupmobile "6"	Buick	Locomobile "8"

New Traffic-Tydol earned 66 out of possible 70 first places in tests made on 5 separate points. Unanimous choice of all 16 demonstrators as best all around gasoline.

Signed, photostatic records of above tests on file in offices of Tide Water Oil Sales Corporation, 11 Broadway, New York City.

Chest Drive Week Is Set

Effort To Fill Community Chest To Be Made Week Of May 23

BUDGETS BEING PREPARED FOR YEAR

ELLWOOD CITY, Pa., Mar. 10.—The community chest drive this year will be put on the week of May 23 it was announced this morning.

More details will be announced after the board of directors meeting which will take place the first part of next week. At this meeting a chairman will be appointed to control the community chest drive. It is also expected that by next week the budgets from the hospital, Community Service league and others will have been turned in.

Prof. Davis To Speak At Young People's Council

ELLWOOD CITY, Pa., Mar. 10.—The regular monthly meeting of the Young People's council will take place Monday evening in the First Presbyterian church at 7:45 o'clock at which time Prof. Earl Davis of the high school will speak on "Ideals." It is desired that each church have their council members present. The "Water Proof Quartet" will furnish music.

PICTURES TAKEN FOR ELLWOODIAN

ELLWOOD CITY, Pa., Mar. 10.—Yesterday afternoon at the local high school was devoted to taking group pictures of several clubs for the 1927 edition of the Ellwoodian the high school annual.

Group pictures of the following were taken: Boys club, Junior and Senior Dramatic clubs. Science club and Boys Glee club.

MUCH IMPROVED.

ELLWOOD CITY, Pa., Mar. 10.—Mrs. Clem Bayer of the New Castle road who has been for six weeks under treatment in the Lindlahr Sanitarium near Chicago, has returned to her home very much improved in health. Her sister Mrs. Lenhart remained in the sanitarium.

PRISCILLA KENSINGTON.

ELLWOOD CITY, Pa., Mar. 10.—Members of the Priscilla Kensington will be entertained Friday at the home of Mrs. Derry Porter of Fifth street.

WHAT THEATER?

ELLWOOD CITY, Mar. 10.—Where shall I go tonight? Majestic theater, Corinne Griffiths in "Three Hours".—Adv.

Funeral Services For Mrs. F. E. Pifer Are Announced

ELLWOOD CITY, Mar. 10.—Funeral services for Mrs. Francis E. Pifer, aged 42, who died Tuesday at the local hospital, will be conducted Thursday afternoon at 2 o'clock from the residence of her sister, Mrs. Fox, 122 Fountain avenue.

Rev. C. W. Macgeorge of the Baptist church will officiate. Interment will be made in the Slippery Rock cemetery.

Mrs. Ralph Evans Entertains Friends

ELLWOOD CITY, Pa., Mar. 10—Mrs. Ralph Evans of Second street entertained at four tables of bridge last evening. At the conclusion of a pleasant series of games, the high score awards went to Mrs. Carl Hayes, Miss Christina Fisher, William Pugh and Boyd Zeigler.

Decorations in favors and tallies were carried out in St. Patrick colors, as was also the dainty lunch which was served later by the hostess, assisted by Miss Gertrude Hill and Miss Claire Smith.

Guests enjoying the event were Mr. and Mrs. George Pugh, Mr. and Mrs. John Dunn, Jr., Dr. and Mrs. Carl Hayes, Dr. and Mrs. B. M. Lawther, Miss Christina Fisher, Miss Claire Smith, Miss Gertrude Hill, and Messrs. Boyd Zeigler, William Pugh and Ted Evans.

Kiwanis To Name Delegates Tonight

ELLWOOD CITY, Pa., Mar. 10.—At the regular weekly dinner meeting of the local Kiwanis club which will take place this evening at the Methodist Episcopal church a delegate and alternate to attend the Kiwanis international convention this summer at Memphis, Tenn. will be the order of business before the board of directors. In addition to this business the members will hear an address on "Vocational Guidance."

HEALTH NOTES.

ELLWOOD CITY, Pa., Mar. 10.—Friends of Mrs. David Walker of Wayne Stop will regret to hear that gangrenous condition has set in her foot following a wound.

Esther Crowl of Wayne Stop, is still under treatment for one of her eyes. The attending physicians feel certain of saving her sight however.

The condition of Mrs. William Deemer of the New Castle road remains about the same.

ENTERTAINING CLASS.

ELLWOOD CITY, Pa., Mar. 10.—Mrs. Clarence Wallace of Line avenue will entertain the members of the King's Messengers Sunday school class of the Trinity Lutheran church tonight. The class is taught by Mrs. Wallace's husband.

"Tree Day Miss"

Miss Sylvia Blair of Amherst Mass., senior at Wellesley, has been selected Mistress of the Tree Day ceremonies, continuing for three days, marking the end of the academic year at the New England institution.

J. J. Dunn Will Address Rotary Club Tonight

ELLWOOD CITY, Mar. 10.—J. J. Dunn, general manager of the National Tube company of this city, will address the regular weekly dinner-meeting of the Rotary club tonight in the Presbyterian church. The subject of the address has not yet been announced.

March 24 the members of the club will view for the first time concrete results of the Rotary crippled clinic fund, for on that date Dr. Wallace, Pittsgurgh surgeon in charge of operations, local physicians and all children that have been operated on and are able to be present will be special guests at the dinner. Dr. Shirly, superintendent of the industrial home for crippled children of Pittsburgh, will be the main speaker of the evening.

LODGES TO HAVE CARD PARTY SOON

ELLWOOD CITY, Pa., Mar. 10.—The Connoquenessing Encampment and Rebeccah lodges I. O. O. F. will have a card party and entertainment Friday evening at 8 o'clock in the lodge room in the First National bank building. All members of the above lodges are invited. Refreshments will be served.

Committee in charge of arrangements comprises Mrs. Walter Blatchford, Mrs. Ethel Slade, Walter Scheidemantle, Ferd Buquo and G. F. Mook.

Local Team Wins Debate In Semi-Finals Last Night

Tonight The Team Goes To Freedom For Sectional Final

ELLWOOD CITY, Mar. 10.—The Ellwood City high school debating team, comprising Miss Sally Golden and Harold Garwig with Allen Keller as alternate, won the debate last night with the New Brighton high school team at the high school auditorium of New Brighton 3 to 0 in points. This was the semi-final contest for this section, the final being given this evening when the local team meets the Freedom debaters at Freedom. If the local team wins tonight they are champions of this section and enter into a final debate at New Brighton Friday evening. Prof. Earl Davis expressed himself this morning as being certain of the team's success this evening as they defeated the Freedom team once before.

Mrs. Stiner Is Hostess To Club

ELLWOOD CITY, Pa., Mar. 10.—Mrs. Charles Stiner of Ewing Park entertained the members of the Eastern Star officers club last evening at bridge.

A pleasant evening was spent in a series of games with high score honors going to Mrs. Harry Harris and Mrs. J. G. Furgeson. Special guests were Mrs. Harris and Mrs. J. W. Boggs.

St. Patrick colors predominated in the decorations and the evening concluded with a delicious lunch served by the hostess.

The guest list included Mesdames Harry Laughlin, E. C. Dunbar, George Fordyce, J. W. Boggs, J. D. Kirk, Fred Krauth, Harry Harris, H. S. Gold, Oscar Dahl, Harry Steinberger, J. G. Furguson, Momberg Nelson, Audley Cunningham and S. Hennon of Wampum.

A. L. M. CLUB.

ELLWOOD CITY, Pa., Mar. 10.—Members of the A. L. M. club will be the guests of Mrs. Harry Steineberger Friday evening at her home on Wayne avenue for their regular semi-monthly meeting.

Order Coke Ovens Lighted, Thousand Men Back At Work

(International News Service)

CONNELLSVILLE, Pa., March 10.—Orders to fire 970 ovens of the H. C. Frick Coke Company in this district were received by oven managers today from officials of the company. One thousand men, many of them idle for the past two years, are affected by the order.

Increased activity at the furnaces of the United States Steel Corporation was given as the reason for the increased activity, principally in the Sharon district.

Ovens named in the order were Leisenring No. N 200 ovens; Crossland, 120; Mammoth, 350; and Marguerite, 300.

Man Burns To Death On Dump

(International News Service)

SCRANTON, Pa., March 10.—Evan B. Thomas, 40, well known character in West Scranton, was found burned to death early today on a dump in this city. Police believe the man went to sleep on the burning dump in an effort to get warm and rolled over into a hot bed of coal.

Prof. Davis Speaks At Scout Training School Tuesday

Spirited Address On The "Teen Age" Given By Local Professor

ELLWOOD CITY, Pa., Mar. 10—At the meeting of the Scout Training school which took place in the Presbyterian church Tuesday evening, with Lee Calahan and Fred Poister in charge, a fine address was given by Prof. Earl Davis, principal of the local high school on "The Psychology of the Adolescent."

Coming right to the point in his strong remarks, Prof. Davis said in part that the habits and character of a man are determined by the channels into which his normal instincts are directed in boyhood. Prof. Davis praised the Boy Scout movement, as a character-building institution and a boon to the young boys of today.

Prof. Davis refuted the idea that the sex instinct is the predominating factor in determining habits and character, as has been the theories of many psychologists. He asserted that this is not wholly true, for there are other instincts that vie with the sex instincts for supremacy, often quite successfully.

The meeting was well attended, and all received benefit from Prof. Davis' remarks.

G. A. R. Calls Off Party On Account Veteran's Illness

ELLWOOD CITY, Pa., Mar. 10.—Owing to the serious illness of Major Duncan a Civil War veteran and greatly respected by the members of the G. A. R. the card party planned to take place Friday evening in the Knights of Pythias hall will not be given.

However the regular semi-monthly meeting of the members will take place Friday afternoon at 2:30 o'clock in the Pythian hall and all members are urged to attend.

GARDNER

Mr. and Mrs. J. W. Fombelle of East New Castle and Mr. and Mrs. Charles Fombelle of Clenmore avenue all attended the funeral of Mrs. Alfred Dutterer of North Sewickley on Monday.

Mr. and Mrs. F. R. Wise of Princeton were guests at the home of Mrs. Wise's sister, Mr. and Mrs. Philip Moore and family of Gardner last Sunday.

Harrison Kirkwood of Woodlawn spent last Sunday with his parents Mr. and Mrs. John Kirkwood of Gardner.

Elevator Company Worker Killed In Fall Eight Stories

(International News Service)

CONNELLSVILLE, Pa., March 10.—Arthur McMaster, 23, of Uniontown, repairman for the Otis Elevator Company, plunged eight stories from the roof of the Second National bank to his death here today while at work uncoiling a length of wire.

McMaster, with William Dahlman, district manager of the company, of Uniontown, was at work on the roof repairing damage done to the elevator in a minor fire. According to Dahlman McMasters was walking backwards, uncoiling the wire, and did not notice the proximity of the edge of the roof. He stumbled over a two-foot ledge, and plunged to his death in an alleyway below.

WORTH IT

"Look here, Rastus. I am paying you to cut that wood? What's Mose doing it for? Did you hire him?"

"Yassuh. Ah is gwine to pay him $1.25 for the job."

"But I was to pay you only a dollar."

"Yassuh, but it's wuth a quatah jes' to boss for once."—Pathfinder.

Society's oldest mistake is the theory that hanging Brown will make Smith a good boy.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

COMING DOWN, BELOW!

But the tree was tall and the Dog was short. When he stood upon his hind feet he appeared as a dwarf by the side of the cocoanut palm, and even his leaps brought him little nearer the brown fruit that hung far, far above him.

The lean Dog, however, did not give up easily and he barked ahd scratched and jumped and snapped until Petares held his sides with laughter.

" 'If at first you don't succeed, try, try again.' but you'd better give up, hound of mine. Your nose and your feet serve best on the solid ground. As a gatherer of the fruits of the tree you're of little use. My thanks to you for the idea, though. Perhaps had you not spoken of it I'd not have felt the need of sweet cocoanut milk to cool my throat. Out of my way, comrade, and I'll show you another trick of which I'm master. You did not think I'd capture the Ducks. I did. And before much time has gone by I'll have a fruit or two to my credit."

"But Master, dear Master, surely, you'll not risk life and limb in climbing up to where they grow!" Distressed, the lean Dog caught hold of Petares' white skirt and tried to hold him. "Why, the tree is almost as high as the city walls and with no more footholds!"

"Ah, there's where you're wrong, hound!" cried Petares, and impatiently pulled away from the restraining grasp. "Detain me not when I would go. But worry not, comrade, Good care can I take of myself. You shall see! Up I go! Watch, now! First I take firm hold and with my two arms pull myself up—so! Then my toes I dig firmly into the rough bark and raise

DOWN CAME THE COCOANUT TO THE GROUND

myself a length higher. Oh, but you'd wish that you were I could you but guess what I see from here. Whoop-la. You're shrinking in size as the cocoanuts grow larger! Almost is a large one at my finger tips. Now, indeed, is my hand upon it! Stand from under, hound of mine! Down drops the first fruit. Take caution it falls not upon your head!"

Thud; Ker-plop! Down came the cocoanut to the ground and then another and another. For the second time that day Petares was proving his boasted wisdom.

Next: "Under the Cocoanut Tree."

Leesburg News

SENATORS PICKED TO WIN AMERICAN LEAGUE FLAG

Athletics Are Figured Close

Figure Yanks To Fight It Out With Detroit For Third Place

INDIANS RATED IN SECOND DIVISION

BY DAVIS J. WALSH
Sports Editor Internat'al News Service

AUGUSTA, Ga., March 10.—There are two clubs that figure to make the fight in the American League this season and neither of them is the Yankees and Indians, who ran one-two in the 1926 race. This was the opinion expressed to the writer today by Lee Fohl, who saw his modicum of American League baseball as manager of the Cleveland St. Louis ball clubs and didn't really get altogether out of touch with the major league situation until his last two years with the Boston Red Sox.

This may have been like sitting in the last row orchestra at the New York Hippodrome but, at that, the man who runs in front never sees much of the rest of the field. Mr. Fohl now is sitting in the first row balcony as manager of the Toronto champions of the International League, at present in earnest training here.

From this point of vantage, or otherwise, he has seen fit to call the turn on the American League race in this wise:—

The Philadelphia Athletics as the best club on paper, which gets one nothing; the Washington Senators as the best club on the ball field, which usually gets one everything, the champion New York Yankees to fight it out with the Detroit Tigers for third place and the Cleveland Indians at the head of the second division.

Picks Senators To Win.

In short Mr. Fohl thinks the Senators will win the pennant, providing they don't up and disappoint him, ball clubs being somewhat inconsiderate about things like that.

"Their only question mark, in my mind, is the pitchers who are to help out Johnson and Coveleski", Fohl said. "That pair will win more than thirty games between and, if they get any help from the young fellows, the club can't go wrong.

"It can do about everything that a ball club should—bunt, drag the ball, hit to any field and run the bases. Speaker will help a lot, particularly in the early season, but it was quite a club, anyhow, fast, smart and game. And some of those young pitchers may come through. Crowder looked good late last year and Lisenbee, from Memphis, was the best pitcher in the minor leagues in 1926. Carroll, from Little Rock; Coffman and Jones, from Chattanooga; Hadley, from Birmingham; Kelly, out on option with the same club, and Van Alstyne, from Bridgeport, are better than average prospects.

"Yes, I like the Senators. The Athletics may look the part on paper but they are not the club to do the things on a ball field that the Senators can and will do. They will be lucky if they get more than seventy-five games each out of men like Cobb, Collins and Wheat.

"The Yankees and Tigers will be in there forcing the going all the way. They have the punch and you can't deny that sort of club a place in any race. As for the Indians, they lost Speaker and got nothing in return. Another thing: they had five or six men playing above their heads last year. That was such a good break that it doesn't figure to be repeated. The Indians would do very well to finish in the first division but, in my humble opinion, they won't."

British Champ Cuts Off Curls

(International News Service)

LONDON, March 10—Betty Nuthall, renowned for her long golden curls as much as for her prowess as England's up and coming tennis champion, has succumbed to the prevailing fashion and had her hair shingled.

The loss of luxuriant locks has not interrupted her winning ways, however, for she won her first after being shingled by two straight sets.

New Castle High School elimination game at Pittsburgh. Railroad tickets on sale now $1.80 round trip.

C. Ed Smith Hardware Co.

314-316 East Washington St.

UPAN ADAM

"Cleveland will have a good centerfielder Summa these days."

Salient Facts About Big Games At Pittsburgh

New Castle vs. Duquesne high in second round of elimination tournament at Pitt stadium gym.

Game starts at 8 o'clock. Broadcast of game over station WKBU starts at 7:45.

"Special train" leaves New Castle at 5:30 o'clock. Returning, leaves Pittsburgh about 10:30 o'clock.

Street car service assured New Castle people from union depot to Pitt stadium.

Round trip tickets on "special" $1.79, 10-cent extra fare for street car. Admission tickets to game if bought here 50 cents. If bought at stadium 75 cents.

Mostil Has Chance To Recover, Word From Physicians

Outfielder Regains Composure; Talks With Ray Schalk

(International News Service)

SHREVEPORT, La., March 10.—The condition of Johnny Mostil, White Sox centerfielder, who slashed himself with a razor in a suicide attempt here Tuesday, took a turn for the better today.

Physicians announced that danger of pneumonia was entirely gone and that unless gangrene poisoning set in, his chances for recovery were good.

His temperature early today was 100 and his pulse had dropped to 98. He was perfectly rational and conversed for a few minutes with Manager Ray Schalk.

Mostil was able to take some orange juice, his first natural nourishment since his mad attempt to end his life.

Series Teams To Have Meeting

The Rick-Overland boys and the Tin Mill team will hold an important meeting Friday night at 8 o'clock in the office of Walter E. Kirker, physical director.

The meeting is for the purpose of completing arrangements for the city industrial league championship series. It is the intention to play but one more game for the title, but opposition to this ruling has cropped out and it was found necessary to call a meeting of the two teams concerned. All members of both teams are asked to attend the meeting and to present their views.

The first game for the title will be played on Monday night at the Y. M. C. A. court, according to Kirker's announcement today.

ALLEGHENY LOSES OUT FOR TITTLE

Pitt Scores One Point Victory In Final Period At Meadville

MEADVILLE, Pa., March 10.—Dr. H. Clifford (Cravat) Carlson's personally conducted basketball excursion to this city and his invasion of the Allegheny College gymnasium last night ended up in a soul-satisfying manner. Dr. Carlson and his trained troupe of Pitt athletes flopped and flipped about like they were lost in a fog at sea without oars, but rallied in the final seconds of the game to kick this Methodist institution of learning out from under the Tri-State non-conference college title. The score of the game was 25-24.

Pitt 25		Allegheny 24
Kowallis	F	Thompson
Wroblesky	F	Blair
Rihanek	C	Moon
Reed	G	Rhodes
Lissfelt (c)	G	Cibula

Score by periods:

Pitt	6	10	2	7—25
Allegheny	9	8	5	2—24

Substitutions: Pitt—Hoban for Kowallis, Fisher for Lissfelt, Lissfelt for Fisher, Kowallis for Hoban, Hoban for Rihanek, Rihanek for Hoban. Allegheny—McClurg for Blair.

Field goals: Pitt—Kowallis 2, Wrobleski 2, Reed 4, Lissfelt. Allegheny—Thompson, McClurg, Rhodes 2, Cibula 3.

Fouls: Pitt—Kowallis, 1 out of 2; Wrobleski, 3 out of 6; Rihanek, 3 out of 5; Lissfelt, none out of 2. Allegheny—Thompson, 2 out of 4; McClurg, 5 out of 8; Rhodes, 2 out of 4; Moon, 1 out of 1. Team fouls—Pitt, 7 out of 15; Allegheny, 10 out of 17.

Missed shots from floor—Pitt, 34; Allegheny, 21.

Referee—Smith. Umpire—Beggs Snyder.

Time of periods—10 minutes.

KING TUTTERS DISAPPOINTED

Not long ago the King Tut class of the Y. M. C. A. were expressing the opinion that they would soon show the Business Men of the Association how to play volley ball. They tried it Wednesday evening with sad results. The more experienced Business Men won three games straight, with scores running, 15-5, 15-6, 15-7. Once in a long time the King Tuts would give the Business Men a run for a point, but all-in-all the Business Men had easy sailing.

The "Tutters" used two teams during the fracas, while the Business men used only two new men during the third game. The lineups were as follows:

Business Men		King Tut
Hanna	Passer	Eroe
Reed	Passer	Hart
Elliott	Passer	E. Connery
Cleland	Spiker	Harland
Craig	Spiker	Waddington
Buffer	Spiker	Rhodes

Second teams: Business Men:—Dean and Foster. King Tut:—Carson, Andrews, Woodworth, Robinson, Winger, Ziegler.

Methodists And Imperials To Play Saturday Night

The First Methodist team and the Gerson Imperials will battle in the second game of the church league championship series at the Y. M. C. A. on Saturday night. A fast preliminary has been arranged, starting at 8 o'clock.

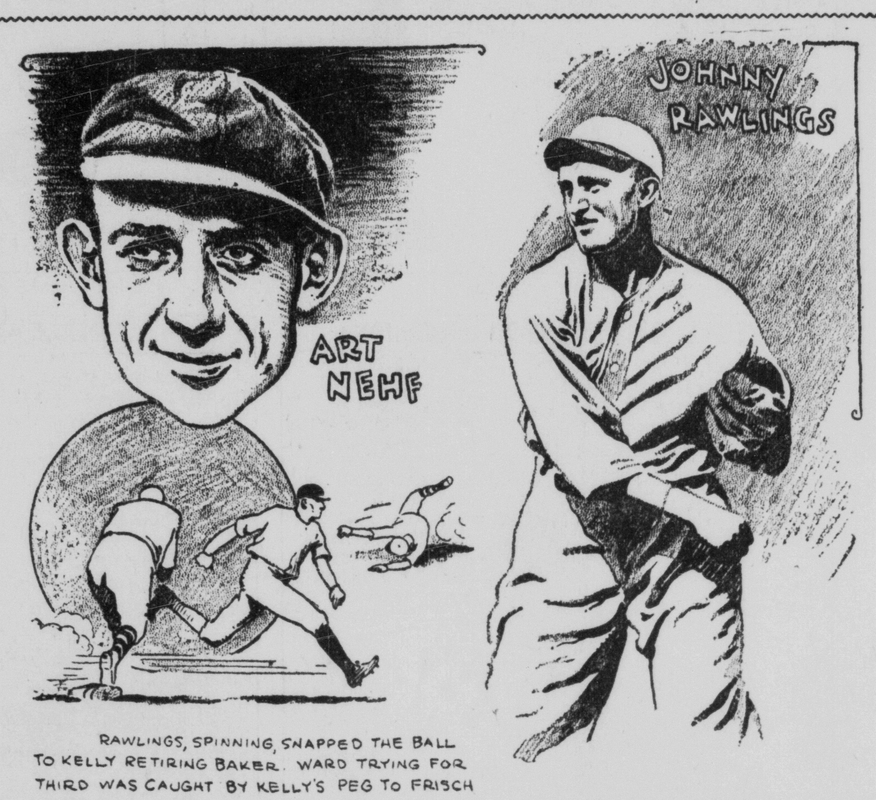
The Methodists defeated the Imperials in the first game of the series by a large score and the Jewish boys are anxious for revenge. The game Saturday night should be a fast one.

All league games scheduled for Saturday night and also next Monday night have been postponed, it was announced today.

This year's short course in athletic coaching at the University of Wisconsin will be held during the ten days beginning June 13.

SORDS POINTS

Art Nehf Tells Of Greatest Play He Ever Saw



RAWLINGS, SPINNING, SNAPPED THE BALL TO KELLY RETIRING BAKER. WARD TRYING FOR THIRD WAS CAUGHT BY KELLY'S PEG TO FRISCH

By NORMAN E. BROWN

ORLANDO, Fla., March 10.—"The greatest play I ever saw in baseball?

"It was pulled by little Johnny Rawlings."

So says Art Nehf, veteran southpaw pitcher with the Cincinnati Reds and training with them for another year in the Big Top.

Nehf has seen plenty of baseball in his 12 campaigns as a major leaguer, and while helping pitch the Giants to four pennants in a row and then winning a game in each one of those series.

He ought to have seen some brilliant plays.

"Rawlings made the play in the last game of the 1921 series between the Giants and Yanks," went on Nehf after I had put the query to him during a fanning bee.

"It was the eight game. A win for us would give us the series.

"Waite Hoyt was working for the Yankees and I was trying for the third time to beat him. When the Yankees went to bat in the ninth the score was 1 to 0 in our favor.

How it Was Done.

"Ruth started and grounded to Kelly. Aaron Ward walked and then Frank Baker came up. When he hit one toward right field I knew I needed help. It looked like a sure hit, dead between first and second.

"Rawlings saw that he couldn't reach the ball on his feet and dove for it. Now, you've seen players dive for a ball and knock it down. Rawlings, somehow, held the ball in his glove, actually turned over, transferred the ball to his throwing hand while spinning, threw it to Kelly and rolled over again. The ball beat Baker to first.

"In the meantime Ward figured it was a sure enough hit and lit out for third. Kelly threw the ball like a rifle shot to third and his throw beat Ward. The Yankee infielder ran into Frisch and the force of the blow knocked Frisch beyond the coacher's box. But Klem, umpiring at third, had been on the play and called Ward out.

Crowd is Stunned.

"We were half way off the field before the crowd realized what had happened.

"What made the play all the more remarkable was the fact that Rawlings was playing on his nerve. He was suffering from a stone bruise on his heel and had been playing with a rubber sponge in the heel of his shoe to ease the pain.

"Johnny seemed to know we were going to win that series anyhow. When Hoyt beat me the first two games we pitched against each other Rawlings kept saying, 'We'll beat these birds yet.' And every time the breaks seemed to go against us he'd chirp the same phrase.

"And by some strange twist of fate it was Rawlings himself who really won the series for us with that one play."

Broken Finger Heals.

Nehf won one game in each of the four world's series the Giants won 1921-24. He was sold to the Reds in May last season. A broken finger made him practically worthless last season, but he reports the digit in shape this spring and is counted on to join the regulars. Last year was the first one since the 1916 season with Boston that Nehf did not rank as a regular with his club.

Incidentally the Roush-Kelly trade rejoins these two old world's series mates, Nehf and Kelly.

Wampum Defeats Ellwood Stars By Score 38-29

WAMPUM, Pa., March 10.—The Wampum Indies making their foul tries count for points, defeated the Ellwood City High All-Stars 38 to 29 in a game played on the Wampum Opera House floor.

The Indies jumped into the lead at the very outset of the game and held a lead of 12 to 3 at the end of the first quarter. The score at half time favored the locals 21 to 12. The third session ended with the Wampumites in the lead 31 to 22.

B. King with five field goals was the best bet for the Ellwood City team, while Labate and Justine also played spectacular basketball. For the Wampum boys the work of Boone, Blythe and Ferrucci featured.

The Wampum Cubs downed the New Castle Musketeers 24 to 23 in a fast preliminary game.

The lineups and summaries:

Wampum Indies 38.		Ellwood 29.
Boone	F	W. King
E. Galbreath	F	Labate
Blythe	C	Aiken
R. Galbreath	G	Justine
Ferrucci	G	McDonald

Field goals—Boone 4, E. Galbreath 2, Blythe 3, R. Galbreath 3, Ferrucci 2, W. King 5, Labate 4, Aiken, Justine 2.

Fouls—Wampum 10 out of 11. Ellwood City 5 out of 7.

Referee—Smith.

Wampum Cubs 24.		Musketeers 23.
White	F	Hannon
E. Boone	F	Louden
Demark	C	Clark
Grinnen	G	Hill
Ferrucci	G	Kroen

Field goals—Boone 6, Demark 2, Grinnen, Hannon 2, Louden, Hill 2, Kroen 2.

Fouls—Cubs 6 out of 8. Musketeers 9 out of 14.

Referee—Smith.

Grove City And Sharpsville Take Tourney Battles

(International News Service)

GROVE CITY, Pa., Mar. 10.—Sharpsville and Grove City High School quintets today held initial victories in the annual Mercer County Basketball Tournament here in the gymnasium of Grove City College.

Sharpsville downed Mercer, 21 to 9 in the first game of the tournament, while Grove City squeezed a victory out of Sandy Lake by the narrow margin of 21 to 18 in the second game. The tournament is to be continued tonight.

Ramblers Trim Bearcat Five

In a fast game played at the Rose Avenue gym the Ramblers topped the Bearcats of the Y. M. C. A. Boys' League to the tune of 29-27.

Taking an early lead by fast passing and clever teamwork, the "Rambling" lads outpointed their opponents in the first half of the game, 22-13.

Jenkins and Neyman were the leading scorers for the Ramblers, while Sargent was high for the defeated lads.

The line-up:

Ramblers 29		Bearcats 27
McNickle	F	Sargent
Neyman	F	Valle
Lewis	C	Brenner
Thomas	G	Mackey
Jenkins	G	Marquis

Subs.: Ramblers—Blight, Johns, Bluedorn. Bearcats—Switzer.

Field goals: Jenkins, Sargent 5, Neyman 3, McNickle 2, Valle, Brenner, Mackey, Marquis, Switzer 1.

Fouls: Ramblers—9 out of 21; Bearcats—7 out of 19.

Referee: Bogden.

PITT TEAM TO CLOSE SEASON AT PENN STATE

(International News Service)

PITTSBURGH, March 10.—University of Pittsburgh's basketball quintet today started preparations for its last game of the present season, at State College, Pa., when Penn State will be met. Last night at Meadville, Pa., the Panthers nosed out Allegheny college in the last half-minute of play when Wroblesky caged a field goal and a foul. With the exception of a few moments in the second quarter, Allegheny had been leading Pitt throughout.

Carl Gorner who arrived in England from South Africa is said to be the strongest man that the world has seen in at least 100 years. One of Gorner's feats is to support on his back a "merry-go-round" containing eight cars with passengers.

Like Thomas A. Edison, Charles A. Comiskey the Chicago White Sox magnate, was a train "butcher" in his early career.

"MASTER MINDS" OF BALLDOM

Left to right: John McGraw, manager of the New York "Giants," Ty Cobb, former manager of the Detroit "Tigers" who is now playing with the Philadelphia "Athletics" at a reputed salary of $70,000, and Rogers Hornsby, former manager of the world champion St. Louis "Cardinals" who was acquired by the "Giants" in a trade this winter, snapped at Sarasota, Fla. Hornsby is captain of the "Giants."

STRATEGY TRIO OIL THINKERS

Here we have a view of the "strategy trio" of the Cleveland Indians, putting their thinkers to work at high speed at Lakeland, Fla.: Left to right, George Burns, captain; Jack McCallister, manager; and George Uhle, star pitcher. Burns was named the most valuable player in the American League last season, while Uhle was the greatest pitcher in the league. (Central Press Photo.)

"Special Train" Tickets Are Not Selling Very Fast

Gardner Says Special Train May Be Cancelled If 300 Not Secured

From all indications today the New Castle high team in their game with the Duquesne High team at the Pitt stadium on Friday night will be rather poorly supported by local fans.

Tickets for the "special train" on the Pennsylvania railroad have been on sale for the past several days but a check-up this morning revealed that not over 75 have been sold. It will be necessary to obtain at least 300 reservations before the train can be chartered, according to the announcement today by Ralph H. Gardner.

The round trip tickets on the "Special" are selling for $1.79 each with a ten cent additional fare for the street car trip from the Union depot to the stadium.

New Castle fans in other years have given the basketball teams more support. The locals are sectional winners this year and they are to play for the W. P. I. A. L. championship in Pittsburgh but there is seemingly little interest here in the big game.

The "special train" tickets are available at the following places: High school, Sporting Goods store and the Pennsylvania station. It has been suggested that any person desiring to make the trip call either of these three places and make reservations.

In event 300 reservations are not in by tonight the special will be cancelled said Gardner.

Admission tickets to the game are selling for 50 cents if purchased here in New Castle. If they are bought at the stadium the admission will be 75 cents.

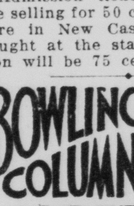
Presidents Lose To West Virginia

(International News Service)

WASHINGTON, Pa., March 10.—Washington & Jefferson's basketball season was completed today with the final game, staged last night at Morgantown, W. Va., with West Virginia university, registered as a defeat. The score was 30-25. W. & J. led throughout the first half, but the Mountaineers came back strong in the third quarter, forged ahead and kept there till the end.

Successful Specialist in CHRONIC DISEASES



I treat all Curable Diseases by New Methods in Weeks Where It Formerly Took Months.

DR. R. W. MacKENZIE
Specialist
115 N. Jefferson St.

Physical Weakness—If you are low-spirited, have backache, suffer from neuralgia, have impairment of memory and are nervous and easily irritated, consult me, I will by scientific and modern methods of treatment quickly relieve you.

Kidney Diseases—If your urine is dark and cloudy, if you have pains in the small of your back, puffiness under the eyes, you can secure positive results by consulting me.

Chronic Diseases Peculiar to Men have been my specialty throughout my long and successful career, and I treat **Personally** every case according to its individual requirements with unvarying successful results.

Come to me at once if you need treatment. Delays are dangerous. No disease lies dormant. Call today.

Football Coaches Favor New Rules

However, There Is Difference Of Opinion On Lateral Pass

EXPECT NEW THRILLS TO FEATURE GAME

NEW YORK, March 10.—Sweeping changes in the football code for 1927, effected by the National Rules Committee, have gained widespread endorsement on the whole but a marked difference of opinion is manifest among some coaches on the change which makes an incompleted backward or "lateral" pass a dead ball.

The contrast in opinion is reflected in statements of a dozen well known coaches today in a New York paper which quotes Bob Zuppke of Illinois as approving the backward pass rule alone among the new regulations, whereas Knute Rockne of Notre Dame, Percy Wendell of Lehigh, and D. O. McLaughry of Brown react favorably to all except this new passing provision.

Zuppke, for instance, declares the backward pass legislation is "constructive," and "probably will make a more interesting offense." McLaughry, on the other hand, believes it "will take a lot out of the game." Rockne, while praising the rules committee's work as "generally constructive," does not think the new pass rule "will work," and Wendell voices the opinion that "it may open up the game too much."

Gil Dobie of Cornell, decrying present tendencies generally, asserts "the lateral pass rule will add many complications to a game which was already too complicated for a college sport." He urges that the shift, huddle and all "freak formations" be abolished, so that the college boys "who play the game will be able to learn it in one college generation and have a little time left for study."

Indorsing all the changes except the shift legislation—which provides a 15-yard penalty for illegal shifting and defines an approximate one-second stap as necessary—Lieut. Lawrence (Biff) Jones, Army coach, declares: "It now appears that the shift literally will take the count" because of the "excessive penalty."

Fielding H. Yost of Michigan anticipates "new thrills" will replace those lost by the elimination of uncertainties on the results of fumbled punts and passes.

Removal of the goal posts to point 10 yards behind each goal line, Yost believes, "will result in many more one-point victories, as good kickers will continue to get their goals, while the poor ones will miss more often."

To the general chorus of approval a Charlotte (N. C.) paper today published general indorsement of the rules changes by 20 coaches of the South, noting that only two mentors, Dave Morey of Auburn and B. W. Bierman of the Mississippi Aggies opposed the alterations.

Joe Wilhoit while playing with the Wichita Western league club in 1919 set a new world's batting record by hitting safely in 69 consecutive games.

Peerless Quint Downs Shamrocks

Good Game Is Played On Wednesday Night In Rose Avenue Gymnasium

The Peerless quintet of the Independent Athletic association added another victim to their list on Wednesday night at the Rose Avenue gym floor by toppling the strong Shamrock team 23 to 18. The game was fast and hard fought throughout.

The game started out in rather slow fashion, but the boys soon got under way and at half time the Peerless team had a lead of 13 to 8. The Peerless team took on new life in the third and four quarters, and held the Shamrocks to three field goals for the two periods.

Captain Benny Marino and Carmen Marino were the stars for the Peerless team with three field goals apiece. Carmen Marino's passing was one of the bright features, also the fine defensive play of Honkonen. Tyrell with three buckets led the Shamrocks in their fight for victory. Tomasella, Fernati and Mash all played a good brand of basketball.

The Peerless team will play the Central Christians on the Lincoln-Garfield gym floor at 7:30 o'clock Monday night.

The lineup and summary:

Shamrocks 18.		Peerless 23.
Kearns	F	B. Marino
Tyrell	F	C. Marino
Cegielka	C	Tomasella
R. Burns	G	Fernati
Sheriden	G	Honkonen

Subs—McCormack, Mash.

Field goals—B. Marino 3, C. Marino 3, Honkonen 2, Fernati, Tyrell 3, Kearns, Cegielka, Sheriden.

Fouls—B. Marino 3 out of 6, C. Marino 1 out of 1, Honkonen 1 out of 2, Fernati 0 out of 4, Mash 0 out of 1, Kearns 3 out of 6, Tyrell 1 out of 1, Cegielka 1 out of 3, Sheriden 1 out of 2, McCormack 0 out of 1.

Referee—McNicholas, Merchants.

Batchelder Builds New Racing Yacht

(International News Service)

BOSTON, March 11—A new schooner yacht that will be seen in yacht racing waters this summer is the Dorello III, which is now nearing completion in Italy for George L. Batchelder of this city. Mr. Batchelder is a member of the eastern and New York yacht Clubs

He is now in Italy making preparations for the launching of the craft which will take place early next month. The builder of the boat is Nocolo Martinolich of Lussinpiccolo, Italy, on the Adriatic Sea. It was at the same yards that the schooner Lynx, owned by Commodore Natanial F. Ayer, was built last season.

The new boat is somewhat like the Lynx which is well known to followers of yachting. She measures 98 feet over all, 68 feet on the waterline, 17 foot beam and 12-foot draft. She will be made entirely of steel, with a modern stay-sail rig.

During the racing season, Mr. Bachelder will enter the Dorello III in the Eastern Yacht club cruise, the New York Yacht Club cruise and in the racing off Newport. She will be rated with the class D boats and will be in competition with the Advance, owned by John S. Lawrence; Flying Cloud, Wildfire and the Lynx.

Another of the schooners expected to compete in the annual cruises of the New York Club is the Elena. The Elena was recently purchased by W. B. Ball of the New York and Larchmont Yacht clubs from Cornelius Vaiderbilt.

The Elena won the Astor cup in 1912 and 1913 and again in 1926.

Speed From Spain — By Feg Murray

Copyright, 1927, by Metropolitan Newspaper Service

Manuel Alonso, the dashing, fiery Spaniard who was ranked second among the players of the country by the United States Lawn Tennis Association last month, will make a strong bid in the near future to win the indoor championship of his adopted land. Alonso is known as one of the fastest players in the game and his chief opponent on the board courts of the Seventh Regiment armory will be another "Lightning Latin", Jean Borotra of France, who many consider is just as fast as, or faster than, Manuel Alonso.

For those who delight in dash and color and a fast pace in sports, this meeting between the "Bounding Basque" and the "Animated Aragonese" should be full of thrills. Give me a chance to watch brilliant court-burning demons like Alonso and Borotra every time! I'd rather see a match between those two any day than one between LaCoste and Johnston, for instance.

Manuel Alonso has for several years now been a resident of Fullerton, Pa. With his brother Jose, he has played on Spanish Davis cup teams, and his magnificent forehand drives have brought him through victorious over such great players as Bill Tilden and Vincent Richards. Manuel is one of those athletes who compete at high tension, their determination to win being very evident from the time the first ball is served. I have seen him collapse in the midst of a close match on account of the terrific heat, only to ask that a bucket of water be thrown over him, and then return to carry on the battle. His color, speed and personality have made him a prime favorite wherever he has played and the announcement that he had been honored with the No. 2 ranking position was received with joy by his many friends.

Feg Murray Says—

"Why, Harold," cried the sweet young thing to the football hero, home for the mid-term recess, "you've changed the color of your hair!"

"I know," replied the honest halfback ruefully, "but I promised to dye for dear old Rutgers."

SPORTS DONE BROWN

TOURING THE TRAINING CAMPS, March 10.—We are going to have a more serious brand of baseball the coming year. And the direct results of this new seriousness will be better baseball. Mark my words.

This change—for the better—is very apparent at this point in my swing around the big league camps.

* * *

There are several reasons for this. The first is found right here in Florida.

During the seasons that the three-ring real estate circus was showing in this section a majority of the players limbering up were dividing their time between conditioning themselves for their real vocation and trying to make a million in real estate. Those who weren't interested in the new Gold Rush graced the golf coursese in odd hours. Their presence was sought in many cases to enhance the attractiveness of the links and the neighboring localities.

All the baseball that was "played" outside of the few hours on the camp diamonds you could place with a lock of your grandmother's hair inside a cameo ring.

* * *

And some of the boys cared little about the work at hand when they were supposed to be learning the fine points and taking off the rough edges.

* * *

The managers, too, or most of them, were torn between corner lots, social afternoons on the links and the routine of baseball drills.

I have seen more real interest in their game displayed by players and managers so far on my trip this season than I witnessed in the last three spring jaunts around the camps put together.

* * *

Most of the players have fallen back to the old habit of "huddling" about the hotel lobby in the afternoon or the evening and talking baseball. It may be only chatter over experiences of last season or reminiscences of the older players, but it is BASEBALL — THEIR GAME—and the game which the American public keeps alive by its patronage.

* * *

One of the clubs visited to date has seen more of its present manager in the couple of weeks behind them todate than it saw in six months last year.

* * *

The two days I spent with his club I found him carrying his baseball into the off hours, too. He is beginning to instill his team with the old idea of "living baseball" as well as playing it. Last year's pilot went from the clubhouse to the golf links or the trapshooting range.

* * *

I found another new pilot, a catcher, running himself ragged along with his teammates. He was the first man on the field and trailed the last squad into the clubhouse. Last year's pilot usually entered and left the field like a prima donna—and had little contact with his men until the same theatrical appearance the next day.

These new leaders and others who have assumed control of clubs over the winter are of the type needed to restore this old spirit.

And the change is bound to do the game some good—to give the fans a better brand of baseball and less hokum.

For which Allah be praised.

Last Nights Fights

AT CLEVELAND—Johnny Farr of Cleveland, won decision over Babe Herman of California, twelve rounds.

Frankie Genaro of New York, won decision over Tommy Hughes of Cleveland, eight rounds.

AT TOLEDO, OHIO—Joe Rychell of Chicago, won newspaper decision over Luis Carpentero of Toledo, ten rounds.

At 65 Connie Mack of the Athletics is dean of the major league managers.

Training Camps

AVON PARK, Fla.—The Cardinals today had a day of hard practice scheduled to prepare for a return game with the Boston Braves at St. Petersburg. The Braves laced the champions yesterday, 9 to 4, at the Cardinals' camp here.

TARPON SPRINGS, Fla.—The Browns will leave here tonight for Orlando, where they will meet the Cincinnati Reds in an exhibition game. Manager Dan Howley says his men are rounding into shape.

SAN ANTONIO, Tex.—Manager Moriarty of the Tigers was so pleased with the first game between the regulars and the rookies, which the regulars won with a burst of speed at the end, 5 to 4, that he plans to make such games regular daily features of his training. Two Tiger pitchers, Watts and Wells, are complaining of sore arms.

NEW ORLEANS, La.—A five-ining practice game is scheduled for Bill Carrigan's Red Sox this afternoon. Freddie Wingfield, who has been bothered by a sore arm for more than a year, has consulted a dentist and a specialist, in the hope of discovering the source of his trouble.

ST. PETERSBURG, Fla.—The Braves play the Cleveland Indians here this afternoon. The Indians were brought here by Jack McAllister, one of the new managers making his bow in the big leagues.

PASO ROBLES, Cal., March 10.—The Pirates cancelled a scheduled game between the regulars and the yannigans to engage in a losing tilt with Jupiter Pluvius at their camp, but today were to ignore wet grounds and play their first regular game. The Pirates have been able to squeeze in little practice in the past few days due to rain.

BRADENTON, Fla., March 10.—The Phils play their first exhibition game today meeting the Washington Senators. Manager Stuffy McInnis' worries had decreased today with the arrival of Russell Wrightstone and word from Fred Leach that he will report next Tuesday. The former Giant hurler, John Scott, is the only player now missing from the camp. With the exception of Herb Pruett and Clarence Mitchell most of the Phillies, hurlers are in fair condition. McInnis plans to let each hurler go three innings today.

FORT MYERS, Fla., March 10.—Eddie Collins' bruised knee received in the game with the Giants yesterday was the chief worry of the Athletics today. Collins declares it is only a minor bruise and that he will be back in uniform today. The Mackmen defeated the Giants 13 to 5, by a furious attack in the last innings. The teams will clash again in ten days. The Athletics got 16 hits to the Giants 12. Another round of practice drills were scheduled for today.

TAMPA, Fla., March 10.—The Nationals left camp today for Bradentown where they take on the Braves today. Games with the Giants are scheduled for Friday and Saturday. Rube Marquard the one time "$11,000 beauty" is trying to hook up with the Nationals. He is working out regularly.

SARASOTA, Fla., March 10.—The New York Giants thrashed by the Athletics 13 to 5, visit Palmetto today for a game with Buffalo. Devormer featured at bat, getting four hits. Hits by Wheat and Cobb helped the Mackmen while Hornsby whiffed twice.

ST. PETERSBURG, Fla., March 10—The Yankees left here early today for Orlando to engage the Reds in the first contest of a three-game series. It will be the Yanks first exhibition game of the season.

LAKELAND, Fla., March 10.—Having evened accounts with the Cincinnati Reds in the two game exhibition series the Cleveland Indians today were making preparations to take on the Boston Braves Friday at St. Petersburg. The Reds were downed 6 to 5 at Orlando yesterday. The Sewell Brothers, Joe and Luke are expected to report to Manager McCallister today or tomorrow.

SHREVEPORT, La.—The difficult task of filling the place in centerfield, made vacant by Johnny Mostil's rash attempt at suicide, was occupying the attention of Manager Ray Schalk of the White Sox, today. It is believed Schalk will use Bill Barrett, Mostil's roommate, in the center garden. Bill is working out in that position. He is a fair fielder and a harder hitter than Mostil.

AVALON, CATALINA ISLAND, Cal.JAnother layoff for the Cubs loomed today as a result of the spring-like showers that have deluged the Pacific Coast the past two weeks. The players spent yesterday in a "huddle" discussing the strange case of Johnny Mostil. Several wired messages of cheer to their fellow townsman.

The average man wouldn't worry about his wife wearing her skirts a little shorter, if she'd only wear her dresses a little longer.

You Don't Need a Magnifying Glass!

Quality is sometimes hard to find—that's true. But if it's malt extract you know just where to find

Finest Quality

—That's Puritan Malt. And you don't need a magnifying glass to see it, either! Why not test Puritan Malt's Quality for yourself? Purchase a can of some other brand of malt. Use it.

Compare Results

with the results given by Puritan Malt. Which has the greatest Strength, the finer Flavor? Obviously, Puritan Malt. Why? Because Puritan is a *skillful blend* of the choicest ingredients, including selected No. 1 barley and genuine Imported Bohemian Hops.

"HAIR-GROOM"

Keeps Hair Combed, Glossy Well-Groomed all Day

"Hair-Groom" is a dignified combing cream which costs only a few cents a jar at any drug store. Millions use it because it gives that natural gloss and well-groomed effect to the hair—that final touch to good dress both in business and on social occasions. Even stubborn, unruly or shampooed hair stays combed all day in any style you like. "Hair-Groom" is greaseless; also helps grow thick, heavy, lustrous hair.

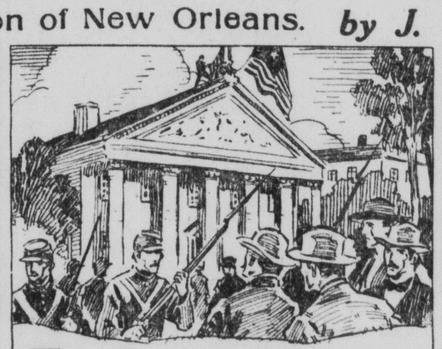
HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

The Occupation of New Orleans. *by J. CARROLL MANSFIELD*

EARLY IN THE AFTERNOON OF APRIL 25, 1862, CAPT. BAILEY AND LIEUT. PERKINS OF THE UNION FLEET LANDED ON THE LEVEE OF NEW ORLEANS AND SET OUT FOR THE CITY HALL BEARING FARRAGUT'S DEMANDS FOR THE SURRENDER OF THE CITY AND THE LOWERING OF CONFEDERATE FLAGS. THEY WERE GREETED BY A THREATENING, JEERING CROWD, BUT REACHED THE CITY HALL UNHARMED.

WHILE FARRAGUT'S FLEET LAY AT ANCHOR AWAITING THE ARRIVAL OF THE TROOPS UNDER GEN. BUTLER, MAYOR MONROE AND HIS COUNCIL STEADFASTLY REFUSED TO YIELD THE CITY OR LOWER THE FLAGS AND DECLARED THAT ALTHOUGH NEW ORLEANS WAS NOW DEFENSELESS THE FEDERALS WOULD HAVE TO OCCUPY IT BY FORCE.



AFTER SEVERAL DAYS OF FRUITLESS NEGOTIATIONS, FARRAGUT RESOLVED TO PARLEY NO LONGER AND LANDED A BODY OF MARINES WITH HOWITZERS. THIS FORCE MARCHED TO THE CITY HALL, WHERE THEY LOWERED THE STATE ENSIGN AND RAISED THE "STARS AND STRIPES." FEDERAL FLAGS WERE ALSO RAISED OVER THE CUSTOM HOUSE AND THE MINT.

MEANWHILE THE UNION LAND FORCES HAD BEEN MAKING THEIR WAY AROUND THE FORTS AND ON MAY 1ST GEN. BUTLER REACHED NEW ORLEANS. TROOPS WERE QUARTERED IN THE CITY AS WELL AS IN ALGIERS, ACROSS THE RIVER, AND THE OCCUPIED AREA WAS PLACED UNDER MARTIAL LAW.

TOMORROW—THE FORTS SURRENDER TO PORTER.

N. Y. STOCKS

(International News Service)

NEW YORK, Mar 10.—The upward movement of the speculative leaders was carried to slightly higher levels in early trading today as the result of an aggressive buying wave which swept over the market and embraced a wide variety of industrial and railroad shares.

The motor stocks and many of the high-priced specialties pushed through to new high price levels for the year on extremely heavy trading, in which blocks of 5,000 shares of stocks frequently changed hands. The bullish pools continued their "drive" against the shorts in General Motors, Hudson Motors, Wabash and other record-makers, and the commission houses reported a considerable volume of short covering in this section of the market.

Steel and copper stocks were well bought as also were the equipment stocks and the sugars.

The ""Merger" railroad shares jumped into the limelight, with Kansas City Southern and Wabash leading an active, if not brilliant, forward movement. Buffalo, Rochester & Pittsburgh moved up 3 points to 114¾, completing a gain of about 26 points since the directors declined to extend their leasing agreement with Delaware & Hudson. Oil stocks were again irregular.

He isn't a born conservative unless he feels apologetic when turning out a great man's speech.

The pacifist accomplishes nothing by making people fighting mad.

Wedding Delayed

Willie Buszell, 14, of Canaan, Me., wants to marry Mrs. Thelma Tibbetts, 27-year-old divorcee and mother of a five-year-old child, but state authorities have been trying to prevent the wedding, although the boy's parents do not oppose it.

Gives Thanks

Eamonn De Valera, first President of the Irish Republic, attended mass at the Church of the Carmelites, New York, and gave thanks for is safe journey to America. He came to testify in the litigation over Republican bonds.

(International Newsreel)

Foils Bandits

When bandits attacked C. C. Glass of Louisville, Ky., and dragged him from his car in the rear of his home to rob him, Mrs. Bessie Glass, his wife, above, came to the rescue. Her husband felled one of the thugs and the other fired three shots at him. Then as they both ran for their car Mrs. Glass jumped on the running board with a monkey wrench and beat them until they deserted the machine and fled.

Sees Rosy Future

The world is full of a number of things for Dr. William W. Keen, 90, of Philadelphia, Pa., who predicts a rosy future for civilization, once jazz has been discarded. Dr. Keen practised as one of the country's leading surgeons for a large number of years. He began his practice as a surgeon in the Civil War and was appointed a major by President Wilson in the World War. Dr. Keen bears the reputation of having performed the first modern operation on a brain tumor. He has just celebrated his ninetieth birthday.

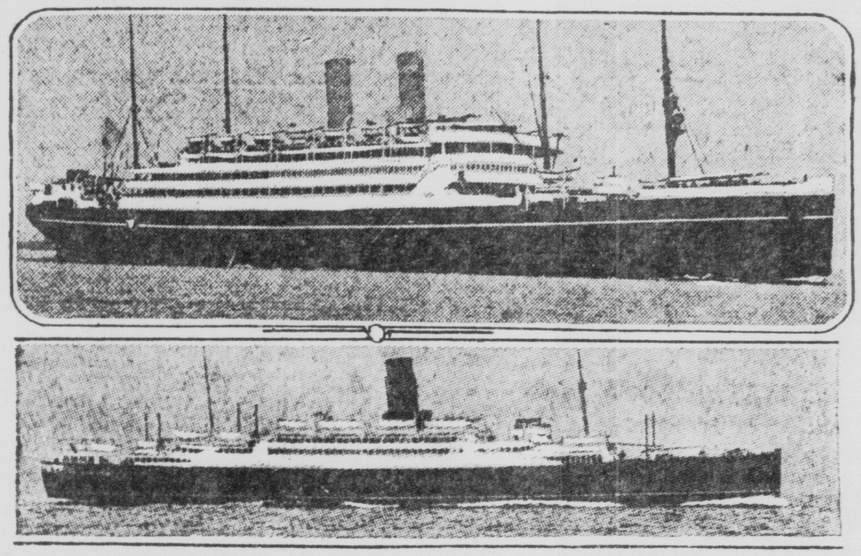
SPEEDWAY WINNER AVERAGES 124.7 MILES

Leon Duray (in the foreground in the above lineup at the race) is winner with an average of 124.7 miles an hour of the 250-mile speedway classic at the Culver City Speedway near Los Angeles. Duray used a front-drive Miller special. Harry Hartz, national champion, was second; Peter DePaolo, third; and Frank Lockhart, fourth. (Central Press Photo.)

TWO TOURIST SHIPS RIDE TIDAL WAVE SAFELY



Carrying tourists from America, the large trans-Atlantic liners "Empress of Scotland" (above) and "California" (below) have safely ridden the tidal waves following earthquake shocks at Kobe, Japan, where the vessels were docked. A gigantic wave, however, upset the gangplank of the "California" as Mrs. Jesse Glenn Schultz of Ventnor, N. J., was crossing it, and she was tossed to her death. Masters of the two ships reported no other harm done to passengers or crews. Kobe, itself, suffered comparatively small damage.

EARTHQUAKE AFFECTS MANY JAPANESE TOWNS

Reports coming in disclose that many towns have suffered from the latest series of Japanese earthquakes. Map shows the region affected, the greatest destruction being within the circle. Picture is a scene in Tokyo after the earthquake and fire of 1923, indicating the tremendous damage in a city following such severe shocks as rock Japan.

NICK GETS HIS CHANCE

Nick Altrock, famous comedian, apparently is about to realize a player's greatest ambition—murder of an umpire. But don't get excited. The "ump" is Billy Sunday, the evangelist. They were snapped at Tampa, Fla., where the evangelist is conducting a revival and the Washington Senators are working out.

A Rockefeller Wins

John Rockefeller Prentice, 22-year-old grandson of John D. Rockefeller, who is working his way through Yale university after having been suspended in 1920 for "cutting classes," has just been elected to the Phi Betta Kappa society. After his suspension, Prentice started to work and in five years returned with the money he had saved and re-entered the university.

Says Union Township Expects To Pay City For Upkeep Of Sewer

Union township has no intention of joining their sewer system up with that of the city without paying for a share of the maintenance, says C. H. Milholland who is acting as engineer for the supervisors of Union township.

Since the state health department have made it imperative that the proposed sewer system in Union township must be built without delay they expect to push the project as quickly as possible. But the people of New Castle and the city council need not be the least worried but that a fair arrangement will be made says the engineer.

But there is a due course of procedure that must be gone through. The supervisors are back of the project but it has not been ascertained whether a majority of the citizens of the township are willing or not. When it is assured that the system will be started then arrangements will be made with the city in the regular way and then the sewer will be built.

The supervisors have understood that they must share in the upkeep of the system all along said Mr. Milholland and in fact they have talked unofficially with members of the city council concerning it.

Barbers To Hold Banquet Tonight

Journeymen barbers with shop proprietors as guests will hold their annual banquet at 8 o'clock tonight at the Elks club. During the evening a diversified program will be presented.

GOVERNMENT ADDS 14,000 ELK ACRES TO NATION'S FOREST

KANE Pa. March 10—A tract of 14,000 acres in Elk county between Kane and Johnsonburg has been added to the Allegheny National forest, the approval of the National Forest Reservation committee of the government having been filed yesterday. The price is the highest paid for a unit in the National forest area— $12.25 an acre due to the fact that there is much marketable timber on the tract. The property formerly was owned by the McKean Chemical company.

Seventh Ward

Children's Party In Scott Home

Twenty-Two Guests Present; Other News Notes Of Seventh Ward

Mrs. Herbert Scott of West Madison avenue entertained a number of little guests in her home, Wednesday afternoon honoring the second birthday of her little son, Harry Ellsworth Scott. There were twenty-two guests present. The honor guest was the recipient of many beautiful gifts. The hours were from 3:30 until 5:30. The entertainment was games, in charge of Miss Virginia Yates and Miss Harriet Truby.

At a seasonable hour dainty refreshments were served by Mrs. Scott assisted by her sister, Mrs. Anna Johnston, Mrs. William Wallace and Mrs. Roy Watson. A color scheme of green and white was carried out in decorations and serving.

Guests present included, Samuel Davy, Ella Jean Wilson, LaRue Blanton, George Watson, J. J. Cramer, Marion Wallace, Bobby and Martha Louise Mauck, Claire Gorely, Billy Bollinger, Ernest Logan, Beatrice McAuley, Betty Lou and Myrtle Irene Rohrer, Betty Lou Johnston, Peggy Wallace, Marion Unangst, Patricia Ann Taylor, Mary Ellen Shanafelt, Verlee Mauermann, Lois Shingler, and the honor guest Harry Ellsworth Scott.

PENNA-BO LODGE

The Penna-Bo Auxiliary to Brotherhood of Locomotive Firemen and Enginemen had their semi-monthly lodge meeting, Wednesday afternoon in the Woodman hall. During the afternoon the regular meeting was conducted, and affairs of the lodge transacted.

LOOKOUT CLASS

The Lookout class of the Mahoning Methodist church taught by Mrs. J. A. Waddell will meet at the home of Mrs. LaRue King on Lafayette street, this evening instead of in the church parlor as was previously announced. Members please note the change in the place of meeting.

RESUMES WORK

A. T. Johnston of Newell avenue has resumed his work as janitor at Mahoning school after being off for some time on account of illness. In his absence John Dilley acted as janitor.

CANVASS COMMITTEE

The members of the Canvass committee of the Mahoning Presbyterian church had a committee meeting following the prayer service in the church, Wednesday evening. At this meeting plans were completed for the every member canvass of church members for subscriptions for the new year beginning April 1. This canvass will be made Sunday afternoon by men of the congregation.

LADIES AID

The members of the Ladies Aid Society of the Madison avenue Christian church had their monthly meeting in the home of Mrs. Walter W. Wald of West Clayton street, Wednesday afternoon. Nineteen members were present. One new member joined the society during the meeting. A business meeting was conducted, after which a social time was enjoyed with social chat and fancy work.

Delicious refreshments were served at a seasonable hour by the associate hostesses, Mrs. Waid, Mrs. Carl Houk and Mrs. J. W. McHattie.

RECOVERING

Doris, little daughter of Mr. and Mrs. J. M. Bevan of W. Clayton street, who has been seriously ill for some time, continues to improve slowly.

MISSIONARY MEETING

Members of the Foreign Missionary society of the Mahoning Methodist church will have their monthly meeting Friday afternoon from 2 until 5 o'clock in the church parlor.

Grescent Theatre tonite—Greta Garbo and Antonio Moreno in "THE TEMPTRESS." It's a sensation—see it.—Adv. 1t.

RETURNS TO CHICAGO

James Riemer has returned to Chicago, Ill., after visiting his parents, Mr. and Mrs. A. C. Riemer of N. Lafayette street.

TEACHERS MEETING

The officers and teachers of the Bible school of the Madison Avenue Christian church had a meeting in the church Wednesday evening which was well attended. During the evening the progress and efficiency of the Bible school was discussed.

A committee was named during the meeting to be in charge of the program for Easter. This committee is composed of Mrs. C. J. Bernhart, Miss Helen Wilson and Mrs. J. B. Bumbaugh.

After the business meeting, as a pleasant surprise two of the ladies, Mrs. C. J. Bernhart and Mrs. J. B. Bumbaugh served delicious refreshments which were enjoyed.

SPECIAL MEETING

A special meeting of the general committee in charge of the union lodge meeting of auxiliaries to railroad brotherhoods will be held Friday afternoon at 1 o'clock at the home of Mrs. A. W. Scott on Chestnut street.

At this meeting plans will be completed for the union meeting, which will be held Thursday, March 17, in the Elks' club. The meeting is an all day event and about 20 auxiliaries will be represented.

Beer Shipment From New Castle Is Said To Figure In Case

(International News Service)

PITTSBURGH, Pa., Mar. 10. — Following a long distance telephone conversation with U. S. District Attorney A. E. Bernsteen at Cleveland, Frederick C. Baird, former prohibition administrator for Western Pennsylvania, today indicated he would not obey a subpoena to appear as a witness there in the Ohio-Pennsylvania beer conspiracy investigation.

It was learned that a subpoena was sent to Baird to testify as to alleged shipments of beer from Scranton and New Castle, Pa., to Canton, Cleveland, Youngstown, Warren and other points, now under investigation by a Federal grand jury in Cleveland.

Following the telephone conversation with Bernsteen, however, Baird announced he had explained the date of the alleged shipments was prior to the time he took office as administrator of Western Pennsylvania, and that told this, Bernsteen had advised him to ignore the subpoena.

FORGOT HER STOMACH!

How foolish to let your stomach dictate your diet. It is possible you could eat lots of things you now deny yourself—have you ever taken a Stuart tablet! Harmless, but the effect is there—distress from indigestion often ended in two minutes.

Do try Stuart's tablets! See how serene they make the stomach; how even one will sweeten the whole system and insure the breath. *A sweet stomach for twenty-five cents.*

Free BOX Now

Get a pocket metal box of Stuart's tablets for a quarter—keep it filled from the big 60c size. Sold in every drugstore, or full box free; write F. A. Stuart Co., Dep't N 61, Marshall, Mich.

Grafton Returns From Convention

Attends Conference At Harrisburg Of Credit Men Of State

Charles W. Grafton, manager of the New Castle Credit Exchange, returned today from Harrisburg, Pa., where he attended the first conference of the Associated Credit Bureaus of Pennsylvania, held on Wednesday.

A. B. Buckeridge, manager of the Pittsburgh Credit Exchange, was elected president of the newly formed organization, James D. Hays, manager of the Harrisburg Credit Exchange, vice president, and J. H. Corn of Altoona, Pa., secretary and treasurer. One value of the new organization will be that each participating unit will have access to the files of the other bureaus. It is planned to hold three meetings a year, the next one to be held in Williamsport, Pa., in June.

Thirty bureaus of the state, including a number from Maryland and West Virginia, are represented. Attending the meeting and assisting in the formation of the state organization are Stephen H. Talkes of Washington, chairman of the credit service exchange bureau of the Retail Credit Men's National Association, and J. R. Hewitt of Baltimore, second vice president of the national association.

Credit Information

The state organization was formed to facilitate the exchange of credit information among the bureaus and to foster the organization of new bureaus. A system of exchange is now maintained by the bureaus and the state organization is expected to add to the effeciency of the system.

Col. Franklin Blackstone of Pittsburgh, director of the national organization and former president, spoke at a luncheon at the Penn-Harris Hotel, spoke on the value of the organization to business men extending credit, as well as the individual who is seeking credit. He urged affiliation with the national association for the extension of the scope of local organizations.

The modern Jack and Jill might go up the hill for a packet of cigarettes, but not for a pail of water.

Never hesitate to tell a woman she's beautiful. She'll believe you rather than her mirror.

Building Strike At Pittsburgh Is Believed Broken

PITTSBURGH, March 10.—The steamfitters union today alone in the strike of building craftsmen of Pittsburgh which for a time tied up $20,000,000 in construction, involving 1,500 men. Members of three other unions which were allied with the steamfitters in their demands for higher wages and revised working hours.

The cement finishers' union is the latest to accept the 1926 wage scale and return to work in Pittsburgh's Golden Triangle, the business district, leaving only the steamfitters at variance with employers on the question of a 1927 wage scale.

Nothing is so easy to hear as your neighbor's troubles.

DR. W. B. CALDWELL AT THE AGE OF 83

A Child's Laxative which Mothers Can Rely On

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity".

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin", Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

Dr. Caldwell's SYRUP PEPSIN
